

# Transfer Articulation Agreements

Students who transfer to Utah State University from one of the institutions listed below will have their coursework evaluated as follows:

1. Those who transfer to Utah State University and have an Associate of Arts or an Associate of Science degree (or have completed the General Education requirements of the sending institution) will be deemed as having met the General Education portion of the University Studies requirements at Utah State University. A student who transfers without an Associate of Arts or Associate of Science degree will need a registrar's certification stating that he or she has completed the General Education requirements at the sending institution.
2. Students who transfer to Utah State University with less than an Associate Degree (and have not completed General Education requirements) or with an Associate of Applied Science Degree will have their General Education courses evaluated on a course-by-course basis and may be required to take any additional courses necessary to satisfy the General Education requirements at Utah State University. However, if these students have taken equivalent General Education courses at the sending institution, these courses will be accepted toward satisfying General Education requirements at Utah State University.

Courses approved as fulfilling General Education requirements at a Utah System of Higher Education (USHE) institution, Brigham Young University, Brigham Young University (Idaho), LDS Business College, and Westminster College will be acceptable to Utah State University as satisfying comparable General Education requirements. Coursework acceptability at other institutions will be determined by the student's major department at Utah State University.

3. Coursework taken to fulfill requirements other than General Education will be reviewed by the appropriate department within Utah State University. Coursework acceptability will be determined by the student's major department at Utah State University.
4. Utah State University will require students to satisfy the Breadth American Institutions requirement if an equivalent course has not been completed. USU will require students who receive an Associate of Arts degree from Brigham Young University (Idaho) to satisfy any deficiencies in the Breadth Life Sciences and Breadth Physical Sciences requirements if equivalent courses have not been completed. USU will require students who receive an Associate degree from Brigham Young University (Hawaii) to satisfy any deficiency in the Quantitative Literacy requirement if an equivalent course has not been completed.
