

Creating **STUDY GUIDES**

Some instructors provide study guides for tests. Creating one for yourself is even better. The following tips will help you design a study guide that is both effective and engaging.

Condense

- Use Simple Language
- Paraphrase in Your Own Words
- Use Simple Language
- Make It Visual & Interactive

Visualize

- Predict Exam Questions
- Compare & Contrast Concepts
- Relate Ideas to Real Life

Create

- Create Examples and Models
- Relate Concepts to Personal Experiences
- Collaborate with Your Classmates
