October 11 Timber Harvest Tour

Private Forest Landowner Education Program
College of Natural Resources
Logan, Utah 84322-5230

Join us for the second annual Timber Harvest Tour, featuring fall colors and fresh air on the Wasatch Plateau, where we will examine a selective timber harvest operation in progress. From Fairview, we will drive up and over the Energy Loop Scenic Byway to the south shore of Electric Lake. See the application of Utah’s Forest Water Quality Guidelines, with facilitation by foresters from USU Extension, the Utah Division of Forestry, Fire & State Lands, and Emery County.

Schedule: Meet at 9:00 am on Saturday, October 11, 2003 at the Fairview Museum on the corner of First North and First East in Fairview. Transportation will be provided from the museum. An alternate meeting location for those traveling from eastern Utah is the large parking lot at Cleveland Reservoir at 9:20 a.m. Lunch and beverages will be provided, with a scheduled return to the Fairview Museum by 2:00 p.m.

Please RSVP Justin Black by Thursday Oct. 9 @ 435-797-8116 or E-mail him at jub@cc.usu.edu.

Electric Lake is 70 paved miles from Provo, 50 miles from Price, and 20 miles from Fairview.

Co-sponsored by the Intermountain Society of American Foresters.
