C. ASUSU Report

Trustee Tolson reported that he and Spencer Lee, ASUSU Executive Vice President, attended the "Leadershape Conference" in Illinois which focused on leadership training and determining visions and goals. They hope to incorporate
some of the ideas in the Aggie BLUE Fall Leadership training in August. They are recruiting students to attend the leadership training, and hope to raise training to a new level. One goal for ASUSU is to get freshmen and seniors more involved in committees and campus activities. Trustee Tolson is requesting letters from alumni concerning what it means to them to be an Aggie. Each person attending the conference will receive a letter which will hopefully help to instill Aggie pride and a connection with the University family.

D. Alumni Association Report

Trustee Binns expressed appreciation for the opportunity to represent USU alumni. He reported that Wallace Odd retired in May, and Patty Halaufia has been appointed as Executive Director of Alumni Relations. There is good communication between the Alumni Association and the Advancement Office, and Executive Director Halaufia is reviewing internal job assignments and the budget. He stated that the Alumni Relations office does not have a lot of manpower or budget, but will accomplish things in a positive and professional way.

Trustee Binns expressed his appreciation for Paul D. Parkinson, former President of the Alumni Association. He said that Mr. Parkinson represented the alumni well, and is still on the Alumni Council.

Lagoon Family Day was held on July 9. Vice President Peterson indicated that 900 tickets were purchased. The Davis County Alumni Chapter helped with the ice cream social. There was good representation from the University including the Admissions Office, recruiters, faculty, and football players.

Trustee Binns announced that Richard McKinnon, Business Manager for the Alumni Relations Office, had been accepted to law school at the University of Wyoming on a scholarship.

H. Date of the Next Board of Trustees Meetings

The next Board of Trustees meeting will be held on Friday, October 9, 2009.

II. President’s Report

A. Budget Reduction Progress Report

Provost Coward reported that the books for fiscal year 2008-2009 are closed. Funding for USU for 2008-2009 from the state education and general (E & G) funds was cut by $14.5 million. Personnel is the largest part of the E & G budget at 75% — and in the academic units it is approximately 90%. Of the $14.5 million cut, $11 million was taken from personnel. Provost Coward reported that budget cuts were taken in the following areas:

• 34% by eliminating or reducing open.

• 23% through the voluntary separation incentive program. Approximately one/third of the positions left open due to the voluntary separation program will be filled.

• Approximately 18% through reductions and non renewals, or individuals who were terminated.

• 13% through revenue shifts, meaning individuals previously paid by E & G funds will be paid through a different account.

• 11% from discretionary wage pools.

Provost Coward reported that there were 162 fewer employees as of July 1 as follows:

• 57 fewer faculty at a savings of $5.1 million.

• 47 fewer professional employees at a savings of $3.4 million.

• 58 fewer classified employees at a savings of $2.4 million.
Provost Coward said that the budget for 2009-2010 will be cut by an additional $13 million, and more personnel cuts are expected.

B. Enrollment Update

Vice President Morales indicated that in past years, USU experienced enrollment declines. Because of changes and investments, enrollment has increased and significant goals have been achieved. He commended those involved in recruiting efforts, including departments across campus.

Vice President Morales reported that applications for fall semester 2009 have increased 10% over last year. At this time last year, there were 5,700 applications for fall semester, and this year there are 6,300 applications. An increase in applications is a national and local trend. Admittance has been offered to 9% more students than last year, which is approximately 500 more students. Approximately 2,400 students have accepted our offer of admission this year, compared to 2,300 last year at this time.

Vice President Morales stated that they will do everything possible to continue these trends. Enrollment numbers for transfer students and regional campuses are also posting increases. He said everyone needs to continue to influence potential students to attend USU.

Indicators are positive for future enrollment. Vice President Morales listed the following:

- This year 18,800 perspective students attended a USU presentation or college fair, which was 7,000 more students than the previous year.

- This year 7,400 students attended receptions or open houses, which is 2,800 more students than last year.

- 2,700 students have visited campus this year, which is an increase of 588 students over the previous year.

USU recruiters have traveled 205,000 miles in 11 states, which is 95,000 miles more than the previous year. They are actively working to achieve enrollment goals.

Vice President Morales said they will continue to review goals and strategies annually, and will consider exploring new markets within the US as well as internationally.
Retention is important to enrollment numbers. Recruiting is more costly than retaining students. Vice President Morales said that as a solid retention plan is developed and instigated, it will boost not only overall enrollment and FTE, but also revenue.

Vice President Morales said the number of scholarships and waivers awarded will be analyzed in order to help achieve enrollment goals. The net tuition revenue will be considered to determine if there is overspending or underspending.

C. Comprehensive Campaign Report

Vice President Peterson stated that the comprehensive campaign is moving forward and is more focused. At the end of the fiscal year, cash donations increased 11% or $3.1 million more than the previous year ($27.3 million the previous year and $30.4 million this year).

There were thirty new endowments. The goal is to have 200 new endowments by the end of the campaign. There have been 92 new endowments established in the last 3 years.

Vice President Peterson praised the management of USU’s investment pool. He said compared to the national average, USU’s investment pool is not down as much as others.

There was a 15% increase this year in the Athletics Big Blue Drive, or more than $900,000.

Only about 10% of total alumni donate to USU, so there are more than 100,000 alumni to work with. Giving from administration and staff has decreased. Faculty giving has remained about the same.

Vice President Peterson stated that University Advancement has cut back because of the budget reductions. They continue to travel and meet new people and they remain focused on University priorities and goals for colleges and departments. They continue to be optimistic and are more focused and will achieve their goals. Successful events have been held, bringing attention to specific departments. There are many positive things taking place, and they will continue to move forward.

D. College of Eastern Utah Task Force Update

Provost Coward reported that on July 13 the Regents Subcommittee Task Force, which was created by the Regents to review CEU becoming affiliated with USU,
will hold meetings in Blanding and Price and receive feedback from members of
the community. On July 17, the full Board of Regents will consider the proposal

IV. **Action Agenda**

A. **Proposal from the Department of Health, Physical Education and Recreation (HPER) in the Emma Eccles Jones College of Education and Human Services at Utah State University (USU) to Rename the Bachelor of Science (BS) in Physical Education to a BS in Human Movement Science, Effective Fall Semester 2009**

Trustees were given the proposal from the Department of Health, Physical Education and Recreation (HPER) in the Emma Eccles Jones College of Education and Human Services at Utah State University (USU) to rename the Bachelor of Science (BS) in Physical Education to a BS in Human Movement Science, effective fall semester 2009 (Appendix O) for their consideration.

Provost Coward said the change of name to a BS in Human Movement Science reflects national trends which are changing from the term “physical education.” It reflects the broader science in the programs. This will improve the opportunities for students when they graduate.

(See action below.)

B. **Proposal from the Department of Economics and Finance in the Huntsman School of Business at Utah State University (USU) to Offer a Minor in Quantitative Finance, Effective Fall 2009**

Trustees were given the proposal from the Department of Economics and Finance in the Huntsman School of Business at Utah State University (USU) to offer a minor in Quantitative Finance, effective fall 2009 (Appendix P) for their consideration.

Provost Coward said the request to offer a minor in Quantitative Finance is due to a growing interest in the business and finance world of having individuals with strong quantitative and analysis skills. This is a reflection of what they believe is the demand in the industry.

**Action:** Trustee Binns moved approval of Resolution 09-7-14 the proposal from the Department of Health, Physical Education and Recreation (HPER) in the Emma Eccles Jones College of Education and Human Services at Utah State University (USU) to rename the Bachelor of Science (BS) in Physical Education to a BS in Human Movement Science, effective fall semester 2009 (Appendix O), and Resolution 09-7-15 the proposal from the Department of Economics and Finance in the Huntsman School of Business at Utah State University (USU) to offer a minor in Quantitative Finance, effective fall 2009 (Appendix P). Trustee Foley seconded the motion, and the voting was unanimous in the affirmative.
C. Refunding of Series 1999A Student Fee and Housing System Revenue Bonds

Trustees were given the proposal for refunding of series 1999A student fee and housing revenue bonds (Appendix Q) for their consideration.

Vice President Hunsaker stated that when the student fee and housing system bond was issued in 1999, USU gave up some interest in order to have a callable date. The first callable date is September 1, 2009, meaning we are able to refund the bond and refinance in order to take advantage of lower interest rates. The lower interest rate, if the market remains where it is, will be a savings of almost 4.31% on the debt service component. The recommended savings is 3%. That is subject to the interest rate market between now and September 1.

Action: Trustee Jibson moved approval of Resolution 09-7-16 the refunding of series 1999A student fee and housing revenue bonds (Appendix Q), and Trustee Cook seconded the motion. The voting was unanimous in the affirmative.

D. Debt Service Coverage

Vice President Hunsaker reported on the three bond systems as follows:

- Student Fee and Housing System – the earnings are required to exceed the payment by 1.1 times. We have 1.31 times, so we exceed the requirement of the bond covenants.

- Stadium/Spectrum Recreational Facility Bond – the earnings are required to exceed the payment by 1.1 times. We have 1.39 times, so we exceed the requirement.

- Research Revenue System – the earnings are required to exceed the payment by 2.5 times. We have 8.4 times the requirement, so we exceed the requirement by a healthy margin.

E. Tenure and Promotion Decisions 2009 (Addendum to Tenure and Promotion Resolution Approved April 10, 2009)

Trustees were given Tenure and Promotion Decisions 2009 (an addendum to the Tenure and Promotion Resolution which was approved by the Trustees on April 10, 2009) (Appendix R) for their consideration.

Provost Coward stated that there are two tenure and promotion recommendations for consideration. These additional recommendations were reviewed following the Faculty Code as were the previous promotions. He recommended that the promotions be approved by the Board.
Action: Trustee Jibson moved approval of Resolution 09-7-17, the tenure and Promotion Decisions for 2009 (Appendix R), and Trustee Foley seconded the motion. The voting was unanimous in the affirmative.

Action: Trustee Tolson moved that the meeting adjourn, and Trustee Binns seconded the motion.

The Regular Meeting adjourned at 11:30 a.m.
