

# Graduate School Fair 2007

## Student Evaluation and Entry Form

N=157

### A. Please rate the quality of information gathered by talking to school representatives

Above Average		Average		Poor
5	4	3	2	1

The average score was a 4

### Comments:

- Helped a lot with my questions
- Answered most of my questions but they weren't up on recent changes
- Really nice and willing to help
- Information tech. Was great for USU
- Knowledgeable and friendly (3)
- Information tech. Was great for USU
- I only talked to one but he gave me exactly the info. I wanted
- Some only said, "Just go to our website"
- It is fine, more school would be better
- More will be better
- Some were just sitting and not paying attention
- The PA programs were very helpful
- It was really useful to talk to PHD students rather than a representative
- Good variety (4)
- Purdue was specific and great. Ohio state was vague because he wasn't familiar with my field
- The doctoral students were great
- Some schools were difficult to talk to but others were great
- There wasn't any information in my area (electrical engineering)
- Computer science Reps for Utah were not present
- When I came, nobody for my major was at their tables
- Very helpful and informative (5)
- Well-informed, provided good info
- I found a lot more info then I thought I would
- I spoke with Dr. Samuelson from UoU and he gave me some excellent info.
- I knew most of what they had to say
- Not enough variety
- Good information, informative representatives
- Don't have what I'm looking for
- They explained everything thoroughly
- I wish the USU MBA program had provided more info rather than just the website

- Good salespeople
- I just wanted info from USU grad school programs and they were very helpful
- Great information, learned about programs that I might look into
- UoU was very vague
- Not enough engineering
- The people I talked to were informative and changed my ideas of grad school
- I received excellent advice for planning my education
- Some better than others. UoU Pharm D, not very informative
- No history programs
- Thanks it was very informative
- All of my questions were answered and my interest has certainly been increased through our discussion
- The representatives I visited were very informative
- Some schools didn't have anything
- Good info. Would be great if able to get more universities

**B. What additional Graduate Schools or programs would you like to see invited to future Fairs?**

- Physical therapy
- Psychology (2)
- UoU English or any English programs (2)
- More regional diversity
- Speech Language pathology/COMD (4)
- Tech writers
- UoU division of physical therapy
- Government or political science
- Speech communication programs. George Washington university
- Physics and science
- Asian studies
- Film studies
- More schools from the East and Georgia State (3)
- Texas schools
- Accounting (3)
- Law schools
- Science
- Geology
- UoU psychology
- Landscape architecture, planning, sociology
- University PT program
- UoU school of social work
- BYU school of social work

- Physics and science
- MIT (3)
- Lead university (2)
- More out of state schools, too much USU, UoU, BYU (7)
- Medical schools
- PA programs
- Biomedical science programs
- Maybe a ton of different schools w/only 1 table and they have information on all programs (just an idea)
- GA tech, Cal techs, MIT, Michigan in Aerospace/Aeronautical engr.
- More schools from California or Arizona
- Engineering (3)
- Humanities and social science
- MIT, CALTECH (2)
- California Institute of Technology (2)
- Audiology (2)
- More business
- More English programs- in professional and Technical writing (2)
- Med schools
- More business opportunities, operations mgmt. Less health and chiropractic
- Geography/Social sciences
- Exercise science programs
- Art
- P.T. programs
- Physical education, health education
- Chemistry
- Law and MBA (3)
- Physics and Math
- Psychology and social work
- Religious studies and schools (other than BYU)
- UU PA representative CMU (2)
- pharmacy
- Sociology
- Biology
- Clinical psychology and other human service grad programs. Univ. Denver Psych, UoU psych. UoA Psych
- Music/Language/HASS stuff
- Public Health
- Chiropractic
- University of Maryland, Geography
- Harvard, Princeton
- English

- Biological Bioinformatics
- Top Tier MBA
- International programs
- Schools with MBA programs
- Exercise sciences, physiology, kinesiology
- Marshall school of business
- Business
- Physical education,
- University of Wisconsin
- More from West coast
- University of Washington
- SLP programs
- Stanford, MIT
- Texas A RM
- Georgia Tech, USC, UC boulder
- Berkley, Georgia Tech
- BSU
- Natural resource/ Environmental programs
- Pharmacy
- USU nutrition
- More med schools from the west
- Journalism and speech comm.
- Music and art
- More eastern schools (4)
- Bigger universities
- Nursing
- WICHE
- Interior Design with USU
- Physician assistant
- MSHR at USU
- ASU, Washington (2)
- University of Co systems
- Art therapy, gernotological studies
- Behavioral economics
- more schools in Ag Sci and in the upper north west
- More technical writing programs, Texas tech.
- Representation of the fields
- Dental

**C. How did you hear about the Graduate School Fair?**

Flyer 60

Class Visit 4

Faculty Announcement 26

Other 61

**D. What other suggestions do you have for improving the Graduate School Fair?**

- More physical therapy
- More time to view, longer hours
- More schools, longer hours
- Recruit more schools
- More out of state programs/schools (3)
- Have a few more science related opportunities
- Layout of what colleges in the universities include
- Colorado schools
- The USU grad booths were often empty with no one to talk to
- Smarter people
- More majors in the specific universities
- More programs, schools (7)
- Invite graduate students
- Electrical Engineering digital emphasis representatives
- More people to trade places so I have someone to talk to
- More schools for English majors in all the fields
- More diversity
- Group similar programs from similar schools together (2)
- More free stuff (2)
- more publicized
- Eastern schools (3)
- More general info. Regarding graduate school
- More options of prizes besides pop
- More various fields
- Hard to find reps because of lunch
- More candy
- Have schools talk about more than one program
- More advertising (in the fine arts)
- Maybe more variety of programs(2)
- Put similar schools together - medical, business, etc.
- Time in the evening
- More schools represented (2)
- None - Quite informative
- Doing great
