I. Chair's Report

A. Information Items

1. Letters of Commendation and Appreciation to Outgoing Trustees

Outgoing Trustees Linda Clark Gillmor, Susan D. Johnson, and Lane L. Thomas were honored at a dinner held Thursday, August 17, 2017, at the President’s home (Appendices A, B, and C).
2. **Oath of Office for Incoming Trustees**

Chair Burnett administered the Oath of Office to incoming Trustees: Kent K. Alder, David G. Butterfield, John Y. Ferry, Crystal C. Maggelet, and Clark L. Whitworth.

3. **Date of the next Board of Trustees Meeting, October 13, 2017 in Logan, Utah**

The meeting will be held in the afternoon to enable Trustees to participate in Homecoming activities that evening.

**B. Discussion Items**

1. **Letters of Commendation and Appreciation to Outgoing Trustees**

Three of the Trustees transitioning off the Board this year, Trustees Gillmor, Johnson and Thomas, were honored at a dinner on Thursday August 17, 2017 (Appendices A, B, and C). The remaining two, Trustees Jibson and Watterson, will be recognized at the next Regular meeting in October.

2. **Trustee Committee Structure**

Chair Burnett spoke about committee assignments. According to the Bylaws, there are two standing committees, the Executive and Audit Committees. Going forward the Athletics, Honorary Degrees and Awards Screening, and Marketing/Public Relations Committees will continue. The Regional Campus System Committee was important during the growth of the regional campuses and during the period of transition with USU Eastern. With the passing of 2017 Senate Bill 238 – Higher Education Governance Revisions (Millner/Wilson, 2017), Trustees are now responsible for final approval of academic programs as long as they fall within the institutional mission. A new Academic Program Approval Committee will replace the Regional Campus System Committee. This Committee will review academic proposals and present their findings to the Board. (Appendix D – Utah System of Higher Education (USHE) presentation regarding Board of Regent and Board of Trustee program approval process) (Appendix E – Regent/Trustee Roles and Authority) (Appendix F – and a New Program Proposal Flowchart). Materials regarding academic changes will be forwarded to the Academic Program Approval committee prior to the meeting.

According to the Bylaws, the Executive Committee membership requires full board approval. The Committee consists of the Chair, Vice Chair, and three other members. With five Trustees transitioning off the Board, Chair Burnett proposed Trustees Peczuh, Alder and Whitworth to serve on this committee. Trustee Peczuh will rotate off the Board next year.
Action: Trustee Huntsman moved to approve the proposed Executive Committee members. Trustee Ferry seconded the motion. The voting was unanimous in the affirmative.

Action: Trustee Holland moved to approve the addition of a new Academic Approval Committee, including the removal of the Regional Campus System Committee. Trustee Huntsman seconded the motion. The voting was unanimous in the affirmative.

3. Differential Tuition Review Process

Chair Burnett and President Cockett spoke about differential tuition at the University and the Board’s responsibilities regarding the accountability of those funds. President Cockett explained both Tier I tuition (rate set by the legislature) and Tier II tuition (first instituted at USU by President Kermit Hall in 2002). Tier II tuition, after being approved by President Cockett, is presented to the USUSA Executive Council and further to the student body (Truth in Tuition hearings.) Some examples of use/need for Tier II tuition funds include: the new ALEKS math placement program, promotion/tenure, employee healthcare premiums, IT and software updates, scholarship funding, and the General Fund. See excerpts from the Utah System of Higher Education (USHE) policies regarding tuition:

https://higheredutah.org/policies/r510-tuition-and-fees/

R510-3. Tuition and Fees

3.1. Uniform First Tier Tuition Rate Increases: A first tier tuition rate increase shall be uniform for all institutions, shall be implemented at the same time, and shall be based on evaluations of current data on inflation and national and regional tuition increases and justified by specific increasing needs in the Utah System of Higher Education.

3.2. Optional Second Tier Tuition Rate Increases: Each institutional President, with the approval of the institutional Board of Trustees, may recommend a second tier tuition rate increase to meet specific institutional needs. Second tier tuition rate increases may apply to all programs equally or may be different for specific programs.

4.1. Differential Tuition: Differential tuition schedules for undergraduate and graduate programs may be authorized by the Board on a case by case basis. In addition to initially approving differential tuition rates for academic programs, differential tuition increases beyond the regular institutional tuition increase proposal should be approved by the Board. The increased revenues from the differential tuition rate charges shall be used by the institution to benefit the impacted program and to help support related campus services. Institutions requesting differential tuition schedules should consult with students in the program and consider the following:

4.1.1. the student and market demand for the program;
4.1.2. the impact of differential tuition rates on student access and retention;
4.1.3. the tuition rates of comparable programs at other institutions;
4.1.4. the potential earnings capacity of program graduates; and
4.1.5. the societal importance of the program.
Trustee Nixon proposed that the Audit Committee establish a timeline and process for auditing differential tuition funds. Nixon also noted that it is our job as Trustees to ensure that proposals are concise and presented with details. Requestors need to understand they must be accountable for the use of the funds.

II. President’s Report

A. Information Items

1. Enrollment

    President Cockett spoke about the complex relationship between enrollment and tuition (Appendix G). Balancing enrollment and tuition is very complex. Some considerations include:
    • the Legislature’s drive to get students through the system in a timely manner and their reluctance to raise tuition
    • full load tuition plateaus
    • changes in requirements for some programs (e.g., new classes STAT 1045/Math 0995)
    • recruitment/scholarship structure
    • incoming freshman/student retention
