Constant stream of students during the entire fair!
 More students came later in the day. You might consider a later time span for the fair.
 I like how you set up the tables, mixing the schools up helps!
 I kept tally - about 20 students stopped and talked
 Great students - we found wonderful prospects here
 There were not a whole lot of students
 Very good
 I am rarely consistently busy at college grad fairs, but I was here. Good promo effort!

Many didn't stop
 Asked thoughtful questions. Very appropriate.
 Good students with informed questions

Easy to register - thanks!
 I would have loved an email map ahead of time. Maybe I missed it?
 It would be great if we could've paid online
 Great Communication!
 Excellent Directions
 Very easy
 Loved the one stop site 4 all fairs and also the early announcement for it
 Not handled specifically by me

Food was great. Parking was a little difficult to understand.
 Food - 5+ very good idea to use the cafeteria
 A fruit or yogurt option at breakfast would be nice. Too much bread.
 Really impressed w/ accommodations!
 Were orange cones in parking terrace for us? I didn't know and drove up to the 4th level and pulled my wheeled crate down... Couldn't find an elevator in parking terrace.
 Great Lunch!
 5 for parking, 4 for food. Appreciated the helpful staff @ parking garage
 The event was very well organized. Good food - definitely above average! Like the name tags.
 Your staff is incredible - you thought of Everything! (we had Three people offer to help us clean up!)

Great! A water bottle for each table would be nice.

Staff was very helpful @ parking lot & walking us to the building & with our bags. Great service!

Good signage. Great food arrangement Bravo to planners!

Other Comments and Suggestions:

Better directions/signs for finding Taggart & location of fair within. Location of table great, admins/students great, table setup great.

best so far this week. Thanks!

Perhaps, in the future, having Profession Specific fairs would help foot traffic

Have hot water for tea or cocoa @ breakfast

Great directions, thanks for admitting us to the Student Mess Hall instead of Box lunches, very well prepared and organized

Food and parking were good. But it was hard to find the building for a new comer. Some signs with balloons off of the main road would be helpful.

The food was nice, but the ability to grab food and come back to my table would be great. Thanks!

Combine registration process for all 5 schools. The power is very disjointed and partially organized.

Please provide specific instructions for directions to the parking garage and that a vehicle can enter without a pass. There needs to be information stating that someone is in the garage to meet recruiters and assist them with their materials - usually an event wants one sign from the garage to the event. you might consider more signs and making them in color or have specific colored balloons to draw attention to them.

Thanks!

Great coffee. Please start @ 10:00. There's no traffic at 9:30. Need recycling bins for all that plastic. Need garbage cans in hall. Move to International Lounge for better visibility and more traffic.

Needed a few more student volunteers in parking area and outside TSC with signs, vests, balloons, something to give directions. 8:30-9:30 am & greet. Ask your USU people about Weber's welcoming committee. Wonderful! (If any attended) Will you email all of us and tell us how many total students attended today? Thank you!

Awesome job!

Having the graduate fair from 11-4 would be more productive I think

N/A Thanks

Would later afternoon hours work better?

Student traffic was Extremely slow in the morning. Perhaps fair can start a little later, 10am?

Recommend allowing recruiters to bring food back to their table. There is only one of me; I hate to be away from the table for more than 10 min.

Some signs directing us where to go when driving around campus would be very helpful!

better guidance from the parking garage to the fair location. I got lost!

Registration was very helpful getting us registered, even though he was late.

Nothing could be improved upon - Thank you, thank you, thank you!!!

Very organized! Great to have help with loading and unloading. Reps from USU that were assisting w/ the fair were wonderful.

Very good fair and location! Thank you for a great fair!

Perhaps parking signs a little earlier down the road.

I'll be back!

In general, traffic @ all fairs this week has been slow.

Great fair! We appreciated not having all of the BYU programs grouped together.
