DEAR AGGIE PARENT
Letter From The President

WELCOME TO UTAH STATE UNIVERSITY, HOME OF THE AGGIES

We hope the next few years are full of learning and growth for your student, and that you feel welcomed as a member of the Aggie family. As the parent of an Aggie, I have seen firsthand the personal growth that occurs as students participate in the learning, discovery, and engagement available at this world-class university.

Students regularly cite parents among the greatest influences in their lives. We recognize you are a tremendous partner in helping your student reach his or her goals. We thank you for your influence and support as your student experiences both the successes and challenges that will shape his or her experience as a learner.

Whether you are a returning parent, a first-time parent, or alumni, this handbook will provide you with resources and information to help support your students transition to college.

Welcome to Utah State, and welcome to the Aggie family.

Sincerely,

Noelle E. Cockett, President

WHAT IS FERPA

The Family Educational Rights and Privacy Act (FERPA) is a U.S. federal law that protects the privacy of student educational records. FERPA protects your student’s rights by ensuring we don’t release any information to anyone without their consent; that includes you, as parents. In order for you to have access to this information, your student will need to go to myid.usu.edu, and assign you as a delegate. To find out more about FERPA, visit usu.edu/registrar/ferpa-info
The USU Alumni Association is located in the new Welcome Center. If you’re on campus, stop by for a free Aggie Ice Cream coupon!

WHAT IS AN AGGIE

Aggie: an agricultural school or college; also: a student at such an institution.

“When I ask people where they went to school, they always reply, “I’m an Aggie.” People do not just graduate from USU; it becomes a way of life. I will forever bleed blue!”

- Sian Smith

“Being an Aggie means you are part of something larger than yourself. You are part of the Aggie family, connected to other Aggies around the world. It changes you forever. It becomes who you are. Suddenly ‘I’m an Aggie!’ takes on a whole new meaning.”

- Scott Olson

SHOW ME THE TRUE-BLOODED AGGIE

The mission of the Alumni Association is to contribute to the success of Utah State University by providing opportunities for meaningful, lifelong involvement for its alumni, students, and friends.

PARENT ORIENTATION

The college years are a time of transition for young people and their parents. There is no way to move through such an important passage without some feelings of dislocation and loss. But information and insight can help parents negotiate this significant and often neglected phase of their children’s lives.

– Karen Coburn & Madge Treeger
“Letting Go: A Parent’s Guide to Understanding the College Years”

ADVICE FOR AN AGGIE PARENT
usu.edu/parents/tips

SOME BASIC FACTS PARENTS SHOULD KNOW:

2/3 of all jobs will require postsecondary education by 2020.
People with bachelor’s degrees earn about $1 million more in additional income over their lifetime than those without.
Financial difficulties are the number one reason students drop out, according to self-reported data.
Less than 60% of students who start toward a 4-year degree complete it within 6 years.
Students who feel a connection to campus and are engaged with co- and extra-curricular activities are more likely to graduate.

PARENTS SHOULD ENCOURAGE THEIR STUDENT TO DO THE FOLLOWING IN ORDER TO HELP THEM GRADUATE ON TIME:

Enroll in USU 1010: University Connections.
Meet with an advisor to create an academic plan.
Enroll in the right 15 credits each semester (or 30 credits each year).
Complete the FAFSA each fall, even if you don’t think they are Pell-eligible (most scholarships require a completed FAFSA).
Go to usu.awardspring.com each January to find and apply for scholarships.
Get involved with co- and extra-curricular activities (this includes clubs, intramural sports, research with faculty, leadership, etc.).
Create a 4-year financial plan.

WHAT USU IS DOING TO HELP STUDENTS COMPLETE:

The University Catalog has suggested 4-year plans for each major (see catalog.usu.edu and select Degree Maps).
Thrive.usu.edu: helps students do more than just survive. This includes a media library full of stories of persistence.
The variety of resources found in this guidebook. Student fees help pay for these services so students should use them.

WHAT IS CONNECTIONS

USU 1010 Connections is a two-credit academic course designed to ease your student’s transition to Utah State and prepare them for college. It is an optional course, but highly recommended to gain an edge and learn exactly what it takes to be successful at USU.

“...was very effective in helping me transition to Utah State University. She helped us know how to read a class syllabus and encouraged us to stay organized. She gave us a taste of different programs we can become involved in, such as the Honors Program, the Service-Learning Program, and the Study Abroad Program. She helped us know what to expect and what we needed to do to be ready for college.”

WHY STUDENTS NEED GENERAL EDUCATION COURSES

Students and parents sometimes question the need for general education classes that appear to have little relevance to a student’s major or career. The data in the table below demonstrates the remarkable overlap between 21st-century jobs skills and general education outcomes.

UNDERGRADUATE COST OF ATTENDANCE

Paying for college can be a source of apprehension for both parents and students. Let us take some of the mystery out of the process by explaining the charges you can expect.

TUITION AND FEES

Each year the university publishes a tuition and fee table outlining charges students pay based on the number of credits they take. These charts show not only tuition, but also student fees each student pays per semester to maintain campus services and resources. Some courses also have additional course fees for things not covered by tuition, such as lab supplies or PE equipment.

1. In addition to these regular tuition and fees, there will also be differential tuition for certain courses.
2. Students who live out of state are charged tuition-only rates for online courses.

CREDIT LOAD

Because 12-18 credits are the same price, students can save thousands of dollars in tuition and fees by taking 15 credits each semester, rather than 12. Every student is different, but overall, students who take 15 credits have higher GPAs than those who take less.

FINANCIAL AID (FAFSA)

Complete a FAFSA as early as possible because some funds are given on a first-come, first-served basis. Financial aid counselors can answer questions about federal aid, and help navigate the often-overwhelming process of paying for college.

PELL GRANTS

Money is given by the government based on financial need. Does not need to be repaid.

WORK STUDY

Part-time work at the university, award based on financial need. A completed FAFSA is required.

STUDENT LOANS

Low-interest federal loans paid back over 10+ years after leaving school.

SCHOLARSHIPS

With a few exceptions, incoming student scholarships have been awarded by the time Aggie Orientation begins. Fall 2018 incoming students were awarded scholarships according to the parameters listed on the admissions page, provided they applied for USU by the deadline. In the future, students can apply for continuing-student scholarships at scholarships.usu.edu. Deadlines vary, but are typically around January or February for the following school year.

Check with your local city offices, financial institutions, and employers to see if they offer scholarships.

STUDENT EMPLOYMENT

Students can find on-campus, off-campus, and work-study jobs through the Aggie Handshake link in the MyUSU portal. We recommend full-time students work no more than 20 hours per week in order to maintain balance.
Campus Recreation provides wellness and healthy lifestyle-oriented programs, events, and services to USU students and employees via five program areas.

AGGIE RECREATION CENTER (ARC)

Our new 105,000 square foot, state-of-the-art facility offers plenty of features and gives students a space to escape books, recharge the body, and clear the mind.

- 50 foot climbing wall & rappel ledge
- Indoor/outdoor basketball
- Elevated indoor track
- Weight & cardio rooms
- Lighted sand volleyball
- Fitness studios & classes

FITNESS & WELLNESS

For students looking to get or stay in shape, join a class: Strength & Conditioning, Core, Cycling, HIIT, Kickboxing, Powersculpt, Yoga, or Zumba.

CLUB SPORTS

A competitive outlet for students to test their individual and team skills against club sports from other universities. Sports include Baseball, Cycling, Hockey, Lacrosse, Racquetball, Redeo, Rugby, Soccer (M), Swimming, Ultimate, and Volleyball.

AQUATICS

A 6-lane, 25-yard lap pool with high and low diving boards, and a 6-lane leisure pool. Classes and lessons, water aerobics, kayaking, and specialized programming like log rolling and flick n’ floats.

INTRAMURALS

Students can enjoy co-ed, male and female-only competitive sports. Students can join a team or create one. Sports include Flag Football, Soccer, Futsal, Volleyball, Basketball, Softball, and Tennis.

OUTDOOR PROGRAMS (OP)

Located inside the ARC, OP offers all of the gear students need for camping, climbing, winter excursions, or a day on the water.

Our guided trips give a once in a lifetime experience to meet friends, create long-lasting memories, and explore new adventures.
