FACULTY SENATE EXECUTIVE COMMITTEE
22 January 2008, 3:00 p.m.
Champ Hall Conference Room

Agenda

3:00 Call to Order ........................................................................................................................................... Doug Ramsey
   Approval of Minutes of December 10, 2007

3:01 Announcements ....................................................................................................................................... Doug Ramsey
   1. Next Brown Bag Lunch with the President is February 11

3:05 University Business ................................................................................................................................. Ray Coward

3:15 Information Items
   1. EPC Report .............................................................................................................................................. Richard Cutler

3:25 Old Business
   1. LEED Resolution .................................................................................................................................... Doug Ramsey

3:35 New Business
   1. Faculty Parental Options ...................................................................................................................... Ronda Callister
   2. Proposed Code Change
      Procedures Specific to the Tenure Process 405.7.2 ............................................................................. Adrie Roberts

3:55 Key Issues and Action Items
   1. PRPC Items ............................................................................................................................................. Britt Fagerheim
      a. Reasons for Non-Renewal 407.7.2 (2nd reading)
      b. Membership; Alternates; Term; Vacancies 402.3 (1st reading)

4:15 Adjournment
Doug Ramsey called the meeting to order at 3:00 p.m.

Approval of Minutes of November 19, 2007

Mike Parent motioned to approve the November 19, 2007 minutes. Flora Shrode seconded the motion; motion passed with one abstention.

Announcements - Doug Ramsey

1. There were no announcements.

University Business

1. President Albrecht shared some legislative issues coming up in the next few weeks including the governor’s release of his budget just this morning. At this very early stage, the compensation package is about 4% plus an increase in health benefits. The governor also recommends $12 million for university faculty retention and merit. The governor is pretty much where the Regents were with mandated costs with only one exception – the governor has zeroed out the requested increase in operating costs. Most of the student financial aid packages that was requested the Regents are included in the governor’s budget. The $17.5 million Institutional Priorities budget requested by the Regents was reduced to $4 million, which does not leave much for our $3 million request. We will have to do the same as last year and run some separate bills. The governor also zeroed out the statewide infrastructure priorities, which includes the academic library consortium. The governor’s requested budget for higher education ended up being $66 million of new funding, not including the part of the compensation package that would support our health benefits. There are no buildings included in the budget for higher education.

About the series of legislative fiscal audits conducted over the course of the summer, one dealt with our vacant pool, one with lapsed balances, and the last with the liability created by our early retirement option. Concerning the vacant position pool, the president stated that we are addressing those issues brought forth in the audit in time before the legislative session begins so the legislators do not feel they need to pass a bill that would direct us in how to deal with our vacant position pool.

Information Items

1. Council on Teacher Education – Chair Francine Johnson presented the University Council on Teacher Education Report for Academic Year 2006-2007. Approved program changes included the School Psychology program now offering an Educational Specialist degree (EdS) rather than an MS. She explained there is concern regarding the possible elimination of future teacher education programs at USU because teacher education enrollments are not historically high when you compare them to other programs that a department may have. This concern will be brought to the Deans Council because there is a critical shortage of teachers upcoming.

John Kras motioned to place the Council on Teacher Education Report on the Consent Agenda item of the January 7, 2008 Faculty Senate meeting. Mike Parent seconded the motion; motion carried unanimously.

2. Retention and FYE Report – Noelle Call, director of the Office of Retention and First-Year Experience, presented some of the new programs implemented this last year. One is the Early Alert Program where faculty can e-mail the retention office if there is a concern and they will in turn alert the student about his/her academic progress. These students will be tracked to see if the retention office has made any difference as they start some longitudinal studies with this. They encourage more faculty to participate in this program. Noelle will try to disseminate the program’s information by sending it out to all faculty.

The Office of Retention and First-Year Experience at USU experience collaborates extensively with a myriad of departments, offices, and individuals from across the university to identify and implement programs and initiatives meant to enhance the capacity of the institution to contribute to student success and mitigate student attrition.

Enrollment is up and, subsequently, so are the numbers of students entering Connections, participating in SOAR, and also the number of parents attending orientation on campus.
Noelle Call also distributed the list of books to be reviewed for prospective selection for the 2008 Common Literature Experience. Any of the books can be picked up at the Office of Retention and First-Year Experience in TSC 314. They will make their selection in January.

John Kras motioned to place the Retention and FYE Report on the Consent Agenda item of the January 7, 2008 Faculty Senate meeting. Mike Parent seconded the motion; motion carried unanimously.

Provost Coward added that the Deans Council has adopted a schedule of retreats held in August so they will not conflict with the Connections in Fall of 2008. Connections will be August 20-23.

3. Scholarship Advisory Board – Patti Kohler, new scholarship counselor, was present to give the report. Undergraduate scholarship awards are given out by the Admissions office according to legislative mandates and university policy. College and departmental scholarships are awarded at the college/departmental level form college cash accounts or endowments. The total amount given out to USU students in 06-07 was above $25 million, up from the previous year, due to enrollment and tuition being up, which positively affects the waiver fund. Athletic scholarships are in the Athletic budget separate from the Admissions budget.

Provost Coward stated that waivers are not just ‘funny money’, that at USU the money does have to come from somewhere to pay the waiver and it comes from our discretionary money. He also stated that athletic scholarships are in the Athletic budget separate from the Admissions budget.

John Kras motioned to place the Scholarship Advisory Board Report on the Consent Agenda item of the January 7, 2008 Faculty Senate meeting. Steve Burr seconded the motion; motion carried unanimously.

Key Issues and Action Items
1. BFW Items – Conflict of Interest Recommendations - Jenny Norton, chair, was charged to review the Conflict of Interest policy, particularly as it relates to the choice of textbooks and the adoption of textbooks in classes where the instruction chooses his/her own textbooks and financially benefits from that choice. There is a $500 limit that appears in the Conflict of Interest disclosure form, but not in the policy. BFW considered many issues while looking at this policy and among their recommendations are that any substantial changes should go through the Faculty Senate and that if this $500 was going to be a strict limit, then that should be added to the policy.

Bryon Burnham motioned to place the BFW this on the Key Issues and Action Items agenda of the January 7, 2008 Faculty Senate meeting. Jake Gunther seconded the motion; motion carried unanimously. Mike Parent then moved to reconsider this motion. John Kras seconded the motion; motion passed unanimously. Mike Parent then moved to place the four recommendations by BFW on the Consent Agenda. John Kras seconded this motion; motion passed unanimously.

Old Business
1. Course Evaluation Form – Mike Lyons, chair of Faculty Evaluation Committee, gave background on this form back to going back to when Janis Boetinger was Senate President. Survey of the faculty resulted in widespread dissatisfaction in the current process. The FEC committee looked at faculty responses to the survey and the majority favored reducing the form down to include one question on the quality of instruction, which would be quantitative and open-ended questions on what students liked or disliked about the course. The committee next decided to survey the administration and determined that most of the administration looks only at the summary questions. The committee drew up a new evaluation form simplifying the questions and did a pilot test in about six courses in summer of 2006. Both forms were used in this study and found very little difference in the results. Most students didn’t care but for those who did prefer the shorter form. Nothing was done last year but Mike recommends to the Senate this shortened form with one or two changes in regard to the letter grades. This has never been formally addressed in the Senate and the executive committee asked Mike Lyons to take this back to his committee for renewed consideration.

2. LEEDS Certification – John Kras motioned to place a resolution on the agenda of the January 7, 2007 agenda under Old Business. Mike Parent seconded the motion; motion passed unanimously.

New Business
1. Ombudsperson Code Review – Mike Parent brought forward from his college proposed word change in the Ombudsperson code. John Kras motioned to place this on the Faculty Senate agenda. Ed Heath seconded the motion; motion passed unanimously.

2. Faculty Forum Attendance – Doug Ramsey asked for ideas for improving Faculty Senate attendance. Suggestion were to send out flyers and to get real hot topic items, maybe get questions ahead of time and include the Faculty Senate in planning the forum.
3. **Salary Compression** – Doug Ramsey asked for suggestions on what we can do with this. Provost Coward stated that the department heads council voted to have an open discussion on this issue in February. They have started pulling the data by college. This has also been put on the Deans Council Retreat agenda in January. He said not all compression is wrong. It has to get down to the individual case. The university has also commissioned a national study on compression with a national consortium called the Leadership Council that we are part of. Provost Coward will address this to the Senate under University Business at the January meeting to update them on what is currently taking place with this issue.

**Adjournment**
Doug Ramsey asked for adjournment. The meeting adjourned at 5:05 p.m.

Minutes Submitted by: Andi McCabe, Faculty Senate Executive Secretary, 797-1166
The Educational Policy Committee (EPC) met on December 6, 2007 and January 10, 2008. This document contains a summary of key actions of the committee. Complete minutes of each of these meetings may be viewed on the Educational Policies Committee Website: http://www.usu.edu/fsenate/epc/index.html.

The Educational Policies Committee recommends approval of the following actions approved by the EPC in its December 6 and January 10 meetings:

**Change in General Education Requirements.** A recent internal review revealed that Utah State University General Education Requirements are out of compliance with the Utah State Board of Regents policy R470.3.1. The Board of Regents policy specifies that “the number of credits required in General Education for each institution shall range from at least 30 to 39 credits…” Presently Utah State University general education requirements mandate 27-31 credits. The Educational Policy Committee therefore recommends that students be required to take one additional 3-hour course outside their major from the list of designated General Education courses. This policy change will bring USU in compliance with Board of Regents Policy, while not extending the total number of courses required for graduation in highly structured majors such as those in the Sciences, Music and Engineering. A revised USU Catalog proof of General Education Requirements is attached (see attachment).

**Recommendation to Establish a Master Degree of Music.** The Department of Music seeks authorization to offer a Master of Music (MM) with an emphasis in Piano Performance and pedagogy, effective Fall Semester 2008. This proposal was reviewed and approved by the Educational Policies Committee (see attachment).

**Recommendation to Suspend Enrollment in the graduate Certificate Program in Natural Resource and Environmental Policy.** This proposal (see attachment), prepared by the College of Natural Resources and the College of Humanities, Arts and Social Sciences proposes suspension of enrollment for the Certificate Program in Natural Resource and Environmental Policy due to low student enrollment. Upon receiving the recommendation, the EPC scheduled a public hearing for its December 6, 2007 meeting. Following the public hearing, the EPC voted in favor of the suspension. Therefore, the Educational Policies Committee recommends to the Faculty Senate that enrollment in the Certificate Program in Natural Resource and Environmental Policy be suspended. Students presently enrolled in the certificate program will be allowed to complete and receive the certificate.

**Recommendation to Establish the School of Teacher Education and Leadership.** The Educational Policies Committee voted to support a proposal from the College of Education and Human Services to reorganize its departments of Elementary Education and Secondary Education and form the School of Teacher Education and Leadership (TEAL). See attached proposal and organization chart.
Course Approvals. Numerous courses were approved for delivery. These may be reviewed in the minutes of the Educational Policies Committee for December 1, 2007 and January 6, 2008. The minutes may be found at the following link: http://www.usu.edu/fsenate/epc/index.html.

Changes in the Curriculum Subcommittee Handbook. The Curriculum Subcommittee Handbook provides guidelines to departments and colleges guiding proposals for changes in curricular programs and courses. Two minor changes in the handbook were proposed and approved. First, the Curriculum Subcommittee proposed that the Curriculum Subcommittee Handbook be revised to clarify guidelines for multiple listed courses: “Multiple listed courses must have the same credit hours, prerequisites, titles and course descriptions.” Second, the Curriculum Subcommittee proposed the following guidelines for changes in abbreviated course titles to be printed on student transcripts: “Curriculum Subcommittee approval is not needed for changing the course title on the transcript when the full title is not being changed. Requests for changes in transcript title only should be communicated directly to the Registrar’s Office.”

The next meeting of the Educational Policies Committee will be February 7, 2008 at 3:00 p.m. in the Champ Hall Conference Room.
The General Education program, along with study in the major, is designed to assist students in achieving the Citizen Scholar Objectives (see page 53).

Transfer Students

Students who have received an AA or AS degree at any institution within the Utah System of Higher Education, or at another institution with which USU has an articulation agreement, will be considered to have fulfilled the General Education Requirements, but must still complete the University Studies Depth Education Requirements.

Students who transfer to Utah State University with less than an Associate Degree (and have not completed General Education requirements) or with an Associate of Applied Science Degree will have their General Education courses evaluated on a course-by-course basis and may be required to take any additional courses necessary to satisfy the General Education requirements at Utah State University. However, if these students have taken equivalent General Education courses at the sending institution, these courses will be accepted toward satisfying General Education requirements at Utah State University.

Courses approved as fulfilling General Education requirements at a Utah System of Higher Education (USHE) institution will be acceptable to Utah State University as satisfying comparable General Education requirements. Coursework acceptability at other institutions will be determined by the student's major department at Utah State University.

General Education Requirements (30-34 credits)

USU's General Education program consists of two sets of requirements: Competency and Breadth.

Competency Requirements (9-10 credits)

The Citizen Scholar Objectives (see page 53) propose that students should be able to communicate effectively, utilize quantitative methods, make appropriate use of technology, and function effectively in groups. The competency requirements are structured to develop these skills.

Communications Literacy (CL1 and CL2) (6 credits)

ENGL 1010 (CL1) Introduction to Writing: Academic Prose .............. 3

Or one of the following exams:
ACT English Test: Score of 29 or higher
SAT Verbal Test: Score of 640 or higher
AP English Language Test: Score of 3 or higher
CLEP English Composition Test: Score of 50 or higher
CLEP Freshman College Composition Test: Score of 53 or higher
IBO English A1 Test: Score of 5 (satisfies both CL1 and CL2)

And
ENGL 2010 (CL2) Intermediate Writing: Research Writing in a Persuasive Mode ................................................................. 3

Or the following exam:
IBO English A1 Test: Score of 5 (satisfies both CL1 and CL2)

Quantitative Literacy (QL) (3-4 credits)

One of the following courses:
MATH 1030 (QL) Quantitative Reasoning .................... 3
MATH 1050 (QL) College Algebra ................................. 4
STAT 1040 (QL) Introduction to Statistics .................... 3

Or
One Mathematics or Statistics course requiring MATH 1050 as a prerequisite, such as MATH 1100, 1210, 1220; or STAT 2300

Or one of the following exams:
ACT Math Test: Score of 25 or higher
SAT Math Test: Score of 580 or higher
AP Calculus AB Test: Score of 3 or higher
AP Calculus BC Test: Score of 3 or higher
CLEP Calculus Test: Score of 50 or higher
CLEP College Algebra Test: Score of 50 or higher
IBO Mathematics Test: Score of 5

Computer and Information Literacy (CIL) (0 credits)

Students must pass competency exams in computer and information literacy. Communications Literacy, Quantitative Literacy, and Breadth courses associated with General Education are intended to further develop these skills.

The Computer and Information Literacy requirement includes six exams:
1. Information Law and Ethics
2. Information Resources
3. Document Processing
4. Operating Systems
5. Spreadsheets
6. Electronic Presentations

Students must score 70 percent or higher on each exam to pass. A student has met the requirement only after he or she has passed all six examinations. There is no college credit associated with this requirement. While some college credit classes teach the required skills for the CIL exams, simply passing any class does not meet the requirement. Only by passing all of the six CIL tests is the CIL requirement met. It is strongly suggested that students complete the CIL requirement during their freshman year.

There is a $30 fee associated with this exam. There is no limit to the number of times a student can take each test. Once a test is passed, a student may not retake that test. After all tests are passed and the fee is paid, the CIL requirement will be posted to the student's transcript.

To learn more about the CIL requirement, visit the following website:
http://cil.usu.edu

Breadth Requirements (18-20 credits)

General Education breadth requirements are intended to introduce students to the nature, history, and methods of different disciplines; and to help students understand the cultural, historical, and natural contexts shaping the human experience. Breadth courses also focus on the important cultural, socio-economic, scientific, and technological issues of today's global community.
General Education Requirements

Students must take a minimum of 18 total credits, including at least one course from each of the six categories shown below.

At least two of the six breadth courses must be University Studies courses (USU 1300, 1320, 1330, 1340, 1350, and 1360). Students enrolled in the Honors Program may substitute HONR 1300H, 1320H, 1330H, 1340H, 1350H, and 1360H for USU 1300, 1320, 1330, 1340, 1350, and 1360.

Prerequisites are required for breadth courses having titles followed by (prereq.). For details, see course listings in the Course Descriptions section of this catalog.

Breadth American Institutions (BAI) (3 credits)

One of the following courses:
USU 1300 (BAI) U.S. Institutions .......................................................... 3
ECON 1500 (BAI) Introduction to Economic Institutions, History, and Principles .......................................................... 3
HIST 1700 (BAI) American Civilization................................................ 3
HIST 2700 (BAI) United States to 1877................................................ 3
HIST 2710 (BAI) United States 1877-1945........................................... 3
HONR 1300H (BAI) U.S. Institutions.................................................... 3
POLS 1100 (BAI) United States Government and Politics.................... 3

Or one of the following exams:
AP Macroeconomics Test: Score of 3 or higher
AP U.S. Government and Politics Test: Score of 3 or higher
AP U.S. History Test: Score of 3 or higher
CLEP American Government Test: Score of 60 or higher
CLEP History of the U.S. I: Early to 1877 Test: Score of 50 or higher
CLEP History of the U.S. II: 1865 to Present Test: Score of 50 or higher
CLEP Principles of Macroeconomics Test: Score of 53 or higher
IBO History—United States Test: Score of 5

Breadth Creative Arts (BCA) (3 credits)

One of the following courses:
USU 1330 (BCA) Civilization: Creative Arts....................................... 3
ART 1010 (BCA) Exploring Art............................................................ 3
(formerly ART 1100 BCA)
HONR 1330H (BCA) Civilization: Creative Arts.................................... 3
ID 1750 (BCA) Design in Everyday Living........................................... 3
ID 1790 (BCA) Interior Design Theory................................................ 3
LAEP 1030 (BCA) Introduction to Landscape Architecture.................. 3
MUSC 1010 (BCA) Introduction to Music............................................. 3
MUSC 1100 (BCA) Fundamentals of Music........................................... 3
(formerly MUSC 1020 BCA)
THEA 1012 (BCA) Understanding Theatre......................................... 3
(formerly THEA 1010 BCA)
THEA 1023 (BCA) Introduction to Film.............................................. 3
(formed THEA 1020 BCA)

Or one of the following exams:
AP Music Theory Test: Score of 3 or higher
AP Studio Art: Drawing: Score of 3 or higher
AP Studio Art: 2-D Design: Score of 3 or higher
AP Studio Art: 3-D Design: Score of 3 or higher
IBO Theatre Arts Test: Score of 5

Breadth Humanities (BHU) (3 credits)

One of the following courses:
USU 1320 (BHU) Civilization: Humanities........................................ 3
ANTH 2210 (BHU) Introduction to Folklore........................................ 3
(formerly ANTH 1710 BHU)
ARTH 2710 (BHU) Survey of Western Art: Prehistoric to Medieval....... 3
(formed ART 2710 BHU)
ARTH 2720 (BHU) Survey of Western Art: Renaissance to Post-Modern... 3
(formed ART 2720 BHU)
ENGL 2200 (BHU) Understanding Literature.................................... 3
(formed ENGL 1030 BHU)
ENGL 2210 (BHU) Introduction to Folklore....................................... 3
(formed ENGL 1710 BHU)
ENGL 2300 (BHU) Introduction to Shakespeare.................................... 3
(formed ENGL 2030 BHU)
ENGL 2630 (BHU) Survey of American Culture.................................. 3
HIST 1060 (BHU) Introduction to Islamic Civilization.......................... 3
HIST 1100 (BHU) Foundations of Western Civilization: Ancient and Medieval .................................................. 3
(formed HIST 1040 BHU)
HIST 1110 (BHU) Foundations of Western Civilization: Modern.......... 3
(formed HIST 1050 BHU)
HIST 1500 (BHU) Cultural and Economic Exchange in the Pre-Nineteenth Century World .................................................. 3
(formed HIST 1020 BHU)
HIST 1510 (BHU) The Modern World.................................................. 3
(formed HIST 1030 BHU)
HIST 2210 (BHU) Introduction to Folklore......................................... 3
(formed HIST 1710 BHU)
HONR 1320H (BHU) Civilization: Humanities................................... 3
PHIL 1000 (BHU) Introduction to Philosophy..................................... 3
(formed PHIL 1010 BHU)
PHIL 1120 (BHU) Social Ethics......................................................... 3
(formed PHIL 2500 BHU)
PHIL 1200 (BHU) Practical Logic.................................................... 3
PHIL 2400 (BHU) Ethics................................................................. 3
THEA 1030 (BHU) Exploring Performance Through Aesthetic Texts.... 3

Or one of the following exams:
AP Art History Test: Score of 3 or higher
AP English Literature Test: Score of 3 or higher
AP European History Test: Score of 3 or higher
AP World History Test: Score of 3 or higher
CLEP Analyzing and Interpreting Literature Test: Score of 52 or higher
CLEP Western Civilization I: Ancient to 1648 Test: Score of 50 or higher
IBO History—European Test: Score of 5
IBO History of the Americas Test: Score of 5
IBO History of the Islamic World Test: Score of 5
IBO Philosophy Test: Score of 5

Breadth Life Sciences (BLS) (3-4 credits)

One of the following courses:
USU 1350 (BLS) Integrated Life Science........................................... 3
ANTH 1020 (BLS) Biological Anthropology........................................ 3
BIOL 1010 (BLS) Biology and the Citizen........................................... 3
BIOL 1300 (BLS) Of Maggots, Mites, and Men................................. 3
General Education Requirements

Breadth Physical Sciences (BPS) (3-4 credits)

One of the following courses:

- USU 1360 (BPS) Integrated Physical Science
- CHEM 1010 (BPS) Introduction to Chemistry
- CHEM 1110 (BPS) General Chemistry I
- CHEM 1120 (BPS) General Chemistry II
- CHEM 1220 (BPS) Principles of Chemistry I
- CLIM 2000 (BPS) The Atmosphere and Weather
- CS 1030 (BPS) Foundations of Computer Science
- CS 1060 (BPS) Cyber Security: Threats, Analysis, and Defense
- GEO 1060 (BPS) Introduction to Environmental Geoscience
- GEO 1110 (BPS) The Dynamic Earth: Physical Geology
- GEOG 1000 (BPS) Physical Geography
- GEOG 1300 (BPS) Ecological Systems
- PHYS 1020 (BPS) Energy
- PHYS 1040 (BPS) Introductory Astronomy
- PHYS 1080 (BPS) Intelligent Life in the Universe
- PHYS 1100 (BPS) Great Ideas in Physics
- PHYS 1200 (BPS) Introduction to Physics by Hands-on Exploration
- PHYS 1800 (BPS) Physics of Technology
- PHYS 2120 (BPS) The Physics of Living Systems II
- PHYS 2220 (BPS/QI) General Physics—Science and Engineering II
- SOIL 2000 (BPS) Soils, Waters, and the Environment

Or one of the following exams:

- AP Biology Test: Score of 3 or higher
- AP Environmental Science Test: Score of 3 or higher
- CLEP Biology Test: Score of 50 or higher
- IBO Biology Test: Score of 5

Breadth Social Sciences (BSS) (3 credits)

One of the following courses:

- IBO Social Anthropology Test: Score of 5
- IBO Psychology Test: Score of 5
- IBO Geography Test: Score of 5
- IBO Physics Test: Score of 5

Or one of the following exams:

- AP Psychology Test: Score of 3 or higher
- AP Microeconomics Test: Score of 3 or higher
- AP Human Geography Test: Score of 3 or higher
- DSST Astronomy Test: Score of 48 or higher
- DSST Introduction to Computing Test: Score of 50 or higher
- DSST Principles of Physical Science I Test: Score of 47 or higher
- IBO Applied Chemistry Test: Score of 5
- IBO General Chemistry Test: Score of 5
- IBO Geography Test: Score of 5
- IBO Physics Test: Score of 5

Exploration Requirement (3-4 credits)

Choose an additional class from one of the following General Education categories: QL, BAI, BCA, BHU, BLS, BPS, or BSS.
Designation of Courses that Satisfy General Education Requirements

All courses approved for the General Education Requirements are clearly designated in this catalog and in the current Schedule of Classes. The designations used for General Education courses are as follows:

Competency Courses
- Communications Literacy, CL1 and CL2
- Quantitative Literacy, QL

Breadth Courses
- American Institutions, BAI
- Creative Arts, BCA
- Humanities, BHU
- Life Sciences, BLS
- Physical Sciences, BPS
- Social Sciences, BSS
SECTION I: The Request

Utah State University requests approval to offer a Master of Music degree (M.M.) with an emphasis in Piano Performance and Pedagogy, effective fall 2008. This program has been approved by the institutional Board of Trustees on [date of approval].

SECTION II: Program Description

Complete Program Description

A natural extension of an internationally esteemed undergraduate piano program, the Master of Music degree with an emphasis in Piano Performance and Pedagogy will prepare students either for admission into a program of doctoral study, or for a professional career in music as a performer or teacher. Unlike the programs at other institutions in the state (such as those at the University of Utah and Brigham Young University), which award Master of Music degrees in Piano Performance, the proposed program at Utah State University will emphasize teaching in addition to performance. The additional training in advanced pedagogy will serve students who are seeking careers as professional musicians, since the majority of active pianists not only perform, but also earn a living teaching in either a university or a private studio.

Students in the program will complete a minimum of 36 approved semester credits. The distribution of credit hour subjects is in accordance with the guidelines outlined in the 2007–2008 handbook of the National Association of Schools of Music (NASM), and fulfills the minimum requirements for a Master of Music degree with a dual emphasis of Piano Performance and Piano Pedagogy:

- Performance: 12 credits
- Pedagogy: 12 credits
- History and Theory Electives: 12 credits

Total: 36 credits

All of the required coursework will be offered by full-time faculty on the campus of Utah State University while students are in residency.

Graduate piano students would also have opportunities to engage in collaborative activities by offering vital services to the Music Department. As accompanists to vocalists, instrumentalists, and choirs, the piano students are essential to the success of multiple areas of musical study. Also, their participation in various ensembles (including chamber music, Symphony Orchestra, Symphonic Band, and the Contemporary Music Ensemble) greatly increases the variety of repertoire available for instrumentalists and, subsequently, audiences. As an integral part of the graduate program, these activities would come at no extra cost to the Department.

Selected M.M. students will be offered department funded Graduate Instructorship positions under faculty supervision. After completing departmental requirements, these students will be eligible to teach courses in the undergraduate curriculum for music majors and minors (including Music Theory, Aural Skills, and Keyboard Harmony). With appropriate experience, one of these Graduate Instructors may also be able to assist in the department’s University Studies courses. All graduate students, including those who do not receive an Instructorship position, will also have the
opportunity to provide private piano instruction to non-majors. These teaching opportunities will be invaluable components to the graduate program, which is specifically designed to prepare students for teaching music at various levels.

The Department of Music currently has the necessary resources to launch a graduate program that fosters the highest standards of pedagogy. The Youth Conservatory provides an ideal setting for graduate piano students to acquire practical skills in both classroom and private instruction. Recognized by the National Association of Schools of Music, the Youth Conservatory has been operative for almost thirty years and currently accommodates over 200 pre-college pianists. To this point, selected undergraduate students have assisted in the program, but the addition of four graduate students would allow the piano faculty to supervise the students’ work more readily and concentrate on advanced instruction.

In addition to the number of students generated by the Youth Conservatory, the Department of Music consistently receives over 100 requests per semester from non-majors for private piano instruction, some of which have been denied due to a lack of qualified instructors. These instructional hours would be assigned to graduate students, who will earn up to $1,500 per semester from private instruction fees and gain practical experience in teaching at a higher level. The additional revenue would offer financial assistance to graduate students and greatly reduce the financial burden of hiring adjunct instructors or part-time lecturers.

The piano faculty at Utah State University maintains high visibility and exerts a strong influence in the fields of both performance and pedagogy. Students of Professors Gary Amano and Dennis Hirst have been awarded the highest honors in national and international performance competitions. Active members of the Music Teachers National Association, the members of the piano faculty contribute regularly to regional, state, and national functions, they have published articles in the American Music Teacher journal, and they have given presentations at the World Pedagogy Conference.

Purpose of Degree
The primary purpose of this degree is to integrate instruction in piano pedagogy with high-level piano performance, preparing graduates who will offer piano instruction from private studios as well as those who will teach in a college environment. Graduates of this program will also be equipped to pursue Doctor of Musical Arts (D.M.A.) degrees at other institutions.

Institutional Readiness
The Department of Music is currently prepared to offer the Master of Music program without additional resources. Graduate Instructors will assume teaching responsibility of selected undergraduate coursework, which will allow faculty members to provide the necessary instruction in the graduate program. The faculty course load, in other words, will be redistributed; it will not increase. (See Appendix E: Redistribution of Faculty Workload.)

Faculty
It will not be necessary to hire additional faculty during the first five years of this program.

Staff
Staff support for the proposed program will be handled with resources in the Department of Music.
Library and Information Resources
The music collection of the Merrill-Cazier Library has been growing steadily since fall 2004. Over the last three years, faculty musicologist Eric Smigel has been working closely with library acquisitions personnel to ensure that the library collection can support the research and performance needs of both undergraduate and graduate students. Over 600 titles of books, scores, and CD and DVD recordings have been added to the catalog during this period, and more have been and will continue to be ordered. In 2006 the Music Department procured a $10,000 grant from the Marie Eccles Caine Foundation, which facilitated the acquisition of over 200 study and performance scores, and over 100 CD recordings. These materials were individually selected by the members of the piano faculty with the express intention of accommodating the needs of graduate piano students.

Additionally, the university currently subscribes to several professional journals that will be important to students in the proposed program, including American Music Teacher, Clavier, Journal of the American Musicological Society, Keyboard Companion, Music Educators Journal, Musical Quarterly, Nineteenth-Century Music, and Perspectives of New Music. The electronic resources available to students at Utah State University are excellent, including reference to online databases, full-text articles in dozens of professional journals, and access to interlibrary loan.

Admission Requirements
Applicants for admission to the M.M. program must have a Bachelor’s degree in any field of study, with a GPA of at least 3.0. Students must have scores on the verbal and either the quantitative or analytical portions of the Graduate Record Examination (GRE) at or above the 40th percentile. International applicants must take the Test of English as a Foreign Language (TOEFL) and earn a minimum score of 213. Three satisfactory letters of recommendation are also required.

In addition to established School of Graduate Studies requirements, the Department requires students to audition in front of an Entrance Committee comprised of members of the piano faculty, who will determine the appropriate repertoire. If a live audition at the Utah State University campus is impractical, applicants may send an audio-visual recording that demonstrates their level of proficiency with regard to both piano performance and teaching. Candidates will also be required to pass diagnostic examinations in music theory and music history that ensure their preparation for graduate-level study in these fields.

Student Advisement
The Director of Student Advisement will be Associate Professor Dennis Hirst, who will meet with each candidate to establish an appropriate course of study.

Justification for Number of Credits
In accordance with policies established by the School of Graduate Studies at Utah State University, the number of required credits is sufficient for ensuring that students will have formal learning experiences in a range of theory, research, and applied studies related to the field. In the proposed program, as specified by NASM requirements, areas of Performance, Pedagogy, and Research will each account for one-third of the total credit hours.
External Review and Accreditation
The Department of Music at Utah State University is currently accredited by the National Association of Schools of Music (NASM), the governing body that officially oversees music program standards of higher education in the United States. In accordance with NASM policy, the Music Department will apply for Plan Approval after institutional approval is granted and before students are admitted into the program.

Projected Enrollment
Below are the number of student FTE enrollments and the mean student FTE to faculty FTE ratio for each of the first five years of the program.

Expansion of Existing Program
The M.M. program will not require an expansion in the size of pre-existing classes.

SECTION III: Need

Program Need
The proposed degree program is designed to fill an increasing demand for piano instructors who not only perform at a high level, but who also hold advanced credentials in teaching. Most professional pianists operate private studios for students of various ages and abilities, and this program will offer the instruction and applied experience necessary to address these professional needs. In addition to providing instruction in high-level performance, the M.M. degree will prepare graduates to teach either in private studios or in a college environment.

Labor Market Demand
In the past, it has been necessary for students to travel out-of-state to gain the requisite education in advanced pedagogy that the increasingly competitive market demands. The overwhelming majority of professional pianists earn a substantial amount of their income through teaching, and according to a recent survey conducted by the Music Teachers National Association (the leading organization of piano teachers in the country), 77% of its 24,000 members teach piano in an independent studio. This is especially relevant to residents of Utah, where the demand for private piano instruction per capita is among the highest in the country. Also, the majority of searches for tenure-track positions in piano at universities and conservatories indicate a preference not only for candidates who demonstrate high-level performance, but also for those who have received academic and applied training in advanced pedagogy.

Student Demand
Given the expressed interest by current and former students, and the encouragement by professionals in the field, enrollment in the proposed graduate program is virtually a certainty at the outset. Based on surveys conducted over the last two years, 79% of the 40 current undergraduate piano students at Utah State University would continue studies toward a graduate degree in this department if they were given the opportunity. There is also documentation of support from several
colleagues working at music schools of international repute (including the Eastman School of Music, the Juilliard School, and the University of Southern California), who would recommend that their graduating students pursue an advanced degree at Utah State University should the Department of Music offer such a program.

Similar Programs
There are numerous programs across the country that offer Master of Music degrees in Piano Performance, but in the Utah System of Higher Education only the University of Utah offers this degree. No other university in the state, however, including Brigham Young University, offers the graduate degree with an emphasis in Piano Pedagogy. Among schools in the Western Interstate Commission for Higher Education, there are only a few programs that offer an M.M. degree with an emphasis in Piano Pedagogy (such as the University of Denver, and the University of Oregon), and fewer that grant M.M. degrees with a dual emphasis of Piano Performance and Pedagogy (including the University of Colorado at Boulder, the University of Idaho, and Central Washington University). Outside the Western United States the following institutions have graduate programs with a dual emphasis in Piano Performance and Pedagogy: University of Northern Iowa, Northwestern University, University of Michigan at Ann Arbor, Westminster Choir College, Penn State University at University Park, and the University of Texas at San Antonio.

Collaboration with and Impact on Other USHE Institutions
In Utah the proposed program is unique in its dual focus on Piano Performance and Pedagogy. The Music Departments at Brigham Young University and the University of Utah, for example, offer a Master of Music degree with an emphasis in Piano Performance, but the programs do not include the advanced pedagogical training required to warrant an emphasis in Piano Pedagogy. While there is overlap in the core coursework (Introduction to Music Research, and the Elective Seminars in Music History and Music Theory) and the performance requirements (Private Instruction, Piano Literature, and Recital), the pedagogy component at Utah State University is unique.

Given this primary difference, there will be minimal negative impact on the performance oriented programs at either Brigham Young University or the University of Utah when the graduate program in Piano Performance and Pedagogy is offered at Utah State University. Because of the overlap in certain requirements, however, there may be opportunities for collaboration: since a limited number of credit hours can be transferred into any of these programs, individual students may wish to complete a course at an alternate institution with approval from their supervisory committees.

Benefits
A graduate program in Piano Performance and Pedagogy will enhance the Caine School of the Arts, the College of Humanities, Arts, and Social Sciences, and attract a greater number of exceptional piano students to Utah State University, thereby increasing its national and international reputation. The presence of graduate students in the piano program will have an immediate impact on the entire Music Department: more experienced performers will provide a higher level of collaborative artistry for instrumentalists, vocalists, chamber groups, and larger ensembles, which will subsequently raise the standards of performance and scholarship. Shortly after its implementation, the program will produce recruitment benefits that will be evident in the increased number and quality of applicants at both the graduate and undergraduate levels, which will contribute to the academic, professional, and financial success of the university.
Consistency with Institutional Mission
In accordance with the mission statement of the School of Graduate Studies, the proposed program will offer graduate students the opportunity to acquire comprehensive knowledge of piano performance and pedagogy through research and both classroom and individualized instruction, to develop and practice professional skills, and to gain leadership experience. Master of Music candidates will also directly serve the community through the Youth Conservatory’s curriculum of individual and group piano instruction.

SECTION IV: Program and Student Assessment

Program Assessment
The goals for the program and the means of assessment are described in the table below.

<table>
<thead>
<tr>
<th>Program Goals</th>
<th>Assessment Processes</th>
</tr>
</thead>
<tbody>
<tr>
<td>Provide quality instruction for M.M. students</td>
<td>• Student course evaluations for every class will administered, with results to be formally reviewed by a faculty committee</td>
</tr>
<tr>
<td></td>
<td>• Peer classroom observation and review will be conducted on a yearly basis</td>
</tr>
<tr>
<td>Ensure timely progress of students through the program</td>
<td>• M.M. students will be reviewed and mentored annually by a faculty advisor</td>
</tr>
<tr>
<td>Provide students with a solid understanding of current literature, theory, and practice in the field</td>
<td>• M.M. students must pass a comprehensive examination before they graduate</td>
</tr>
<tr>
<td>Support the development of teaching excellence by M.M. students</td>
<td>• Graduate Assistants will be reviewed each semester by a designated faculty member</td>
</tr>
<tr>
<td></td>
<td>• Private and group piano instruction by M.M. candidates will be observed and reviewed on a regular basis by a piano faculty member</td>
</tr>
</tbody>
</table>
Prepare students for high-level musical performance

- Performance juries comprised of the entire piano faculty will be required of all M.M. students at the end of each semester
- During the final semester of study, M.M. students must perform a solo recital or lecture-recital, which must be approved by the entire piano faculty

Expected Standards of Performance
Upon successfully completing the M.M. program, graduates will:

- have earned a minimum of a 3.0 GPA in 36 credits of graduate coursework
- have passed a comprehensive examination
- have performed a solo recital or lecture-recital of 60-minute duration
- be qualified to be hired as an applied instructor at an institution of higher education
- be eligible to apply for admission into a Doctoral program of study in music
- be prepared to establish and operate a private teaching studio

These standards of performance reflect the expectations of M.M. graduates from programs comparable to that being proposed.

SECTION V: Finance

Budget
It will not be necessary to increase the operating budget of the Music Department or the Youth Conservatory in order to launch the proposed program.

Funding Sources
The Music Department could implement the proposed curriculum for the Master of Music degree with few additional resources. Funds accrued by the Youth Conservatory, supplemented by those from the Music Department and private donors, will fund Graduate Instructorship positions for four M.M. candidates each year in the minimum amount of $350/month per student. In accordance with the policies of the Graduate School, each resident student who qualifies for a Graduate Instructorship position will also be eligible to receive annual health insurance in the amount of $1,000 per student, and to apply for a full-tuition waiver. (In order to receive tuition remission, applicants must be nominated for in-state awards, which are distributed by the college office. Out-of-state applicants must establish residency to be eligible for the award.) Graduate students will also have the opportunity to earn collectively up to $9,000 per year for private piano instruction of non-majors.

</tr>
</tbody>
</table>

**Reallocation**

Each year an Admissions Committee comprised of members of the piano and theory faculty will select four graduate applicants possessing the requisite skills to teach courses in the first-year curriculum for undergraduate music majors (including Music Theory, Aural Skills, and/or Keyboard Harmony) and also a general education course in the humanities for non-majors (such as Masterpieces of Music). The delegation of teaching responsibilities to graduate students will not only enable the appropriate faculty to teach graduate courses with a lower student-to-faculty ratio and without additional compensation, but will also provide M.M. students with classroom experiences that are necessary to the pedagogical emphasis of the degree program. In its initial stages the program will admit four candidates of the highest quality, which the current faculty can accommodate. As the national and international reputation of the program grows, it will be necessary to augment the faculty in order to admit more applicants.

**Impact on Existing Budgets**

The impact on the Department’s existing budget will be minimal. Funds presently used to pay part-time teachers, generated by development efforts or generated through Youth Conservatory tuition will be reallocated to support the Graduate Instructorship positions.

Appendix A: Program Curriculum

Appendix C: Faculty

In addition to the following current faculty members who will contribute to the proposed graduate program, the Department of Music has been approved to search for two additional positions: Assistant Professor of Music Theory (Ph.D.) and Assistant Professor of Piano (D.M.A).

**Gary Amano** (1974): Professor and Assistant Department Head, M.M. Juilliard School of Music; Director of Piano Program and Piano Instruction.

**Sergio Bernal** (2001): Associate Professor, M.M. University of Michigan & Yale University; Music Theory Instruction.
R. Dennis Hirst (1993): Associate Professor, M.M. University of Oklahoma; Advisor and Piano Instruction.

Bruce Saperston (1987): Associate Professor, Ph.D. University of Texas at Austin; Music Research Instruction.

Eric Smigel (2004): Assistant Professor, Ph.D. University of Southern California; Music History and Music Theory Instruction.

**Appendix E: Redistribution of Faculty Workload**

The workload for each faculty member contributing to the graduate program will not increase. Each Graduate Instructor will teach one of each of the following core undergraduate courses: Music Theory (MUSC 1110 and 1120), Aural Skills (MUSC 1130, 1140, 2130, 2140), and Keyboard Harmony (MUSC 1170 and 1180). The redistribution of these courses, which are currently taught by either faculty members or part-time lecturers, is listed below.

</table>

* Initially, only Professor Gary Amano will provide private instruction to graduate students. As enrollment increases in the program, Professor Dennis Hirst and “Piano Professor” will gradually assume this responsibility as well.

** The assignment for teaching the Piano Literature courses will alternate among all three members of the piano faculty. When a given instructor teaches the class, a proportionate number of his or her private instruction hours will be redistributed to the two other faculty members for the duration of the semester.

---

**DOCUMENT APPROVAL HISTORY**

This document was approved by:

- Music Department Curriculum Committee  September 26, 2007
- Music Department Faculty  October 2, 2007
- Professor Nicholas Morrison, Interim Chair, Music Department  October 5, 2007
Request to Suspend Certificate Program in Natural Resource and Environmental Policy

Requested by the College of Humanities, Arts, and Social Sciences and the College of Natural Resources, September, 2007

SECTION I: Request
Currently there are only two students pursuing this graduate certificate program. The two colleges that administer the program do not see any advantage to continuing a program that seems to have lost momentum and that has declined significantly in enrollment. Suspending the certificate will not impact any instructional activities because the certificate is currently constructed by choosing a menu of courses from both colleges’ curricula (see Appendix A) rather than through courses specifically designed for the certificate program.

SECTION II: Need
This certificate program does not seem to be serving any immediate needs for students that can not already be accomplished through advising.

SECTION III: Institutional Impact
The impact of suspending this program is minimal. The two students currently enrolled would be allowed to complete their certificates. If the program suspension is approved by EPC, no additional students would be admitted to the certificate program.

SECTION IV: Finances
Suspending this program would save the colleges $8000 annually in program administration fees. The current faculty coordinator also supports suspension of the program.

Graduate Program Description

The Natural Resource and Environmental Policy Graduate Certificate is an interdisciplinary program designed for students seeking graduate degrees in fields related to environmental and natural resource policy analysis. The program introduces students to complementary scientific and social scientific perspectives on environmental and natural resource policy, linking the scientific dimensions of policy to its social context and to the operation of political and economic institutions. Courses that satisfy program requirements are currently offered by the departments of Agricultural Systems Technology and Education; Business Administration; Economics; Environment and Society; Wildlife Resources; History; Landscape Architecture and Environmental Planning; Political Science; and Sociology, Social Work and Anthropology. The program helps to prepare students for careers in public or private sector policy analysis, environmental planning, environmental program assessment, natural resource policy administration, environmental and natural resource consulting, and environmental and natural resource policy advocacy.

Certificate

Students who complete the Policy Program receive a certificate in Natural Resource and Environmental Policy. Notification of this certificate appears on the student's transcript.

Admission Requirements

Admission to the Certificate Program is open to students accepted into a master's degree program or a doctoral degree program at Utah State University, provided their degree program requirements include development of a written research paper or project defended before the student's graduate committee. In all cases, the thesis, research report, or dissertation must contain a significant component addressing natural resource or environmental policy.

Prerequisites

Prior to admission into the Natural Resource and Environmental Policy Graduate Certificate Program, a student must complete at least one upper-division or graduate course in ecology, biological systems, earth processes, or ecosystem management. In addition, each student must also complete at least one upper-division or graduate course in economics, political science, history, or sociology. With the approval of the program coordinator, appropriate professional experience can serve as a substitute for either one of these prerequisites.

Graduate Committee

The student's graduate committee must include one faculty member affiliated with the Policy Program to advise the student on meeting the program requirements and in selecting core courses.

Course Requirements (14 credits)

Courses taken to satisfy requirements in a student's major or minor area of study can also be used to satisfy Natural Resource and Environmental Policy Graduate Certificate requirements.

Required Courses (6-8 credits)

NR 6430 Natural Resource and Environmental Policy
Cornerstone Seminar (3 cr) or POLS 5180 Natural Resource Policy (3 cr) ............................................3

And
ENVS 5300 Natural Resources Law and Policy (2 cr) or
ENVS 5320 Water Law and Policy in the United States (3 cr) .......2 or 3
Elective Courses (8-9 credits)

Because of ongoing changes in the curricular offerings of the participating departments, the list of Natural Resource and Environmental Policy Graduate Certificate elective courses is updated annually. Students entering the program should immediately obtain a current list of electives from the program coordinator or staff assistant. Students may petition the program coordinator to use as electives courses not included on the current list; however, to gain approval as an elective, a course must have significant environmental or natural resource policy content.

Approved elective courses include the following:

ASTE 6260 Environmental Impacts of Agricultural Systems ............3
ECON 6500 Introduction to Natural Resource Economics ............3
ECON 6510 Introduction to Environmental Economics ............3
ENVS 5640/6640 Conflict Management in Natural Resources ..........3
ENVS 6000/7000 Theoretical Foundations in Human Dimensions of Ecosystem Science and Management .............3
ENVS 6130 Policy Aspects of Wildland Recreation ...................3
ENVS 6530 Natural Resources Administration .......................2
HIST 6460 Seminar in Environmental History ......................3
POLS 5200 Global Environment ........................................3
SOC 6620 Environment, Technology, and Social Change ............3
SOC 6630 Natural Resources and Social Development .............3
SOC 7620 Sociology of Environmental Hazards and Risks ..........3
WATS 6330 Large River Management ...................................3
• Request to Restructure
  the Elementary Education and Secondary Education Departments
  at Utah State University
  into a School of Teacher Education and Leadership

College of Education and Human Services
Utah State University
January 1, 2008
Request to Restructure
the Elementary Education and Secondary Education Departments
at Utah State University
into a School of Teacher Education and Leadership

College of Education and Human Services
Utah State University

Section I: The Request

Utah State University requests approval to restructure its Elementary Education and Secondary Education departments into a School of Teacher Education and Leadership. This request is not for a new program or department; instead, the request is to reorganize two existing departments into one unit which can more effectively address the shared mission of K-12 teacher education at undergraduate and graduate levels. Restructuring would be effective in Fall Semester, 2008.

At the undergraduate level, the Elementary Education Department prepares students for licensure in early childhood (K-3), elementary (1-8), and middle level education (5-9), and the Secondary Education Department prepares students for both middle level and secondary education (6-12). At the graduate level, the two departments offer separate master’s and specialist’s degrees, but collaborate extensively in offering dual-listed courses, state-approved teaching endorsements, the administrative/supervisory certificate, and doctoral (EdD and PhD) programs.

The proposed School of Teacher Education and Leadership would unify the undergraduate and graduate teacher education programs into a single K-12 structure with one administrative head. The overarching aim of reorganization is to improve the effectiveness and efficiency of Utah State’s K-12 teacher preparation as well as its preparation of education leaders.

Section II: Need

Our rationale for restructuring the two departments into a School of Teacher Education and Leadership includes the following goals:

• *To elevate the coherence and quality of Utah State’s teacher education programs statewide.* To better address Utah’s critical teacher shortage and to respond effectively to the increased scrutiny of teacher preparation at state and national levels, we seek to emphasize and promote the stature of teacher education at Utah State University.

• *To enhance K-12 partnerships with local educational agencies.* Currently, school district leaders must negotiate and coordinate with two independent departments in order to carry out K-12 district-university partnerships to improve teacher preparation.

• *To realign K-12 teacher preparation with Utah State Office of Education licensure and with national directions.* Middle-level education presently resides in both Elementary and Secondary Education Departments. Unifying the two departments’ efforts in middle
level education should result in a better program, with more efficient use of faculty.

- **To increase the efficiency of K-12 advising and field experiences.** The two departments now maintain separate units for advising and field experiences. Through restructuring, a single K-12 advising unit and a K-12 field experiences unit can better meet student needs.

- **To advance interdisciplinary K-12 external funding proposals and research.** Currently, external funding proposals tend to be narrowly associated with either elementary or secondary education. Through restructuring, K-12 faculty can more easily collaborate with faculty in other colleges on interdisciplinary proposals. In addition, the restructuring will likely result in an increased focus on K-12 teacher education research specifically.

- **To streamline administration of K-12 graduate degree programs and endorsements.** The two departments presently offer many dual-listed courses for their graduate degrees; however, because these degrees differ in their processes for admissions and advising, graduate students are sometimes confused by differing expectations. Restructuring will allow faculty to revisit graduate degree and endorsement requirements.

- **To streamline administration of K-12 offerings through our Regional Campuses and Distance Education (RCDE).** Unifying the two departments’ efforts in distance delivery of programs and in the hiring of HB185 faculty for regional campus program delivery will enable RCDE to more efficiently budget for teacher education in rural Utah.

- **To foster K-12 faculty subgroups of shared professional interest.** Faculty expertise resides in both departments in such disciplines as literacy, English as a Second Language (ESL), science and math, and foundations and curriculum. Restructuring will allow for faculty with shared professional interests to better collaborate.

- **To enhance the recruitment of high quality faculty and leadership candidates.** Given a national trend toward K-12 teacher preparation within a single organizational unit, most new PhDs have been prepared within a College of Education that has such an organizational structure. Furthermore, experienced leadership candidates seek positions in departments with a K-12 organizational structure.

- **To foster ongoing program evaluation and increase the efficiency of accreditation reviews.** Currently, program evaluation and accreditation reviews are managed within each separate department. Through restructuring into a single K-12 unit, redundancy will be reduced.

The current organizational structure that separates elementary from secondary education is out of the national mainstream. For 2008, *U.S. News and World Report* ranked Utah State’s College of Education and Human Services in the top 2% of all colleges nationally (26th among 1200 colleges). However, for the 25 top-ranked colleges of education, only one separates elementary and secondary education into two separately administered units.
Section III: Institutional Impact

*Enrollments*: The proposed restructuring will not affect current enrollments in the two programs. Increasing efficiency and a mainstream organizational structure may result in increased enrollments.

*Administrative Structure*: The proposed restructuring will result in a single administrative unit named the School of Teacher Education and Leadership (TEAL), with a single Department Head who will also carry the title of Associate Dean for Teacher Education and Leadership. See attached organizational chart. The shaded area of the chart indicates the proposed changes. As shown on the chart, the Department of Special Education and Rehabilitation (SPER) will be affiliated with the School of TEAL; however, the SPER Department will remain an independent department because of its highly specialized mission.

*Facilities*: No new physical facilities or equipment will be required. Many faculty and staff will relocate within the third-floor space currently allocated to the two departments in the Emma Eccles Jones Education Building. For example, advising and field experience personnel from the two departments will occupy a single space on the third floor to integrate services, rather than two separated spaces. And faculty with a shared professional interest will be located in proximity to one another.

*Faculty*: The number of faculty and professional staff will not change. Because senior faculty will assume the roles of the three Program Chairs (see organizational chart), these faculty will have role statements that include administrative functions. The current staffing numbers are:

Section IV: Finances

*Costs Anticipated*: No additional costs are anticipated.

*Budgetary Impact*: With the current structure, 12-month salaries for two department heads are required. The proposed restructuring will require a single 12-month department head salary. The salary savings from the reduction of one department head will be used to enhance the salaries of the individuals who will assume increased responsibilities as program chairs within the School of TEAL and to enhance the salary of an individual who will coordinate K-12 advising and field experiences personnel. No cost savings are anticipated.

Whereas: President Stan Albrecht is a charter signatory to the American College & University Presidents Climate Commitment.

Whereas: This action is indicative of Utah State University’s commitment to reduce greenhouse gas emissions and improving the sustainability of the University’s operations.

Whereas: Energy costs continue to increase, placing a burden on Utah State University’s operational budgets.

Whereas: The faculty of Utah State University has shown support to President Stan Albrecht’s signing of the American College & University Presidents Climate Commitment.

Whereas: The faculty of Utah State University understands that there is a compelling case for imminent climate change and a resulting movement towards a new paradigm for the use of energy and other natural resources.

Therefore: The faculty urges Utah State University to grasp the opportunity to provide leadership in these key early years of the 21st Century, by both altering our consumption of natural resources and creating new academic programs integrating key knowledge and issues that will define the future.

We strongly encourage USU to take the following actions:

1. Reduce future energy consumption and the associated financial resources, by requiring that all new USU buildings be designed and constructed to meet the Leadership in Energy and Environmental Design (LEED) Green Building Rating System™ silver certification or better equivalent.

2. Encourage and support the faculty to design new academic programs that will integrate knowledge and ideas that connect climate change to energy, natural resources, sustainability, economics, and various cultural and social issues.
405.7.2 Code Change Proposal
Additional Events During the Year in which a Tenure Decision is to be Made

405.7.2

(3) Evaluation and recommendation by the department head or supervisor.
After reviewing the tenure advisory committee's recommendation, the department head or supervisor shall prepare a separate report. The reports of the department head or supervisor and the tenure advisory committee shall be transmitted to the director (where applicable), dean, or vice president by December 15, except that for third-year appointees the date is November 10 (see Table 405.1.4). A copy of the department head or supervisor's letter shall be provided to the tenure advisory committee, sent to the candidates, and placed in his or her file.

(4) Evaluation and recommendation by the director (where applicable), dean, or vice president.
The director (where applicable), dean, or vice president will send his or her own recommendation, the department head's recommendation, and the tenure advisory committee's recommendation to the provost on or before January 11, except that for third-year appointees the date is November 20 (see Table 405.1.4). A copy of the director's (where applicable), dean's, or vice president's letter shall be sent to the tenure advisory committee and the candidate and placed in his or her file.
Should the dean, director, or vice president choose to convene an ad hoc advisory committee to review tenure and promotion recommendations under his or her purview, the members of this committee shall have tenure and rank equal to or greater than that sought by the candidate. The department head, supervisor, or director (where applicable) of the candidate shall not serve on this committee. The dean, director, or vice president shall chair the committee. Any such advisory committee formed shall also utilize an ombudsperson, and the names of the members of the committee shall be made known to the faculty of the college.

(5) Further evaluation and recommendation.
The Provost shall convene a committee including the Vice Presidents for Research and Extension, the Dean of the graduate school, and others of his or her choosing. The President may attend and participate in meetings of the committee. All members must hold the rank of professor with tenure.

If a member of the committee convened by the Provost under this policy is also responsible for a separate evaluation and recommendation of a candidate under 405.7.2 (4) as a dean, director or vice-president, then the evaluation and recommendation required under 405.7.2 (4) will be made by the appropriate associate director, associate dean, or the associate vice-president. The evaluation and recommendation will otherwise be made according to the policy set forth in 405.7.2 (4).
The Provost shall maintain a file of all documentation received from the directors (where applicable), deans, or vice presidents and circulate the same to the members of this committee. The Provost will report the collective action of this committee to the President.
The President shall review the committee's recommendations prior to making his or her decision. The President shall submit any recommendation to award tenure to the Board of Trustees prior to the April Board of Trustees meeting. The President shall inform the
candidate in writing upon approval of tenure by the Board of Trustees. The director (where applicable), dean, or vice president, department head or supervisor, and tenure advisory committee will also be notified of the action. The President shall notify the Provost, director (where applicable), dean, or vice president, department head or supervisor, tenure advisory committee, and the candidate in writing of the President's decision to deny tenure no later than April 15. For candidates in their third year, the deadline is December 10 (see Table 405.1.4). Once a decision has been reached, the Provost will meet individually with the tenure advisory committee and with those administrators whose recommendations were not accepted. The Provost will also, at the request of the candidate, meet collectively with the candidate, the chair of the tenure advisory committee, the department head or supervisor, and the director (where applicable), dean, or vice president to discuss the candidacy and the decision.

Subject: Academic Due Process: Sanctions and Hearing Procedures

407.7 NONRENEWAL
7.1 Definition of NonRenewal
Nonrenewal is the ending of employment of tenure-eligible or term appointment faculty, other than by dismissal (policy 407.2.1(5)) or by termination (policy 406.2.3(2)). When nonrenewal occurs at the end of the pretenure probationary period for tenure-eligible faculty (policy 405.1.4), it is a denial of tenure.

7.2 Reasons for NonRenewal
There are only three reasons for nonrenewal: cessation of extramural funding that is required for a substantial portion of the salary support of the faculty member, unsatisfactory performance of the faculty member's assigned role (policies 405.6.1 and 11.1), or failure to satisfy the criteria for the award of tenure; or cessation of extramural funding that is required for a substantial portion of the salary support of the faculty member. A denial of tenure shall be based upon tenure advisory committee review (policy 405.7.2). Nonrenewal prior to the end of the pre-tenure probationary period for tenure eligible faculty is an administrative decision of the department head, director, dean, or vice president and must be approved by the Provost and President. In making this decision regarding non-renewal, the department head, director, dean, or vice presidents is to take into consideration the most current and all previous reports from the tenure advisory committee. Nonrenewal prior to the end of the pre-tenure probationary period may be based on tenure advisory committee review (policy 405.6.2(1)).
Tenure-eligible and term appointment faculty members may not have their appointments non-renewed for reasons which violate their academic freedom or legal rights.

PRPC requests clarification or guidance from Faculty Senate whether the statement “A denial of tenure shall be based upon tenure advisory committee review” should be placed in section 405.7.2.
3.1 Membership
The Senate shall be composed of the following members: (1) Fifty-five faculty members elected by and from faculty members eligible to vote in Senate elections (see policy 401.6.3(2)(d)); (2) the President and the Provost of the University or their designees; (3) eight appointees of the President of the University who shall be vice presidents and/or deans, six of whom must hold faculty appointments and must be designated annually preceding elections to the Senate; (4) the four chairs of the Academic Freedom and Tenure Committee, the Budget and Faculty Welfare Committee, the Professional Responsibilities and Procedures Committee, and the Faculty Diversity, Development and Equity Committee, if they are not one of the faculty members elected to the Senate; and (5) three students, who shall include the Associated Students of Utah State University (ASUSU) President or a designee, the ASUSU Academic Senate President or a designee, and the Graduate Student Senate (GSS) President or a designee.

With the exception of faculty holding special or emeritus appointments, any member of the faculty who is not designated as a presidential appointee is eligible for election to the Senate.

Faculty Senate elections and apportionment shall be based upon a faculty member’s affiliation with or membership in one unit. Where a faculty member serves in both an on-campus academic unit and a Regional Campus and Distance Education unit, that faculty member will be represented by and apportioned in the Regional Campus and Distance Education unit. Where a faculty member has appointments in more than one on-campus academic unit, representation and apportionment will be from the unit from which tenure is held or will be granted.
