The General Education Subcommittee reserves the right to review the syllabi and instructors of all USU courses, and all courses used for Breadth and Depth in the University Studies Program, under the following circumstances:

1. Whenever a new person is assigned to teach the course.
2. Whenever there is a significant change in the course content.
3. Whenever the course has not been taught for at least three years.
4. At five year intervals.
5. Whenever the course evaluations are low enough that there is cause for concern.

The review will determine if the syllabus of the course meets the expectations of the University Studies Program. The Subcommittee will offer an opportunity for the course to be revised as needed to meet expectation; failing that, it has the authority to remove a course or an instructor from University Studies offerings if expectations are not met.
