

# ADMISSION DEFERMENT APPLICATION

**Instructions:** Newly accepted freshman, transfer, or readmitted students who wish to defer their start date to a later semester may do so (without reapplying) by submitting this *Admission Deferment Application* to the Admissions Office. International students and graduate students **may not** use this form. This application is due no later than the first day of classes for the semester the student has been admitted. Deferments are generally granted for up to one year. However, they may be granted for up to two years for those participating in official assignments such as military, church, or humanitarian service. If requesting a deferment for more than one year, the student should include a copy of their official letter of assignment. Submitting a deferment application does not guarantee its approval. Notification of approval or denial will be given by the Admissions Committee. When considering whether or not to approve a deferment request, the Admissions Committee considers the following: 1) Current admission status of the applicant. 2) Admission requirements for the semester the student was admitted. 3) Admission requirements for the semester the student desires to defer. 4) Length of the desired deferment. 5) Purpose of the deferment.
