About This Degree

The goal of the Spanish program at USU is to prepare students for advanced studies in Spanish language, literature, and culture. Spanish majors at USU take extensive language courses where they develop speaking, listening, reading, and writing skills. Students also take courses in Spanish and Latin American history and literature, giving them the opportunity to broaden their education.

Students have access to their knowledge, as well as a language lab and many tutors to help them through their upper-division classes and prepare for a number of exciting careers in government, education, travel, and foreign affairs.
