 Well worth my time & travel efforts!
 Very dead the last hour—maybe do it 9-1.

 It seemed very slow.

 Very smooth

Comments:

Stayed at your Inn which was convenient
 Marketplace was awesome.
 I liked the caterer better.
 Food was good but lines were long & unmarked
 Staff was great and all of the accommodations exceeded my expectations. It is a
 good thing I don't work here, I'd be in the marketplace everyday!
 Balloons or a sign would have helped to better locate the parking structure as a
 "definite." Had to make a few U-turns.

Enjoyed the food better than previous years.
Great and easy

Other Comments and Suggestions

Better traffic today than in the ballroom past few years

Thanks for holding this in the lounge area. I would recommend starting at 10 a.m. since some of us have to travel.

Love the location—keep in Sunburst

Thanks for the great grad fair. We would love to return for any future events.

Thanks . . . it was a lot of fun.

Love the location vs. former ballroom location.

Go to an online payment system. It really makes the process much easier. I would also recommend a 4 hour fair as that time frame would have been sufficient.

Maybe cut back fair to 3 or 4 hours. Also, this fair was the same time as WAOLA's (Western Associate of Pre Law Advisers) fair at University of Utah which explains the low law school turnout.

Make sure that there is lots of publicity for the event. Great job on logistics and food for vendors.

It would be helpful to have students fill out a name tag with their year of graduation and major. Also, set-up was great but I would rotate it 90 degrees so those of us in the back can see out to the main hallway. I also think it would for students to get a better view of what is available. Way superior to the Graduate Fair at Westminster College! I would also like to reduce end time from 3:00 pm to 2:00 pm. Students seemed to really decrease in the latter part of the afternoon.

Great job! The location, accommodations, coordination and quality of students I spoke with were excellent.

Balloons, noticeable personnel, and large signs directing to parking location is extremely helpful for the rep who has never been to campus.

Having this in the lounge instead of the ballroom was great—I enjoyed the natural light! Thanks for organizing this.

I think it would be more practical to have USU departments closer to the front of the entrance instead of clear in the back—Also have USU colleges (Business) all grouped together.

You did a wonderful job of placement of the fair itself. Being located in the central location like this pulls students that may not have otherwise wandered through. Very nice!

Excellent Fair. Your staff was very helpful and accommodating. We'll be back.
