

Exploring the Interdisciplinary Studies Major

The Interdisciplinary Studies major is designed to allow students to create an individualized degree. Students who think the Interdisciplinary Studies major may be right for them must answer the following questions and submit this worksheet **before** their scheduled appointment.

Name: _____ Student ID: _____

1. How many earned credits do you have on your transcript? _____
2. Have you visited Career Services to explore career development programs? Yes___ No___
3. Have you explored other majors? If so, which majors?

4. Why don't any of the existing majors meet your needs?

5. Which areas of study are you proposing to combine?

6. How will this combination differ from completing an existing major and minor?

7. Explain how these areas of study are logically combined.

8. To what type of career would your proposed program lead?

9. What would you name your major? _____
10. Explain why you feel your proposed program is worthy of a degree.
