

Private Lessons

- We will have limited offerings but there is potential for additional openings, so signing up for the waitlist via Rec Portal is important. We will not be able to add people to the waitlist via email.
- Upon registering for a private lesson slot, you will receive an email from USU Aquatics or the Coordinator of Aquatics with more details on scheduling your lessons. We will pair you with an instructor that best matches your level and availability.
- As soon as you are paired with an instructor, they will reach out to schedule 8 lessons with you through the subsequent semester. Cancellations must be communicated 24 hours in advance. Cancellations of a scheduled lesson less than 24 hours before will result in a no-show lesson and you will forfeit that lesson from your set of 8. Any lessons not used by the end of the semester (Fall, Spring, and Summer) will be forfeited.
