P & T Committee Participation by Alternative Methods
Gary Straquadine presented a policy issue regarding the tenure advisory committee meeting that is held annually with candidates. The question is what do we mean by the word “meet”? The best practice is for all members to meet together at the same time and place. However, sometimes people are on sabbatical, away from campus on an extended assignment, or have an emergency. The question is how are these situations to be handled? There is a need for more concise language, and discussions are underway with PRPC.
