Overview

About This Degree

Welding students have two degree options in which to choose:

Students can obtain a one year Certificate of Completion in Welding Technology in preparation to enter the job market as a skilled welder. Proficient students are able to obtain welder certifications for SMAW, GMAW, FCAW, and GTAW to AWS code requirements.

The second option is to pursue an Associate of Applied Science degree in Welding Technology.

Career Options

Students who complete the Welding program are prepared to work as a Welder in the following:

- Manufacturing
- Construction
- Mining
- Sales
- Welding Inspection
