Social Work Program

Utah State University's Social Work Program offers a baccalaureate degree in social work. The program is accredited by the Council on Social Work Education (CSWE) and meets requirements established by the State of Utah for licensure of social service workers.

The program's guiding educational philosophy is based on two broad traditions: (1) generalist social work practice and (2) the Land-grant University heritage. The Social Work Program provides a learning environment for those who seek to acquire knowledge and skill in order to bring about meaningful social change in individuals, groups, communities, and society. The program provides grounding in the fundamental generalist skills, knowledge, and values of social work, such as critical thinking, clarification of personal values, awareness of diversity, professional use of self, and communication and interpersonal relationship skills. The mission of the program is to prepare social workers for beginning practice in a diverse society and to equip students with the knowledge and skills essential to the general tasks of promoting social welfare in institutions such as education, health, employment, housing, and criminal justice.

The program is committed to enhance the quality of life in Utah, the nation, and the world through service learning, leadership development, research, and extension; and is reflective of the fundamental need to adjust social institutions to the democratic and egalitarian ideals of both the university and the social work profession. Social Work at Utah State University recognizes the historic importance of social welfare in balancing the country's economic and social structure. The program is committed to the resolution of contemporary human social problems, such as poverty, racism, discrimination, exploitation and economic injustice.

Program Goals

There are two fundamental goals that guide the Social Work Program:

1. To prepare students for employment as generalist social workers through education in a professional foundation curriculum and selected liberal arts education coursework.
2. To prepare students for advanced education, as well as responsible citizenship in the areas of service and research.

The program is based on a generalist conception of social work and a problem-solving, empowerment, and strengths model of practice. The social work sequence stresses problem solving at the interface of person and environment, which requires that students develop a repertoire of generalist practice skills. The program inculcates in students the knowledge, skills, understanding, and values necessary to perform multi-level assessments and interventions utilizing a theoretical knowledge base. The program is committed to building a student's educa-

tion on a solid base that includes a liberal arts perspective vital to the development of a social worker.

The program endeavors to prepare students for advanced standing in graduate professional programs and to provide a solid academic base for continuing education. To accomplish this, the program facilitates the development of the profession's knowledge, values, and skills; provides a well-rounded liberal arts educational foundation; and teaches good study habits, written and oral communication skills, and the ability to think critically.

The program also endeavors to maintain a campus environment that will foster a sense of community and social responsibility. To accomplish this, the program provides opportunities for service learning, social development, and educational research forums through the state-affiliated National Association of Social Workers student organization and the Social Work Phi Alpha Honor Society.

Career Opportunities

There are many career opportunities for social workers. They practice in a wide variety of public and private agency settings, child welfare, youth services, mental health, criminal justice, hospitals, etc. Social workers also work with diverse client populations. The job market for social workers is expanding, both locally and nationally.

Licensure

In the State of Utah, graduates with a bachelor's degree in Social Work are eligible to be licensed as social service workers upon graduation. Students may obtain further information on licensure from:

Social Work Major

Procedures for Advanced Standing in the Social Work Major. In order to be considered for advanced standing, students must turn in a completed application form by March 1 of the academic year. Applications for admission can be obtained in the Social Work Office, Main 239. At the end of spring semester, when the criteria for advanced standing have been met, eligible students will be ranked according to their grade point average, personal statement, performance on the advanced placement test, and faculty evaluation. The highest ranking students will receive advanced standing, which will allow them to enroll in upper-division practice courses. **Only those students who have completed first- and second-year requirements by the end of spring semester of the application year will be considered for advanced standing.** The primary reasons for this evaluation are: (1) to maintain a high-quality educational experience for students in upper-division practice courses, and (2) to maintain the status of full accreditation by the Council on Social Work Education. Students will receive notification of acceptance in June of the application year. Students who *do not* receive advanced standing are *not allowed* to enroll in upper-division practice courses; they may re-take courses to improve their GPA and reapply for advanced standing during the following year.

Leave of Absence. After admission to Advanced Standing, students may request a leave of absence from the Social Work program. They must contact the program and reapply in March of the year preceding the requested reinstatement.

To be considered for advanced standing, students must meet the following minimum criteria:

1. Completion of the following courses with a C or better: ANTH 1010 (BSS); BIOL 1010 (BLS); ENGL 1010 (CL1), 2010 (CL2); FCHD 1500 (BSS); PSY 1010 (BSS); SOC 1010 (BSS); and SW 2100, 2400.
2. Completion of SW 1010 with a grade of C+ or better.
3. Junior status (61-90 credits) upon application.
4. Maintenance of a minimum overall GPA of 2.5 and a minimum GPA of 2.75 in social work classes.
5. No *Pass-D-Fail* grades in courses required for the major.

Students applying for advanced standing will be evaluated on the following criteria:

1. Social Work GPA of 2.75 or higher and minimum overall GPA of 2.5.
2. Personal statement and self-assessment that includes commitment to and enthusiasm for extracurricular and volunteer activities, career goals, interests, aspirations, and congruence with the NASW values and purposes.
3. Quality of written material.
4. A satisfactory score (70 percent or higher) on the Advanced Placement Test (APT).
5. Faculty evaluation, as indicated by participation, class attendance, and use of self in the classroom and in program-associated activities.

Since Social Work is a professional program whose students should have the capacity to work with vulnerable populations, the program reserves the right to seek additional information, such as references from employers and others. Students should also be aware that if there are any personal data, such as that included on the application for state licensure, which indicates a potential threat to the public safety and welfare, a student may be denied advanced standing in the program. Students turned down for advanced standing will be assisted in finding a more suitable major *or* may reapply during the following year.

To maintain advanced standing and eligibility for graduation as a Social Work Major, a student: (1) must obtain a B- or better in SW 3050, 4150, and 4160; (2) must have completed SW 1010 with a C+ or better; (3) must maintain a minimum overall GPA of 2.5 or better and a minimum 2.75 GPA in the Social Work Major; (4) must receive a grade of C or better in all other courses required for the major; (5) must not repeat more than once, to improve a grade, any course required for the major; and (6) must not receive a *Pass-D-Fail* grade for any course required for the major.

Transfer of Credit Policy

Students who transfer to the USU Social Work Program are required to complete an application for transfer credit. Students may substitute certain social work classes taken at other Council of Social Work Education (CSWE) accredited programs for USU courses. Course approval must be sought from the student's advisor. When petitioning for a substitution, the student is responsible to meet with an advisor and fill out a transfer of credit form, available in Main 239. Social work courses taken ten or more years ago *cannot* ordinarily serve as substitutes. Courses taken in a department or program *not accredited* by the CSWE *cannot* ordinarily serve as substitutes for the USU Social Work courses *unless* they have been covered in an articulation agreement.

The following regulations apply to transfer students: (1) A transfer credit application, with official transcripts from all institutions previously attended, must be submitted. (2) The transcripts must reflect a cumulative grade point average of at least 2.5 (on a 4.0 scale) and a 2.75 GPA in all social work courses. (3) The credentials of students seeking transfer to the Utah State University Social Work Program will be evaluated on an individual basis. (4) University Studies Depth Education Requirements must be completed by *all* students, including transfer students who have earned an associate degree.

The following courses, or their equivalents, will be considered for transfer credit: ANTH 1010 (BSS); BIOL 1010 (BLS); ENGL 1010 (CL1), 2010 (CL2); FCHD 1500 (BSS); PSY 1010 (BSS); SOC 1010 (BSS); STAT 1040 (QL); SW 1010, 2100, and 2400. Students transferring from junior colleges will be required to apply for advanced standing and take upper-division social work courses at USU. Only those social work courses taken within the last ten years will be considered. Students transferring credits from CSWE accredited programs must apply for advanced standing, arrange to take the Advanced Placement Test (APT) during spring semester before they arrive on campus, and take SW 3050 (Practice I), SW 4150 (Practice II), SW 4160 (Practice III), SW 4870 (Beginning Field Practicum), SW 5350 (Social Welfare Policy), and SW 5870 (Advanced Field Practicum) with the USU Social Work Program.

Social Work faculty members review applications for advanced standing to qualify students to enroll in upper-division practice classes. Advanced standing is based on the following criteria: (1) completion of ANTH 1010 (BSS); BIOL 1010 (BLS); ENGL 1010 (CL1), 2010 (CL2); FCHD 1500 (BSS); PSY 1010 (BSS); SOC 1010 (BSS); and SW 2100, 2400 with a grade of C or better; (2) completion of SW 1010 with a grade of C+ or better; (3) junior status (61-90 credits); (4) maintenance of a minimum overall GPA of 2.5 and a minimum GPA of 2.75 in social work classes; (5) a passing score on the Advanced Placement Test (APT), which is a score of 70 percent or higher; and (6) no *Pass-D-Fail* grades received in courses required for the major. Students transferring to USU should obtain and complete a copy of the social work advanced standing application and send the application to the Social Work Program by March 1, prior to the fall semester in which they intend to transfer.

Students transferring to USU should be advised that social work education is a professional program designed to prepare competent and effective social work professionals. Coursework is based upon a specific body of knowledge, values, and professional skills. Therefore, if students have not completed the required criteria for advanced standing, completion of their educational program could take additional time. For more information about the Social Work Program, call (435) 797-1286, or visit the Social Work website at: <http://www.usu.edu/sswa/sw.htm>

Procedures for Admission to Field Practicum

Students must complete 480 clock hours of supervised field practicum and integrative seminar coursework. The field practicum courses are SW 4870 (Beginning Field Practicum) and SW 5870 (Advanced Field Practicum). Students may register for SW 4870 only after making application with the practicum director. Application must be made during the spring semester of the academic year prior to enrollment in the practicum, and is due by February 20. Applications are available in Main 239. No applications for the practicum will be accepted from students who will not complete all required coursework by the end of spring semester. Applicants must take the Generalist Practice Test (GPT), on which they must receive a satisfactory (70 percent or higher) score. Students may contact the practicum director, Dr. Diane Calloway-Graham, with questions or concerns (diane.calloway-graham@usu.edu).

The following are eligibility criteria for admission to the field practicum:

1. Senior status (92-120 credits completed) by the end of the spring semester in which the student applies. Only those students who are candidates for the baccalaureate degree in social work may be admitted to the field practicum.
2. Completion of University Studies program (including Depth Education Requirements) and all social work courses, with the exception of SW 5350.
3. A grade of *B-* or better in SW 3050, 4150, and 4160.

5. No *Pass-D-Fail* grades received in courses required for the major.
6. Demonstration of appropriate professional, moral, and ethical character, and must abide by the National Association of Social Work (NASW) code of ethics.
7. Maintenance of an overall minimum GPA of 2.5 and a 2.75 minimum GPA in the Social Work Major.
8. A satisfactory score (70 percent or higher) on the Generalist Practice Test (GPT).

Students are encouraged to tailor their choice of electives toward their practicum choices.

Students should also be aware that if there are any personal data, such as that included on the application for state licensure, which indicates a potential threat to the public safety and welfare, a student may be denied continuation in the program. If a student is denied admission to the practicum, the faculty will review his or her file upon request.

Students entering the practicum cannot ordinarily begin their placement earlier than the start of fall semester. If they do so, this practice falls outside of the Social Work Program's responsibility, and any accrued hours will not count toward the practicum.

Students entering the field practicum are strongly encouraged to join the NASW and be involved in the NASW Student Program Unit.

Social Work Student Organizations

The Social Work Program recognizes the importance of students having opportunities to learn and socialize outside of the classroom. Students are encouraged to be become involved with the NASW student organization, as well as the USU Social Work Program Theta Gamma chapter of the Phi Alpha Honor Society. Information is available in Main 239.

Advising Assignments

The Social Work Program utilizes peer advisors to answer general questions and to help students develop academic plans for their major. Students are encouraged to seek help from these peer advisors. Students are assigned to a faculty advisor according to the first letter of their last name, as follows:

A-D	Diane Calloway-Graham (diane.calloway-graham@usu.edu)
E-H	Susan Dawson (susan.dawson@usu.edu)
