Utah Carbon Reduction Initiative
Biomass in the Renewable Energy Portfolio

Carol Hunter

Wednesday, April 16, 2008

5:30 PM Social  6:30 Dinner  7:00 Carol Hunter

Carol is the Vice President of Communication and Division Services for Rocky Mountain Power. She is responsible for communications, human resources, labor relations and business planning and performance reporting. Hunter has served in various management positions in resource planning, wholesale marketing, community and business services, and economic development. She received a bachelor’s degree in mechanical engineering and a master’s degree in business administration from the University of Utah.

Carol will be discussing the role of biomass in the recently passed legislation “Utah Carbon Reduction Initiative.” This is an excellent opportunity to develop an understanding of and relationships with an industry that is looking to expand its renewable energy portfolio.
