STATEWIDE MASTER PLANNING

As a public land-grant university, Utah State University is committed to expanding and enhancing the educational opportunities of the citizens of Utah. With statewide campuses, Education Centers and multiple education sites in all of Utah's 29 counties, higher education is now more accessible than ever before. These campuses and centers support and facilitate the delivery of quality courses and degree programs to students throughout Utah. Current USU master planning has set the following goals to accommodate immediate as well as long range growth throughout the state:

- Accommodate anticipated increases in enrollment
- Sustain student residency at USU Eastern
- Preserve USU land-grant legacy
- Create and maintain compact, walk-able academic cores
- Strengthen the image of USU
- Enhance compatibility within communities
- Maintain consistent spatial patterns and density
- Efficient and safe pedestrian and vehicular circulation

The mission of USU statewide campuses is to provide opportunities for professional and vocational learning, as well as lifelong enrichment through participation in social and cultural programs. These programs enable people of all ages and circumstances to enrich their lives and increase their knowledge without disrupting their employment or life style. Programs offered range from associate to doctoral level, including endorsements and certificates. As student enrollment increases, future planning will continue to address the needs of these facilities.
