Student Evaluation Comments

SPRING 2010

Need more tutors, especially during busy hours. Adjust hours. Closing at 5 p.m. is just too early sometimes.

The tutors are LEGIT!

I only had problems with some students doing homework at solutions table and wouldn't let me look at another solutions book. Tutors were GREAT!!! I am grateful for the Lundstrom

People skills help too.

I like the tutor lab.

Overall good.

The math tutoring has helped me actually understand the math so I can do it on my own. It's very helpful!!

I have none... I really like things the way they are! Thank you!

The math tutors are friendly and resolve many of my questions.

Liz is the best!

Tutor lab is awesome!
:)
All the people in Math tutoring are awesome! They are my buddies and know their math.
:)
The first time you walk in, it is very confusing. (What to do, how it works.) Suggestion: explain the board with 1-15 on it when a new person logs in. (Other wise they'll sit there for 10
I love you guys! You have saved my grade!
Very helpful and patient!
I love the math labs! The tutors are great and very helpful!

Love Palmer. He knew his stuff.

:)

Keep it up!

I really like the math lab, I hope it continues to be available.

Very effective

Longer Stats hours. I always have other classes till noon and so I only have an hour max.
Keep it up! Thank s a lot!
Some need to be careful to pause and think before launching. I've spent a long time with a tutor solving a problem and we got the answer wrong. I know that happens, and it's okay,
Love that stats lab is available.
Go Charizard!
Very helpful-Thanks!
Thanks for the help
I come to the math lab because my teacher doesn't explain it very well and the tutors totally teach and explain it way better. It's a great resource!
