

Academic Support Programs and Services

Academic Resource Center

The Academic Resource Center (ARC) provides services and programs that enhance students' learning skills, strategies, and attitudes. Classes such as PSY 1730 actively orient students to campus and involve them in gaining college-level academic skills. "Drop-in" mathematics and statistics tutoring, as well as Supplemental Instruction (SI) program, provide additional academic support. Individual consultations assist students with gaining course-specific learning strategies.

Courses

PSY 1730, Strategies for Academic Success (1-3 credits), involves application of important learning strategies. Topics include test preparation, note-taking, textbook reading, test-taking, etc.

MHR 2160, Student Applied Leadership Training (1-3 credits), is designed to develop the skills of students working as tutors. This class meets the standards of the National Tutoring Certification Program.

Individual Assistance

Staff members provide individual consultation for students needing help with specific learning needs in one or more of their courses.

Workshops

Workshops are offered on a variety of learning topics for student groups and classes. To arrange for a workshop, call (435) 797-1128.

Supplemental Instruction

A program of Supplemental Instruction (SI) for University Studies Breadth classes is sponsored by the center. A student who has successfully completed a General Education course is hired by the center to attend all class sessions and conduct review sessions. This student models effective study strategies for academic achievement in that class. SI classes and schedules are published each semester in the *Schedule of Classes* and on the web: <http://www.usu.edu/arc>

Tutoring Programs

Drop-In Math and Statistics Tutoring

Free tutoring is provided by trained tutors in the Tutoring Center, Taggart Student Center 225. Schedules can be picked up in Taggart Student Center 305 each semester or can be found on the Web-based Tutor Directory.

Tutor Advertiser

Students can hire a qualified tutor or list themselves as private tutors through the web-based *Tutor Advertiser*. These tutors are screened by the center and must be paid by the student receiving the tutoring.

Tutor Directory

The center publishes a directory of all on-campus free tutoring. The directory is available in Taggart Student Center 305 and through the center's web page: <http://www.usu.edu/arc>

Idea Sheets

Free Idea Sheets on a variety of learning strategies are available in the center and through the center's web page: <http://www.usu.edu/arc>

Video Viewing Library

The center has a collection of videos, which students may view in the Merrill-Cazier Library, relating to effective learning strategies.

Referral Resources

The center provides students with referral information for a variety of on-campus and off-campus services and agencies.

For more information, contact the Academic Resource Center, Taggart Student Center 305, (435) 797-1128.

Cooperative Education Internship Program

The Cooperative Education Internship Program offers both undergraduate and graduate students a unique opportunity to integrate career, social, and personal development into the educational process. The program is designed to allow students to alternate classroom study with a series of paid preprofessional work experiences related to their field of study. These experiences increase in complexity as the student's background in a given field increases.

The program offers several specific benefits to students. It provides those students who have decided on an academic major an opportunity to obtain pregraduation work experience in their chosen career. The program provides those students who are unsure of their academic major an opportunity to explore several career possibilities. It provides them a chance to earn money for their education and credit toward their degree. Finally, it substantially improves the students' opportunities for employment after graduation.

The Cooperative Education Internship Program option is available in all departments on the Utah State University campus. Generally speaking, students begin their work experiences in their sophomore or junior year, although seniors can take advantage of program benefits. Students can undertake either part- or full-time work experiences. Work experiences are available both during the academic year and during the summer. These work experiences may be with a single employer or with different employers; increasing complexity is the critical principle. Salaries vary with the field of work and the complexity of the job.

The amount of academic credit awarded for a given work experience varies, and depends upon the amount of work completed and upon the career-related nature of the experience. The decision regarding credit and the amount to be granted rests with the academic department, and specifically the faculty co-op coordinators. Students must make the credit arrangement with their faculty co-op coordinators prior to their work experience.

Students interested in entering or learning more about the program should contact their academic department; or visit Career Services, located in University Inn 102, ground level, tel. (435) 797-7777. Additional information can also be found online at: <http://www.usu.edu/career/internships/>

Academic Support Programs and Services

Cultural Exchange Program

Approximately 1,000 students and scholars from 79 countries are currently enrolled at Utah State University. Many of these students are in great demand by the community to visit various school, church, and civic functions. Students often bring from their countries videos, slides, photographs, artifacts, maps, music, and costumes which they share with the community. Other students are requested by various organizations to display their talents in song, dance, cooking, fashion shows, martial arts, and many other crafts and skills.

These outreach programs benefit the community, enhance the University, and also provide excellent opportunities for USU international students to learn how the community operates. It also gives internationals the occasion to develop friendships with Americans. The sometimes long-lasting and far-reaching friendships are valuable to developing peace and friendship across the globe. Also, these students further develop their talents and skills in communication and become familiar and comfortable with the American culture.

Those needing help in arranging programs with international students may call the Office of International Students and Scholars at (435) 797-1124.

Disability Resource Center

The mission of the Disability Resource Center is to provide supportive services to qualified individuals with disabilities, so they may participate equally in academic, employment, social, and cultural opportunities available at Utah State University.

Services offered by the Disability Resource Center include:

1. Campus orientation, architectural access, and modification.
2. Registration assistance, including interpreters, advisors, and escorts.
3. Equipment loan and Assistive Technology Laboratory, including FM amplification systems, tape recorders, aids for students with vision impairments, and adapted computer hardware and software.
4. Referral information regarding campus and community services, including a referral registry for nonacademic interpreters, readers, personal care attendants, and escorts.
5. Alternate-format textbooks and class materials for qualifying students.
6. Counseling for academic and personal needs.
7. Support service coordination with the Division of Vocational Rehabilitation.

The Disability Resource Center is located in University Inn 101 and can be reached by telephone by calling (435) 797-2444 or (800) 259-2966 (voice) or (435) 797-0740 (TTY).

General Studies Program

General Studies is the administrative-academic unit maintained at USU for the enrollment of students who do not meet the admissions requirements of the seven academic colleges. By state policy, admission of students to this category is limited. Students enrolled in the General Studies Program are assessed a fee of \$45 per semester.

The primary function of the program is to assist and encourage students in the improvement of their academic status, so they may transfer to the major of their choice. To accomplish this purpose, participants are urged to limit their course loads each semester, satisfy remedial requirements when indicated, and meet frequently with an advisor. Students in General Studies are encouraged to take General Education and exploratory classes. Resources in the Academic Resource Center, the University Counseling Center, the Testing Center, and Career Services are available to assist such students with career, aptitude, life skills, and study skills counseling.

The Low Scholarship and Probation Policies of the University apply to students enrolled in General Studies. When a student has satisfied remedial course requirements and has demonstrated ability to maintain a 2.0 GPA, that student may apply for admission to an academic college and department or to the Undeclared Program. Regular college admissions evaluations procedures will then be followed, and if there are no admissions restrictions, the student will be enrolled in the department of his or her choice.

For more information, contact the Office of University Advising, Taggart Student Center 304, (435) 797-3373.

Note: Effective Summer Semester 2009, General Studies will be replaced by Provisional Admission.

Mathematics and Statistics Drop-in Advisement

The Department of Mathematics and Statistics maintains a Drop-in Advisement Office in Lund 201. Students in need of information about and advisement related to placement in courses are welcome to stop by the Drop-in Advisement Office during office hours. Hours for this office can be found on the Department of Mathematics and Statistics website (<http://www.math.usu.edu/>) or may be obtained by phone at (435) 797-0268.

Study Abroad Program

Overview

The USU Study Abroad Office provides information on a wide range of affordable programs providing USU students with opportunities for study throughout the world. Through exchange partner institutions or consortiums, students can study at more than 100 universities in more than 40 countries worldwide during a semester, academic year, or summer program. Exchange program costs are based on tuition and fees at USU. Students can earn credit toward their degree at USU while studying abroad. In many countries, even when the native language is not English, students can study in English, or have the opportunity to build language skills. Full immersion options are also available at selected sites, based on student language ability.

Academic Support Programs and Services

Exchange Programs

Students can study in Spanish or the Spanish language at all levels at Monterrey Tec University in Mexico. Students may choose one of nine different campuses. Students may also study many subjects taught in Spanish at the University of Costa Rica, San Jose, Costa Rica; the University of Guadalajara, Mexico; the University de La Rioja in beautiful Logroño in Northern Spain; and at the Pontificia Universidad Católica de Valparaíso, in Valparaíso, Chile, a UNESCO world heritage city. Pontificia Universidade Católica in Rio de Janeiro, Brazil offers students the opportunity to study regular coursework in Portuguese or study the language. London Metropolitan University offers a wide variety of subjects, with students housed near historic Hyde Park. In addition, students can study at Leicester University in Leicester, England, as well as at University of Northampton in Northampton, England, both located just over an hour north of London. Other study abroad programs in English include: study in landscape architecture at University of Ljubljana, Slovenia; American studies at Innsbruck University in Austria; music at Corinthian State Conservatory of Music, Austria; and study in fine arts at Southern Cross University, Australia. New partners, University of Copenhagen, Denmark; University of Groningen, Netherlands; and University Viadrina, Germany; offer a variety of courses in English. Jonkoping University, Sweden; Western Sydney, Australia; West England; and Hanze University, Netherlands offer courses in English specifically for study in business. At Kansai Gaidai, Kobe, Gifu, and Yokohama National universities in Japan, all levels of Japanese are taught. Students may also earn credits in subjects taught in English at Kansai Gaidai or Yokohama. Keimyung University in Daegu, Korea, as well as USU's partners, Korea and Sungkyunkwan universities in Seoul, provide classes taught in English and the Korean language. Hongik University in Korea is a great choice for art and sculpture study. Students may study economics, business, and Thai studies courses taught in English, at Thammasat University in Bangkok, Thailand, including Thai language and culture. Jon M. Huntsman School of Business students may participate in business exchange programs in Australia, the Netherlands, Sweden, and the United Kingdom. For graduate-level study in economics, exchanges are available in the United Kingdom, Spain, Portugal, Greece, France, or Germany. Students can also study Russian language and culture at St. Petersburg State University and Kazan State University in Russia, at all levels. Students can study Chinese language with Feng Chia University, Taiwan.

The International Student Exchange Program (ISEP) is one of the most varied study abroad exchange consortium opportunities at USU. Through ISEP, students may study in Africa, Asia, Australia, Canada, Europe, and Latin America. ISEP offers traditional European study abroad opportunities at some of the leading institutions in Austria, France, Germany, Hungary, Italy, Finland, the Netherlands, Sweden, and the United Kingdom. Other opportunities for study include such countries as Argentina, Bulgaria, the Czech Republic, Latvia, Poland, Iceland, Ghana, and South Africa. There are more than 100 universities to choose from in all. As ISEP participants, students matriculate directly into a host institution abroad. Direct matriculation means students register as regular students at their host institution, take the same courses, have the same assignments, and participate in the same activities as all other students at that institution. At many locations, coursework taught in English is available for semester, academic year, and summer study.

Affiliated Programs

Further expansion of short-term, summer, or semester-long study opportunities is possible with the addition of the following USU-affiliated program providers: AustraLearn, Council for International Education Exchange (CIEE), Middlesex University (England), International Studies Abroad (ISA), School for International Training (SIT), and Study Abroad Italy (SAI).

Short-Term Programs

Students can participate in a variety of short-term programs. These programs vary in length from two to six weeks. With USU's partner, Pontificia Universidad Católica de Valparaíso, students with little or no Spanish language experience have the opportunity to study beginning Spanish in Chile during January, May, or June, live with a local family, and participate in an excellent program offering language instruction and local excursions of interest. The Jon M. Huntsman School of Business has summer programs in Latin America and Asia, as well as internship or short-term study abroad programs during the fall or spring semesters. Summer options are available with ISEP in such locations as France, Korea, the Netherlands, and Thailand, or with other partner institutions, such as University of Northampton, England; and Korea University, Seoul, Korea.

USU Faculty-Led Study Abroad Summer/Short-Term Programs

Faculty at USU take students to varied destinations every year for coursework taught in English, while students earn USU credit for the experience. A sampling of current programs taught abroad by USU faculty include acting in England; anthropology in Peru; family, consumer, and human development in Germany; graphic design in Switzerland; humanities in England and Italy; interior design in England, France, and Italy; international business in Latin America (Brazil, Chile, and Peru—including a service learning option) and Asia (China, Korea, and Vietnam); photography in Scotland; and student teaching in New Zealand.

Summer faculty-led language programs include: intermediate and advanced study in Spanish in Logroño, Spain; French language at all levels with home-stay in Annecy, France; and intensive German at all levels at the Goethe Institute in Freiburg, Germany.

Voluntary Teaching Opportunity

A new offering for students is a volunteer option to teach English in Chile for a ten-week period of time during the summer. Room and board is provided with a family, and teacher volunteers assist in English classrooms. This option may soon be available for credit. For further details, contact the Study Abroad Office.

For additional information about these and other programs, contact the Study Abroad Office, Taggart Student Center 313B, by phone at (435) 797-0601 or (435) 797-1253; or by e-mail at: studyabroad@usu.edu. Detailed information is available on the following website: <http://www.usu.edu/studyabroad/>

Academic Support Programs and Services

Student Support Services

Student Support Services is a special program financed through a federal grant and Utah State University with the purpose of providing additional support to students who meet particular qualifications. The Student Support Services Program seeks to prepare and support students for the challenges of higher education by offering assistance in:

1. academic advising and guidance,
2. tutoring on an individual basis,
3. course selection,
4. faculty/peer mentoring,
5. reading and study skills enrichment (PSY 1750, 1730),
6. mathematics and statistics instruction (MATH 0900, 1010, 1050; and STAT 1040),

7. financial aid planning, and

8. early registration.

To qualify for these services, a student must be an American citizen or permanent resident of the United States, must be registered at Utah State University, must demonstrate academic need for services as defined by the institution, and must meet one of the following U.S. Department of Education criteria:

1. low income, as established by the U.S. Commission of Higher Education;
2. disabled, including physical disabilities and learning disabilities; or
3. first-generation college student, meaning that neither of the student's parents have graduated from a four-year institution of higher education.

For more information, contact Student Support Services, University Inn 103, (435) 797-3372.
