USU Facilities is pleased to announce Scott Jaggi as the employee of the month for July 2017. Scott has worked for Facilities since 1993. He began in the Finishes/Flooring department, then moved to Receiving, then to Surplus, and is now the Finishes Shop Foreman. Before coming to Facilities, Scott worked for 15 years as a vendor for snacks and soft drinks.

Dave Petersen, Director of Operations & Maintenance, has said, “Scott is one of our best Foremen. He is one of the first ones to arrive in the morning and is always punctual in leading his crew. He does a great job in his shop and deals with a variety of issues quickly and professionally. Managing a group of people can be a challenge. Scott recognizes this and manages his shop really well.

Scott recently had a surplus budget, but didn’t want to spend just for the sake of spending. He wanted to purchase something that would really benefit his shop and accomplish what needs to be accomplished. He spent a lot of time looking into a motorized paint sprayer which mounts to a golf cart and uses a laser in order to paint perfectly straight lines on the football field. This has been a great purchase and will eventually pay for itself.

Scott continually has great communication skills with his shop employees, his co-workers and customers. He is the one who has to have the difficult conversations with customers as to when carpet can be replaced and painting can be redone. This can be a touchy thing, but Scott has a great way of explaining these issues to his customers. He is such an asset to USU.”

Scott was born and raised in Logan, UT and is a graduate of Logan High. Scott’s parents have passed on, but he has two brothers who live in Cache Valley. Scott and his wife, Lael, live in Mendon, UT, have eight children between them and, soon to be, 27 grandchildren!

In his spare time, Scott is a member of a local band, “Wasatch Back”, where he sings and plays lead guitar. He and Lael are also avid Pickleball players and love spending their free time together. Scott and Lael are very family oriented and are constantly doing activities together with their children and grandchildren.

Congratulations to Scott on this well-deserved recognition. We are so grateful to Scott for all he does, not only for the Facilities Organization, but for Utah State University as a whole.
**Winning Spirit Award:** Brannon Zollinger is very knowledgeable in her position and people continually go to her for help in resolving problems. Germain Costa is a recent hire in the Facilities Business Services department and Brannon has really taken him under her wing and has trained and guided him with kindness, patience and encouragement. Germain is doing his job effectively because of Brannon’s example and support. Brannon’s work ethic is invaluable in her department and she is able to gain peoples trust. She is a hard worker and, at the same time, kind and respectful to everyone she associates with. Congratulations to Brannon on this well-deserved recognition.

**Dear Facilities,**

I wanted to pass along a huge thank you and kudos from LAEP to Colton Broadhead and his Moving Crew! They got pulled into a major clean up in order to help us get reading for painting this week; they totally saved the day. In some very hot weather, they were willing to do whatever was asked, hauling away many heavy and large items. Colton and his crew are always accommodating and do a fantastic job. Please share our thanks with Colton and his Supervisor.

Thanks!
Mary Ann Anderson, LAEP

---

Thank you for your years of service to USU Facilities! You will be missed!

- Chris Jensen – Water Quality (22 years)

Be careful out there!
Fireworks were involved in an estimated 11,900 injuries treated in US hospital emergency rooms in 2015. About 16 percent, or 1,300 of those injuries, were to the eyes. There were 11 fireworks-related deaths in 2015.

**Fireworks Safety:**
- Don’t use M-class fireworks (M-80s, M-100, and M-250s)
- Never allow young children to handle fireworks
- Wear Protective eyewear
- Never light fireworks indoors
- Stay away from people, houses, and flammable material
- Only light one at a time and maintain a safe distance
- Never ignite devices in a container
- Do not try to re-light or handle malfunctioning fireworks
- Soak fireworks in water for a few hours before discarding
- Keep a bucket of water nearby to fully extinguish fireworks that don’t go off, or in case of fire

**NATIONAL LASAGNA DAY**
**SATURDAY, JULY 29**

**Quarterly Spotlight: USU Regional Campuses:** Are you an employee of USU facilities here on the Logan Campus? Do you dream of visiting far off exotic locations throughout our great state? Well then our very own USU Regional Campus system may be calling your name. The Logan Facilities team has a great relationship providing service and support to an untold number of regional campuses located throughout the state. You could find yourself moving furniture from Brigham to Delta (thanks Colton Broadhead), replacing a fire panel in Park City (Chris Olsen), traveling to Vernal to complete a week-long lighting upgrade (Jed Waldron and his hourly crew), or troubleshooting a pesky VAV in Tooele (Tim Petersen). The list goes on and on with our Regional Campuses benefitting from the years of experience and expertise located here in Logan. Utah State University extends well beyond our Logan Campus, providing access to higher education to individuals who will never visit Logan, yet are Aggie’s to the core. The location may be remote, but Aggie Blue runs deep in the regional campuses of our great state. Thanks to our very own John Chase, the RCDE (Regional Campus Distance Education) Manager, and all those he works with to ensure that all is running smoothly throughout the state of Utah.
HAPPY BIRTHDAY TO YOU!
