Company Address

Dear Contact Name,

Joining the team at AgReserves is an unmatched opportunity. I had the opportunity to meet (recruiter name) during a presentation in one of my classes at Utah State University. The company's diversified touch through its three divisions is very appealing as I am very interested in working for a multinational organization. Additionally (recruiter name) and through my internship experience with AgReserves, I value the strong and supportive company culture. I am looking to join a team to make an impact, not just find a job. As a senior at Utah State University majoring in Agribusiness, I am eager to apply for your Loan Specialist position.

Having lived in many small communities in Utah where the agriculture was very prevalent, my goal has been to work in agriculture since high school. One of my favorite and most impactful experiences was doing an internship with AgReserves last summer. I was an intern in the Row Crops division and developed many strengths in collaboration, communication, and crop knowledge. One of the most impactful experiences was communicating with the various farmers to understand their needs and challenges. From those conversations, I was able to brainstorm solutions with my team and supervisor for us to share to the farmers. I can directly apply this experience to the Loan Specialist position. At the end of my internship, I got to present to a group of leaders about the highlights of my internship. This was a great opportunity to work on public speaking, articulate accomplishments and challenges to leaders, and experience the collaborative support the company has created.

Besides my education and internship with AgReserves, I have worked for 2 years at an insurance company preparing and reviewing important documents. Combined, I am confident I will be a successful Loan Specialist and contribute very positively to the team and organization. I truly look forward for the opportunity to take my next career step with AgReserves. Thank you for your time and consideration. I look forward to hearing back from you.

Sincerely,
