For Office Use Only: Rev'd _____ Ltr/email _____ Mjr Ch sent _____ List _____ ST2 _____

Below is a short statement of my future goals as they relate to the field of Psychology and how I plan to achieve them through my academic studies and practical experience outside the classroom while attending Utah State University.

I am aware of the courses required for the Psychology major. I further recognize that a USU GPA of at least 2.75 is required for graduation with a major in Psychology, and that the GPA on USU Psychology courses must be 3.00 or higher. The GPA on all Psychology courses, USU and transfer, must be 3.00 or higher.

I will submit a schedule plan of my classes from now until graduation. I further understand that no student will be accepted until a schedule plan is submitted.
