**Academic Success Center**

As part of the Student Achievement Collaborative Team, our unit provides the following services to assist students in their academic pursuits:

*USU 1730 - Strategies for Academic Success*

A three credit, seven-week course that is taught twice each semester. USU 1730 is a dynamic, hands-on course designed to help students develop learning, study, and critical thinking strategies necessary for college success. Offered fall, spring, and summer semesters.

*Supplemental Instruction (SI)*

This is an academic assistance program that utilizes peer-assisted study sessions. SI sessions are regularly scheduled, informal review sessions in which students compare notes, discuss readings, develop organizational tools, and predict test items. Students learn how to integrate course content and study skills while working together. The sessions are facilitated by “SI leaders”, students who have previously done well in the course and who attend all class lectures, take notes, and act as model students.

We have idea sheets available to students on many different topics that can be a benefit to them. You may access the services available at the following link [https://www.usu.edu/asc](https://www.usu.edu/asc).

**Advancement**

USU Advancement elevates philanthropy and engagement by cultivating meaningful relationships with donors and alumni. We collaborate with campus colleagues to plan effective events, invitations, mailing lists, and other fundraising/alumni activities. We have at least one development officer in every college who leads the fundraising activities for their area(s). For more information please visit [https://www.usu.edu/advancement/](https://www.usu.edu/advancement/).

**Aggie Blue Bikes**

Aggie Blue Bikes works to remove barriers that people face when they make the choice to bike commute. Aggie Blue Bikes provides rentals to faculty for $6 a semester. Aggie Blue Bikes also has space to assist cyclists with their personal bikes. Basic items are available for purchase and there is a variety of donated parts that can be used for free. To find out more about Aggie Blue Bikes visit [abb.usu.edu/](http://abb.usu.edu/).

Bear River Charter School

Bear River Charter School (BRCS) is a free K-8 public charter school in Logan established in 1995 and ranked in the top 10% of all Utah schools. BRCS features an educational program based on the individual needs of each student in classes capped at 20 students. BRCS provides a positive, dynamic social and educational environment for students diverse in learning needs, race/ethnicity, and language background. More information can be found at https://bearrivercharter.org.

Caine College of the Arts

The Caine College of the Arts celebrates the unique power of the arts to illuminate, transform, and inspire the human spirit. We are home to the Departments of Art + Design, Music and Theatre Arts. The Caine College of the Arts has a world-class Visiting Artists & Scholars program that brings nationally renowned artists and designers to campus. We also host hundreds of events per semester, most of which are free for USU students. We seek to make the arts more visible, more innovative, and more fully integrated into the intellectual life of Utah State University and the communities it serves. Please check out our website at: https://cca.usu.edu.

Campus Store

Aggie spirit is one of our main priorities, so we offer a 10% discount to all faculty members on Aggie gear purchases 365 days a year. Just show your ID card in-store or use promo code usufaculty at checkout on our website. We also have faculty sales a couple times a year so watch your boxes for those deals. Another main priority for us is to provide course materials for students with your help. We know it can be a daunting task for faculty to select those materials, but we're here for you! We can assist by putting you in contact with publisher's representatives, providing you with additional resources to help narrow down your choices, or helping to assemble and print custom course readers. For more information, please visit https://campusstore.usu.edu/t-facultytextbookinfo.aspx or feel free to contact any of our knowledgeable staff at textbooks@usu.edu.

Center for Innovative Design & Instruction

The Center for Innovative Design and Instruction (CIDI) helps university instructors and administrators create and maintain high quality learning environments by providing access to practical tools, relevant data, prompt and effective support, consultation, hands-on training, and interaction with peers. CIDI also produces e-learning courseware for a variety of delivery formats in partnership with university faculty and staff.
We also run the Empowering Teaching Excellence program, which elevates and promotes USU’s culture of teaching excellence through programming that fosters expertise, scholarship, excellence, and collaboration in teaching.

**Center for Persons with Disabilities**

**College of Agriculture and Applied Sciences**

The College of Agriculture and Applied Sciences (CAAS) includes six departments: Animal, Dairy and Veterinary Sciences; Nutrition, Dietetics and Food Sciences; Applied Economics; Landscape Architecture and Environmental Planning; Plants, Soils and Climate; and the School of Applied Sciences, Technology and Education. CAAS is also home to Utah’s only vet school, the School of Veterinary Medicine, which is a partnership with Washington State University. The college awards 415 scholarships each year, offers more than 75 degrees, has 99% job placement for education graduates, is ranked as the number one agricultural college in the nation by Campus Explorer, and boasts a 98% pass rate on the registered dietitian exam for dietetics students. The mission of the college is to enhance the lives of people through education, discovery and outreach, which collectively guide the ethical and sustainable use of land, food, water, and economic resources, thereby improving the health and well-being of humans, plants, animals and the environment. Learn more at caas.usu.edu.

**College of Engineering**

The College of Engineering at Utah State University is one of the premier engineering schools in the Intermountain West. We are leading advanced research across multiple disciplines including water resources engineering and space-science engineering. We’re home to the world-renowned Utah Water Research Lab and one of the country’s first academic departments dedicated to engineering education. We foster a creative and inclusive learning environment where students and faculty are empowered with the knowledge and experience to become the leaders who will improve tomorrow’s economy, environment, and society.

**College of Humanities and Social Sciences**

The College of Humanities and Social Sciences focuses on our lives as humans. What do we remember? How do we coexist? How do we bridge cultures? Literature, languages, history, philosophy, communication in all its forms, all asking Quales sumus? Who are we?

**College of Science**

USU’s College of Science, which includes the academic departments of Biology, Chemistry & Biochemistry, Computer Science, Geosciences, Mathematics & Statistics and Physics, welcomes you to the university and to Cache Valley. Our mission is to create, share, and apply new knowledge within both our academic and broader communities, and to train students in an environment that nurtures growth and inspires solutions to societal and environmental challenges. We invite you to visit the following online resources for helpful information:

- Faculty and Staff Resources
- Outreach and Family Information
- Science Unwrapped
- Visit us on: Facebook, Twitter, and Instagram

**Counseling and Psychological Services**

Counseling and Psychological Services (CAPS) promotes student development by teaching emotional intelligence, healthy relationships, self-reliance and resilience. We provide counseling services to currently enrolled USU students. Our scope of services include: clinical and crisis consultations, individual and group counseling, psycho-educational evaluations, outreach and consultation services to USU departments, workshops, and a self-help resource library. CAPS is open M-F 8:00 am – 5:00 pm.

Edith Bowen Laboratory School
https://edithbowen.usu.edu/

Emma Eccles Jones College of Education and Human Services

The Emma Eccles Jones College of Education and Human Services is home to eight departments and is committed to providing the best learning opportunities and educational research in the state of Utah. Our programs are strengthened by an on-campus elementary laboratory school and five stand-alone centers, including the Sorenson Legacy Foundation Center for Clinical Excellence. These offer clinical services to the community across the human lifespan and provide students with real-world service and research opportunities. Our college is ranked in the top 3% nationally and #1 in Utah, with over $40 million in external research funding.

Global Engagement and International Education

The Office of Global Engagement oversees and facilitates study abroad programs, immigration advising for international students and visiting scholars, Fulbright programs, and international agreements. We strive to make USU a warm, welcoming, and diverse community of global citizens. If it's global, contact us.

Honors Program

The University Honors Program creates a cross-disciplinary community of students and faculty brave enough to take Horace’s ancient challenge: Sapere Aude—or Dare to Know. Faculty teach experiential seminars and mentor students in research and creative work, study abroad, internships, and community-engaged learning. With help from their mentors, honors students shape and articulate the lasting value of their undergraduate experience.

Jon M. Huntsman School of Business

The mission of the Jon M. Huntsman School of Business is to develop leaders of distinction in commerce and public affairs. Its purpose is to be an engine of growth for our community, the state, the nation, and the world, and to enable our students to lead lives of meaning and contribution. With seven undergraduate majors, fifteen minors, six graduate degrees, and a broad portfolio of extra-curricular activities, Huntsman students have a variety of options to develop the knowledge and skills needed for career and personal success and fulfillment. Delivered in a state of the art teaching facility in Logan, and at locations throughout the state of Utah and across the globe, our programs are focused around our four pillars: Ethical Leadership, Entrepreneurial Spirit, Analytical Rigor, and Global Vision.

Latinx Cultural Center

Now in its second year, the Latinx Cultural Center at USU provides visibility, community, and recognition for all who are invested in the health, wellbeing, and success of the Latinx demographic in northern Utah. Currently located in the second floor of the Merrill-Cazier Library, the Latinx Cultural Center hosts and sponsors events that work to educate
audiences about issues concerning the Latinx community, as well as to provide representation for individuals who identify with this historically marginalized group.

As a unit that is a part of the Provost’s Office, the Latinx Cultural Center delights in enhancing the University’s mission as a land-grant university, and also to support the cause of inclusion and diversity at Utah State University. Dr. Christopher González, Director, invites you to stop by the Latinx Cultural Center as a part of your welcome to USU!

**Merrill-Cazier Library**

The USU Libraries provide access to almost 2 million print books and journals, 7,600,000 e-books (including over 7 million in the HathiTrust Digital Library), 480,000 government publications, and over 60,000 electronic journals. The USU Special Collections & Archives contain rare book and manuscript collections, western and Mormon historical documents, the university archive of USU, and the Fife Folklore Archives, one of the largest repositories of American folklore in the United States. Many rare items have been digitized and are available online in the Libraries' Digital History Collections and Online Exhibits. Please visit our homepage at: [https://library.usu.edu/](https://library.usu.edu/).

**Nora Eccles Harrison Museum of Art**

The Nora Eccles Harrison Museum of Art (NEHMA) is USU’s modern art museum dedicated to serving as an academic resource for students of all disciplines. Last year, USU professors and K-12 educators used NEHMA field trips and classroom visits to teach clothing design, English as a second language, poetry, and STEM, just to name a few.

To request a visit for your class or see how NEHMA can fit into your curriculum, contact Donna Brown, Head of Academic Initiatives at donna.brown@usu.edu or 435-797-0361 or visit [artmuseum.usu.edu](http://artmuseum.usu.edu). New faculty are invited to attend our Welcome Back event featuring Indian musicians Music of Benares and dinner by Tandoori Oven on August 28th at 4:30 pm.

**Office of Equity**

The Office of Equity enforces USU policies to ensure an equitable environment, free of sexual misconduct and discrimination. It provides prevention education, supportive measures and many other resources dedicated to this effort. The office also works to create a diverse community of students, faculty and staff. More information can be found at [equity.usu.edu](http://equity.usu.edu). Also, resources can be found at [sexualassault.usu.edu](http://sexualassault.usu.edu).

**Office of Research and Graduate Studies**

The Office of Research provides operational, training, funding and compliance support to facilitate a culture of excellence in research, scholarship and creative activity that spans the lifecycle of faculty and students.

**Office of the Vice President for Student Affairs**

The Division of Student Affairs inspires, engages, and challenges students through inclusive, holistic, student-centered programming. The departments within the division are Campus Recreation, Center for Community Engagement, Counseling & Psychological Services, Fraternity & Sorority Life, Residence Life, Student Conduct & Community Standards, Student Health Services, Student Involvement and Leadership, USU Inclusion Center, and the Veterans Resource Center. The Office of the Vice President is located in the Taggart Student Center room 220. More information can be found at [www.studentaffairs.usu.edu](http://www.studentaffairs.usu.edu).

Publication Design and Production

PDP is committed to achieving the highest level of customer satisfaction by meeting all printing, designing, and promotional needs of Utah State University through delivery of quality publications in the most cost effective, economical, and timely fashion. PDP supports the teaching, research and service functions of Utah State University through the production of all types of print media. Working closely with Marketing Communications, PDP produces materials for on-campus distribution and materials destined for Utah State University's external audiences. PDP also operates the Copy Center in the Taggart Student Center. For more information please check out our website at: https://www.usu.edu/pdp.

University Extension

USU Extension provides non-credit education for individuals, families, and communities in Utah through a unique network of offices that serve every county in the state. Extension has 116 faculty and experts who extend the resources and research-based information from USU to Utah communities through live programming and online courses. Program areas include gardening, family finance, relationship education, food safety, emergency preparedness, agriculture, natural resources, and youth programs. Extension also operates the 94-acre USU Botanical Center in Kaysville, the Ogden Botanical Garden in Ogden, and the Swaner EcoCenter in Park City. Extension has programs that have been named Best of State winners for 3 consecutive years. Visit us on Facebook, Twitter (@usuextension) and
Instagram. Additionally, you can see the lasting impact that USU Extension has on communities at: http://extension.usu.edu/impacts.

University Marketing & Communications

In University Marketing and Communications, we are committed to telling the USU story, ensuring that USU’s land-and space-grant mission and values are collectively shared in ways that elevate our reputation and highlight our significant impact on communities around our state, intermountain west, the nation, and the world.

Our mission is to strengthen, amplify, and safeguard the Utah State University brand while fostering a culture of collaboration with college and departmental communicators and marketers to articulate our university-wide strengths. Please visit https://www.usu.edu/prm/ for more information.

Utah Agricultural Experiment Station

The Utah Agricultural Experiment Station (UAES) is part of a network of researchers and facilities at the nation’s land-grant universities and is committed to improving agriculture and natural resources for the people of Utah. Experiment station research provides the science-based information used by Extension specialists and agents to assist people in every state in the nation. At research facilities on the Utah State University campus and throughout the state, the UAES supports hundreds of research projects. It operates labs that test soils, plant tissue, irrigation water and livestock feed. It researches food safety and processing, plant and animal genetics, economic and social forces that shape families and communities, and brings agriculture into harmony with sustainable use of natural resources. The mission of the Utah Agricultural Experiment Station is to generate knowledge and new technology for improving the diverse system of agriculture and natural resources that feed, clothe, house and enhance the environment for Utah’s citizens. Check out our website at: https://uaes.usu.edu/.

USUSA - Student Involvement and Leadership Center

The Utah State University Student Association (USUSA) represents every student at USU. Under the advisement of the Student Involvement and Leadership Center at USU, elected student leaders work with the student body and the administration at the university level to host events, campaign for student-centric initiatives, and advocate for students at USU. More information can be found at: https://ususa.usu.edu/.
