As a land-grant institution, Utah State University campuses and centers reside and operate on the territories of the eight tribes of Utah, who have been living, working, and residing on this land from time immemorial. These tribes are the Confederated Tribes of the Goshute Indians, Navajo Nation, Ute Indian Tribe, Northwestern Band of Shoshone, Paiute Indian Tribe of Utah, San Juan Southern Paiute, Skull Valley Band of Goshute, and White Mesa Band of the Ute Mountain Ute. We acknowledge these lands carry the stories of these Nations and their struggles for survival and identity. We recognize Elders past and present as peoples who have cared for, and continue to care for, the land. In offering this land acknowledgment, we affirm Indigenous self-governance history, experiences, and resiliency of the Native people who are still here today.

MESSAGE FROM THE PRESIDENT
ELIZABETH R. CANTWELL

Dear Esteemed Graduates,

On this extraordinary day, I extend my warmest congratulations to you, Utah State University’s graduating class of 2024. As we gather to celebrate your achievements, I am deeply honored to address you for the first time as the president of our esteemed institution.

Your journey to this moment has been marked by dedication, resilience, and a profound commitment to excellence whether you pursued your studies online, on campus, or across our beautiful state. Each of you has played an integral role in advancing our university’s mission as a public service institution.

As we look ahead to the future, I am filled with optimism and confidence in your ability to make a meaningful impact in the world. Armed with the knowledge, skills, and values instilled by your education at Utah State, you are well-equipped to address the challenges of our time with integrity and compassion.

As you embark on the next chapter of your journey, I urge you to embrace the opportunities that come your way and to continue striving for excellence in all that you do. Remember that you are not just graduates of Utah State, but ambassadors of change and champions of the greater good.

Wherever your paths may lead, may you continue to embody the spirit of service and innovation that defines our university. Congratulations, class of 2024! Your achievements are a testament to your hard work and determination, and I am honored to celebrate this momentous occasion with you.

With warm regards,

Dr. Elizabeth R. Cantwell
President, Utah State University
THE MACE

The history of academic maces dates back to their origins as weapons of war, depicted in ancient Egyptian art. Over time, they were used by campus officials in the Middle Ages to maintain order. Today, university maces primarily serve as symbolic representations of tradition, commonly appearing at solemn events like commencement ceremonies. This symbolism reflects the profound academic journey of students, paralleling the significance of the commencement ceremony itself, which celebrates beginnings and the promise of personal growth through education.

CEREMONIAL MACE

Utah State University’s mace, with its lantern-like head marked with an ‘A,’ serves as a ceremonial beacon inspired by the Luminary ceremony and the tradition of lighting the ‘A’ atop Old Main. While modern, the mace’s enduring design incorporates several elements symbolizing the history and values of Utah State University.

At the top of the mace sits a marble known as an Aggie, reminiscent of our institution’s early days as the state’s agricultural college. The mace’s design includes two beehives—one near the top and another at the base—symbolizing the industriousness and vitality of the Beehive State. Depictions of the Aggie bull adorn each corner of the lantern, symbolizing the strength, diligence, and resilience of Utah State Aggies. Below the inscription of ‘USU’ on the mace’s head, thistle vines intertwine, evoking USU’s agricultural heritage as the state’s land-grant university.

Situated at the base of the mace’s light is Utah’s state flower, the Sego Lily, serving as a symbol of the resilience and resourcefulness ingrained in the Aggie family.

The mace’s twisted handle represents the staircase found on Old Main Hill and symbolizes progress, growth, and discovery. At the handle’s base lies the university seal, reflecting the three pillars of our foundation as a land-grant institution: research, public service, and teaching.

Utah State University’s mace stands as a powerful embodiment of the institution’s rich history, enduring values, and commitment to guiding Aggies toward a bright and prosperous future.

Our deepest appreciation to Joe Needham of S.E. Needham Jewelers and Professor Dennis Hassan and Dean Nicholas Morrison from the Utah State University Caine College of the Arts for their artistic vision and attention to detail in designing and creating the mace.
ACADEMIC HERALDRY

The history of academic heraldry reaches back into the early days of the university. In England in the fourteenth century, the statutes of certain colleges forbade “excess in apparel” and prescribed the wearing of a long gown. Hoods were used to cover the head until replaced by the skull cap and later academic caps. When American colleges and universities decided to adopt some suitable system of academic apparel, it seemed best to agree on one that all might follow. Accordingly, there was held on May 16, 1895, at Columbia University, a conference of representatives of the boards of various interested institutions. From that meeting came a code of academic dress for the colleges and universities of the United States.

GOWNS
The academic gown for the associate and bachelor’s degrees has pointed sleeves and is designed to be worn closed. The gown for the master’s degree has an oblong sleeve, open at the wrist. The sleeve base hangs down in the traditional manner. The rear part of its oblong shape is square cut, and the front part has an arc cut away. It is designed this way so that it can be worn open or closed. The gown for the doctoral degree has bell-shaped sleeves and may be worn open or closed.

HOODS
Academic hoods are worn by recipients of advanced degrees. The master’s degree hoods are three-and-one-half feet in length and are lined with the official color or colors of the college or university conferring the degree, which at Utah State University are navy blue and white, displayed in a heraldic chevron. The doctoral hood consists of a larger and longer assemblage of institutional color draped over the recipient’s shoulders and falling well down the back. The binding or edging of the hoods is of velvet or velveteen, three inches wide for the master’s degree and five inches wide for the doctoral degree.

CAPS
Academic caps come in two forms: the traditional mortarboard (from Oxford) or square cap; and a soft cap that resembles an oversized beret (from Cambridge). The mortarboard used by Utah State University is worn with a tassel. The color of the tassel designates the graduate’s major field of learning, and gold tassels indicate doctors and the governing officials of institutions.

COLORS
For all academic purposes, including trimmings of doctoral gowns, edging of hoods and tassels of caps, the colors associated with the different academic disciplines are as follows:

- Agriculture and Applied Sciences, *Maize*
- Arts, *Brown*
- Business, *Drab*
- Education and Human Services, *Light Blue*
- Engineering, *Orange*
- Humanities and Social Sciences, *White*
- Natural Resources, *Russet*
- Science, *Gold-Yellow*
- School of Graduate Studies, *Black*
- Bachelor of Integrated Studies and Associate of General Studies, *Black*
A Utah native born in Sandy, Utah, Karen Gail Miller is known throughout the state for her philanthropy, compassion and desire to promote positive change. Gail is the co-founder, owner and immediate past chair of the Larry H. Miller Company. Originally established with Larry in 1979, the Larry H. Miller Company grew into a diverse and successful enterprise, spanning industries such as automotive, entertainment, sports and real estate.

Gail has long been recognized for her philanthropic work, as she’s donated millions of dollars and countless hours of service both personally and through the LHM Group, with the support of education and entrepreneurship being a recurring theme. She has donated to colleges and universities throughout the state, including USU’s Jon M. Huntsman School of Business and Utah State Athletics.

As a female pioneer in the business world, Gail has received numerous awards and recognitions. In 2019 she was named the “Utahn of the Year” by The Salt Lake Tribune and was also recognized by the Joint Leadership Commission of the Congressional Award Foundation with the Horizon Award for her work in the community and with young people.

Gail served as chair of the LHM Board of Directors for five years before turning over that position to her son, Steve. During that time, she focused on and directed the company’s culture and the growth and diversity of its operations. She remains an active member of the board.

Gail is also chair of the Larry H. & Gail Miller Family Foundation and presides over the Larry H. Miller Education Foundation.

In 2010 she married Kim Wilson, and between the two they have nine children. They reside in Salt Lake City and enjoy traveling.
HONORARY DOCTORAL DEGREE
BRUCE CARLSON

Retired Air Force General Bruce Carlson began his 38-year military career as a commissioned officer in 1971, after graduating with distinction from the Air Force ROTC program at the University of Minnesota Duluth with a degree in accounting. Following flight school, he flew fighter and forward air control aircraft, serving a combat tour in Southeast Asia. He also is a graduate of the Air Force’s Fighter Weapons School.

As a command pilot with more than 3,900 flying hours in several fighter aircraft, he commanded the Air Force’s first stealth fighter wing, the 49th Fighter Wing at Holloman Air Force Base, New Mexico. He also served in the offices of the secretary of the Air Force and secretary of defense and as the director, J-8 Force Structure, Resources and Assessment on the Joint Chiefs of Staff. In his final assignment he commanded the Air Force’s Materiel Command at Wright Patterson Air Force Base, Ohio.

Following his retirement from active duty, General Carlson was asked by the Obama Administration to serve as the 17th director of the National Reconnaissance Office for three years. Currently, he is a member of Lockheed Martin’s Board of Directors and serves as chair of the USU Space Dynamics Laboratory (SDL) Board of Directors and as chair of the SDL Guidance Council.

Through his work with SDL, Bruce has a strong connection to USU. His business success has afforded him the opportunity to give back to the university, where he generously supports nearly every area of campus.

Bruce and his wife of 54 years, Vicki, have three children and 14 grandchildren.
Darren B. Parry is a storyteller, teacher, and the former Chairman of the Northwestern Band of the Shoshone Nation. He is the author of “The Bear River Massacre: A Shoshone History”. Parry currently serves on numerous boards, including PBS Utah, Utah Humanities, and the Allen and Alice Stokes Nature Center.

Parry is the driving force behind fundraising for the Northwestern Band to build the anticipated Wuda Ogwa Cultural Interpretive Center. This center will be adjacent to the site of the Bear River Massacre—one of the deadliest massacres of Native people in U.S. History. His great-great-great-grandfather, Sagwitch Timbimboo, was the chief of the band at the time and escaped as the horrific events unfolded.

Parry frequently lectures on Native American issues surrounding history and Indigenous views related to sustainability. He has taught Native American History at Utah State University and currently works as a visiting instructor in the University of Utah’s College of Humanities. In 2017 he was a recipient of the Esto Pepetua Award from the Idaho State Historical Society, honoring his efforts in preserving and promoting the history of Idaho.

Parry attended the University of Utah and Weber State University, receiving a Bachelor of Science in physical education from the latter. His passions in life are his wife, Melody, their combined nine children, 17 grandchildren, and his Tribal family. His goal is to make sure those who have gone before him are not forgotten.
Dr. Rose Qingyang Hu is internationally known for her work in 4G/5G wireless networks design, modeling/performance evaluation, and technology standardization. Her distinguished research career encompasses fifteen years of academic research and teaching, coupled with a decade of industrial research and development. She has consistently addressed the foremost research challenges in 4G/5G wireless communication and networks, as well as distributed collaborative AI and machine learning within 5G networks. She has published 6 books, 4 book chapters, 310+ papers in leading IEEE journals and conferences with a GS citation 14,300+, and holds 29 patents. In 2020, she attained the prestigious honor of being elected as a Fellow of IEEE, a distinction conferred upon only 0.1% of the entire voting membership each year. Her research has been widely recognized through many other research honors and awards, including IEEE Distinguished Lecturer (2014-2022), National Institute of Standards and Technology Communication Technology Laboratory Innovator (2020), Faculty Researcher of the Year (2014/2016 ECE; CoE 2014), Outstanding Graduate Mentor of the Year (2022 USU), and four IEEE Best Paper Awards. She is currently serving as a Board Member for IEEE ComSoc and ASEE Engineering Research Council, and the upcoming Editor-in-Chief for the highly influential IEEE Communications Magazine starting January 2024.
E.G. PETERSON EXTENSION AWARD

DAVE FRANCIS

The E.G. Peterson Award is the highest recognition available to Utah State University (USU) Extension faculty members. It is awarded to those who provide outstanding service to the state of Utah.

Dave Francis is doing just that as he plays a crucial role in ensuring that Utah youth have every opportunity to excel. Dave is an Extension professor, the director of Extension Youth Programs, and a 4-H program leader.

Dave truly believes in his work, and his passion for youth development is infectious. He strives to ensure that youth, even in the most rural areas of Utah, have access to programs and clubs. Under his guidance, 4-H participants have gained confidence, developed essential life skills, and embraced leadership roles.

Dave’s direction and sense of inclusion are evident in the programming he has led or created, such as Junior Master Gardeners, robotics, Maker Spaces, agricultural and environmental literacy, and others. He has worked with the National 4-H Council, with support from Google, to develop capacity within 4-H for a computer science pathway for 4-H programs across the nation. Dave has been instrumental in the development and success of the Bastian Agricultural Center – the single largest donor gift in USU history. His efforts in building partnerships, fostering collaborations, and securing resources have been pivotal in creating a supportive and thriving environment for agricultural education and youth development.
Dr. Kelly Kopp is a Professor and Extension Specialist in the Plants, Soils & Climate department at Utah State University (USU), where her research efforts are focused on plant water use efficiency, sustainable turfgrass management, landscape water conservation, and irrigation technologies. She is the Director of USU’s Center for Water Efficient Landscaping and is a board member and past president of the Utah Water Conservation Forum. From 2007-2016, she served on the Board of Directors of the Alliance for Water Efficiency (AWE), an international organization promoting all aspects of water efficiency, serving as Chair from 2014-2016. Her service with AWE gave her the opportunity to work with numerous members of the water and irrigation industries, USEPA’s WaterSense team, non-profit organizations in the water sector, and other governmental agencies. She continues to work with these groups in pursuit of water use efficiency in the state of Utah, the Intermountain West, and beyond.

Recently, Dr. Kopp has directed her research and outreach efforts toward characterizing “resource-positive” landscapes, with the goal of developing and characterizing ornamental landscapes that provide enhanced ecosystem services to the urban and suburban environment. This research takes a life-cycle analysis approach to identifying landscape designs and management practices that characterize these landscapes for the state and region, with the added objective of improving their climate resilience. Dr. Kopp also leads broad outreach efforts through her work with USU Cooperative Extension, including the development of educational support materials for industry associations and clientele groups and numerous invited speaking events in the state, region, and nation. She is also active with various national and international organizations including the American Water Works Association, the American Water Resources Association, the International Turfgrass Society, the Professional Grounds Management Society of America, the National Association of Landscape Professionals, and the Golf Course Superintendent’s Association of America.
Pedram Jahangiry, CFA, is a Professional Practice Assistant Professor at Utah State University’s Huntsman School of Business, specializing in Data Analytics and Information Systems. With a Ph.D. in Economics from Arizona State University attained in 2017, Pedram transitioned from a research associate position at BlackRock NYC’s Financial Modeling Group to academia. His research interests are deeply rooted in machine learning, deep learning, and time series forecasting, areas that form the backbone of his teaching curriculum, including courses in Introduction to Regression, Machine Learning, Deep Learning, and Advanced Time Series Forecasting.

Beyond his teaching responsibilities, Pedram has been recognized with the 2023 ETE Scholar Award and has received a Teaching Scholar Certificate, highlighting his dedication to educational excellence. As a project mentor at the Analytics Solutions Center (ASC), he offers students practical experience in analytics projects through partnerships with industry leaders, fostering a hands-on learning environment. His mentorship at ASC is integral in arming students with the necessary tools to adeptly utilize AI and prepare for future industry demands.
Michael Shipley is an actor, director, teacher, and coach whose various pursuits grew out of his love for acting and theatre. His creative scholarship seeks methods to increase the effectiveness of the rehearsal process for actors and to give them greater creative freedom. As a voice and speech professional, he strives to help students integrate voice skills and acting technique in performance.

Michael received his BS in Electrical Engineering from Texas A&M University, his MS in Electrical Engineering from Stanford University, and his MFA in Acting from the American Conservatory Theatre. He is also a Certified Associate Teacher of Fitzmaurice Voicework, Certified Teacher of Knight-Thompson Speechwork, and a Certified Trainer and Coach of Vocal Combat Technique. Michael was the founding Voice and Text Director for the Great River Shakespeare Festival in Minnesota and has coached productions and taught Shakespeare and voice for festivals across the country. As an actor, he has performed with many regional theaters including the American Conservatory Theater, Missouri Repertory Theatre, American Players Theatre, Sacramento Theatre Company, as well as the Utah, Idaho, San Francisco, and Livermore Shakespeare festivals. Michael was also a founding member of the San Francisco Bay Area performance group Monday Afternoon Productions, which produces live theatre and web content. He is a proud member of the Actors’ Equity Association.
Stacy Bevan, MS, RDN is a professional practice associate professor for the Nutrition, Dietetics, and Food Sciences Department at Utah State University (USU). She enjoys the journey of teaching and learning with her students in her courses Food Literacy and Maternal and Child Nutrition. About mid-week most semesters, you can find Stacy surrounded by students in chef hats and aprons fine-tuning their culinary skills in the historic Family Life kitchens. She actively engages with learning opportunities hosted by USU’s Empowering Teaching Excellence to support evidenced-based teaching techniques in her courses. She received a Certificate in Effective College Instruction from The Association of College and University Educators and the American Council on Education and was selected as a USU Teaching Excellence Scholar.

Stacy has been awarded the Young Dietitian of the Year award by the Utah Academy of Nutrition and Dietetics, the 2024 NDEP West Coast Region Outstanding Dietetic Educator Award, and as well as teaching awards by her department and by the North American Colleges and Teachers of Agriculture. She strives to create an inclusive and enriching learning environment for her students to build foundational knowledge and skills to be successful dietitians. In her spare time, Stacy enjoys gardening, being outdoors, and spending time with her husband, three kids, and puppy.
Cassandra McCall, Ph.D. is an Assistant Professor in Engineering Education and Co-Director of the Institute for Interdisciplinary Transition Services at Utah State University. Her research leverages qualitative methods and universal design principles to explore the intersections of disability, access, and identity formation in STEM as well as their cultural implications for engineering academia and industry. She has led two noteworthy projects funded by the National Science Foundation. The first project developed a grounded theory model of professional and disability identity formation among undergraduate civil engineering students with disabilities.

The second project entails the creation of auditory resources to convey the stories of these students to engineering faculty. To create more inclusive learning environments for students with disabilities, McCall applies her research findings to the design and facilitation of technical undergraduate engineering courses. Since joining Engineering Education in August 2020, McCall has developed innovative pedagogical and assessment approaches that encourage her students to personally connect with and apply course material in ways that promote student learning and identity formation as engineers. Her contributions to the field have been acknowledged with prestigious awards from premier engineering education journals, including the Australasian Journal of Engineering Education and the Journal of Engineering Education.
Brian Champagne grew up in the less-famous Central California, but left after starting his television news career there. He worked 22 years in news for NBC, ABC, Fox and CBS affiliates in four markets. He served as Chief Photographer for KTXL-TV in Sacramento, but worked in front of the camera, too.

Brian earned his bachelor’s degree from California State University, Bakersfield, and his master’s from the University of the Pacific in Stockton. Look for it in the exterior shots from the movie Flubber, which was shot while he was attending.

He now teaches Broadcast Journalism full-time at Utah State University, but connects the professional and academic worlds by doing stringer, freelance, and contract work for all stations in the Salt Lake City DMA and beyond.
Dr. Missy Kofoed, a lecturer in the Department of Chemistry and Department of Biochemistry, earned her B.S. degree with majors in chemistry and biology from the University of Wisconsin-Oshkosh before completing her Ph.D. in biochemistry at Utah State University in 2011. Her passion and aptitude for teaching led her to seek a teaching focused career which included seven years as a high school science educator before joining the faculty at USU in 2018. During her tenure at USU, she has taught more than 7,900 students in various courses including Introductory Chemistry, General Chemistry, and Introductory Biochemistry through both traditional face-to-face and online delivery methods.

Her teaching aims are centered around providing effective instruction through intentional, evidence-based course design and her commitment to innovation in pedagogy inspired her to earn her certificate in Effective Online Teaching from the Association of College and University Educators as well as a Teaching Scholar designation from the office of Empowering Teaching Excellence at USU. In her role as a mentor, she actively fosters student success within and beyond the classroom, guiding students as teaching assistants, facilitating student engagement in community outreach activities, and supporting students in their pursuits of graduate education and careers.
TEACHING EXCELLENCE AWARD

AMANDA DELIMAN

Emma Eccles Jones College of Education and Human Services

Dr. Amanda Deliman is an Assistant Professor in the School of Teacher Education and Leadership (TEAL), based out of Utah State University-Salt Lake campus. She teaches courses in early childhood and elementary literacy education. Dr. Deliman’s creative scholarly pursuits focus on the intersections of teacher learning and teacher education, children’s literature and curriculum integration, and social-emotional learning.

Dr. Deliman is dedicated to supporting the well-being of her students and prioritizes student-centered learning and the practical application of newly learned content as core tenets of her philosophy of teaching. She makes it a top priority to attend to district and state initiatives so that USU teacher candidates enter the workforce prepared to be effective teacher leaders. As a member of the faculty committee for the Office of Empowering Teaching Excellence, Dr. Deliman proudly supports the mission of promoting a culture of teaching excellence across our statewide system.
TEACHING EXCELLENCE AWARD

GUSTAVO OVANDO-MONTEJO

S.J. & Jessie E. Quinney College of Natural Resources

Dr. Gustavo Ovando-Montejo is an Assistant Professor in the Department of Environment and Society and is based on the USU Blanding Campus. He was born in the ancient city of Tenochtitlan, now known as Mexico City, but was raised in the Yucatan Peninsula in Mexico. At the age of 18 he moved to Utah to attend Brigham Young University. While there, he developed an enigmatic appreciation for maps and map-making processes, leading him to major in Geography. Since then, his passion for maps has ultimately led him to earn a master’s and a doctorate in Geography from Oklahoma State University.

His teaching and research interests deal in general with human-environmental systems and natural resource management including the integration of GIS and remote sensing techniques for application in these areas.

Fellow Aggies,

Congratulations to our newest Utah State University alumni, the class of 2024! Your journey through college is merely the initial chapter in a lifelong bond with USU.

As you embark on your next endeavors, being an Aggie is one of those assets you can continue to use to thrive. Graduation signifies the conclusion of an extraordinary chapter and the commencement of a fresh phase — embracing membership in the Aggie Alumni Family, a network renowned for its connections, camaraderie, and support.

175,000 strong
Today, you become part of a community of more than 175,000 alumni — Aggies bound by shared experiences and aspirations. The USU Alumni Association is dedicated to nurturing this network, fostering connections that transcend boundaries and benefit both the university and its graduates.

Proudly proclaim, “I am an Aggie!” and seize every chance to showcase your affiliation with USU. It holds the power to unlock new opportunities and forge meaningful connections.

Stay connected
As a new member of our alumni community, you have the opportunity to support and guide future students who follow in your footsteps. By ensuring your contact information remains current, you’ll stay informed about the latest news and upcoming alumni events, accessible at usu.edu/alumniupdate.

Engaging in alumni activities is another avenue for involvement. Join your local Aggie Alumni Chapter and become part of the dynamic Aggie Network at aggienetwork.usu.edu. These connections not only foster friendships, but also serve as invaluable networking resources, opening doors to new opportunities and professional growth.

Support scholarships
If you’re staying in Utah, showcase your pride in USU and contribute to scholarships by adorning your vehicle with an Aggie license plate. Explore usu.edu/alumni/gradpack to secure your first year of the A-plate on us!

Additionally, consider the Aggie affinity credit card, a great way to support scholarships and programs supporting future USU students with everyday purchases. Learn more about these and other exclusive alumni benefits at usu.edu/alumni/benefits.

Enjoy the journey
We are incredibly grateful for the committed alumni who continue to shape our community. On behalf of the USU Alumni Association, I extend heartfelt congratulations on your graduation. As you set forth on your next journey, I have every confidence that the trail you blaze will be a source of pride for USU and an inspiration to all. Best wishes for the exciting road ahead!

Stay in touch and Go Aggies!

Emma M. Thackeray
Music
Faculty Escort:
Robert Waters, Music

Emma Thackeray is graduating with a Bachelor of Music in violin performance. She has studied under the mentorship of Robert Waters and the Fry Street Quartet in the Caine College of the Arts. From 2022 to 2024, Emma has held the positions of concertmaster in the USU Symphony Orchestra and first violinist in the Caine String Quartet. In 2023, she showcased her talent as a Concerto Competition winner with the USU Symphony Orchestra. Additionally, Emma has achieved first place twice in the Utah ASTA Chamber Music Competition. Emma was also the 2023-2024 Presser Scholar, awarded for achieving a high level of musical and academic excellence and exemplifying equity and inclusion values. Her recent projects have encompassed performance psychology, healthy musicianship, and female representation in performance repertoire.

In addition to her performance degree, Emma holds a minor in business from the Huntsman School of Business. Alongside her academic endeavors, Emma enjoys hiking, collage art, and is learning how to cook.

2023-2024 PRESENTATION OF UNDERGRADUATE DEGREES

RECESSIONAL
Megan Terry is graduating with a degree in dietetics and a minor in mathematics. She is from Hooper, Utah, and graduated from Fremont High School where she excelled in orchestra, track and field, and cross country, earning First Team All-State and Fremont High School Female Athlete of the Year honors. Megan continued her running career as a member of Utah State’s cross country and track and field teams. She earned the Whitesides Scholar Award all four years of her running career and was runner-up in 2023 as the USU Whitesides Scholar Athlete of the Year.

Megan has enjoyed her time at Utah State and has learned the importance of good nutrition. She has noticed through her experiences where gaps in nutrition education exist and hopes to fill some of those gaps by educating others and promoting equal access to good nutrition.

Megan has enjoyed her time at Utah State and has learned the importance of good nutrition. She has noticed through her experiences where gaps in nutrition education exist and hopes to fill some of those gaps by educating others and promoting equal access to good nutrition.

Education has always been a priority for Megan and she has enjoyed becoming a learner during her time at Utah State. She believes that becoming a creative thinker and problem solver, being dependable, and genuinely caring about people are more important than being a good student. Megan will begin pursuing a master’s degree in the fall with the goal of becoming a registered dietitian.

Megan comes from a True Aggie family as her grandparents, father, aunts and uncles, and two older sisters all graduated from Utah State. Her younger sister is also currently attending. Megan loves to spend time with her family, be outside, play soccer, run, and do puzzles. Megan would like to thank her parents Beverly and Spencer, and her family and friends who supported and encouraged her in every endeavor she pursued. Without them, she would not be here today.

VALEDICTORIAN
Caleb S. Miller
Mechanical & Aerospace Engineering
Faculty Escort:
Dr. Douglas Hunsaker
Mechanical & Aerospace Engineering

Caleb Miller, graduating with a mechanical engineering degree with an aerospace engineering emphasis and a minor in Spanish, was drawn to the university’s campus in Cache Valley and the warm, small-town ambiance of Logan. The decision to join Utah State University in 2018 was solidified by the esteemed mechanical and aerospace engineering program, offering quality instruction and numerous opportunities for research and projects. Caleb’s journey at Utah State is marked by academic excellence and notable achievements, including playing a pivotal role in placing a satellite in space in 2021 as part of the Get Away Special Team. In 2022, he was initiated into Tau Beta Pi, the engineering honor society, and has served in its presidency ever since. In addition to being recognized as the Spring 2024 valedictorian for the College of Engineering, Caleb is the first Utah State graduate to be accepted into the Navy Nuclear Submarine Program, which is a dynamic and intensely competitive program in Washington, D.C. Participating in a three-day examination, highlighting Caleb’s technical and emotional endurance, proved to be a strong testament to his outstanding academic achievements and contributions to the university community.

To incoming Utah State first-year students, Caleb shares valuable advice: share a love for learning beyond career pursuits, establish good habits with supportive peers, and actively contribute to endeavors larger than oneself. His fondest memory is of his advanced dynamics class, where theoretical knowledge seamlessly connected to real-world engineering applications, marking the initiation of a profound educational experience.

Professors such as Zac Humes, Douglas Hunsaker, and Christian Bolander have played pivotal roles, inspiring excellence, curiosity, and mentorship. As Caleb steps into the future, his time at Utah State has left a mark, fostering a passion for learning, meaningful connections, and a commitment to service, laying the groundwork for a purposeful and impactful future.

Preston D. Waddoups
Philosophy and English
Faculty Escort
Michaelann Nelson

Preston Waddoups is a double major in philosophy and English with an emphasis in literature. While at Utah State, he has enjoyed being part of a number of campus organizations, such as the Ethics Bowl team, the Philosophy Club, Sink Hollow magazine, and the Sigma Tau Delta English honor society. He has also enjoyed working as a teaching fellow, a writing fellow, and a copy editor at the library.

Preston plans to attend graduate school after completing his studies at Utah State to research modernist literature and philosophical aesthetics. Born and raised in northern Utah, Preston loves the mountains and spends much of his free time in them.

VALEDICTORIAN
Sterling Scott Sturgill
Biology
FACULTY ESCORT:
Ryan Jackson, Chemistry and Biochemistry

Sterling Scott Sturgill grew up in Kimberly, Idaho. The son of Rob and Michelle Sturgill, he is the middle of five children. In the valleys of Idaho, Sterling gained a deep respect for hard work and service while learning from his parents and local leaders. He spent summers working as a river guide on the Middle Fork of the Salmon River. He graduated from Kimberly High School after three years full of rock climbing, lacrosse, and cross country.

At USU, he was determined to pursue a profession in health care and began studying human biology with a minor in business. His weekends were often a balance between climbing, running, and studying. During his second year, he began working in Dr. Ryan Jackson’s laboratory in the biochemistry department. Sterling then served a mission for The Church of Jesus Christ of Latter-day Saints in Poland. While there, he learned invaluable lessons with and from refugees and volunteers. After graduation, he will attend medical school in the fall with hopes to specialize in oncology.

VALEDICTORIAN
Celina Larsen
School of Teacher Education and Leadership
Faculty Escort: Summer Gunn

Celina Larsen decided to attend Utah State because of the quality of its education programs and the opportunities the institution provided to gain teaching experience while completing her degrees in elementary education and special education. One of her favorite classes was technology for teaching exceptional learners, in which she learned to look at problems that limit the access of students to participate in everyday life and to find low-tech and high-tech solutions. During her time at Utah State, Celina was on the Dean's list (fall 2020, spring 2021, fall 2021, spring 2022), earned the A Pin Award, and received the Presidential Scholarship, Anthony LaPray Scholarship, and the Glen & Kathylene Jenson Scholarship.

Celina is grateful for her professors in the special education and elementary education programs who supported her, showed her grace when she was struggling, and pushed her to become more. She felt valued because they were willing to go above and beyond to help her succeed. Celina graduates from Utah State valuing the close bonds she created with other students, knowing she can be an advocate for herself and her students, and believing she can impact the world for the better.

Hunter Anthony
Ted Smith,
Data Analytics and Information Systems
Faculty Escort: Dr. Andrew Brim, Data Analytics + Information Systems Department

Hunter Smith was born in Sandy, Utah, and grew up in West Jordan. After graduating from West Jordan High School in 2017, he served for two years as a missionary for The Church of Jesus Christ of Latter-day Saints in Busan, South Korea. Upon his return, he enrolled at Utah State University, graduating in December 2023 with a double major in data analytics and information systems with an emphasis in data engineering. He now works full-time as a data engineer for Bernhard, an engineering and contracting firm. He is excited to continue learning throughout his professional career and aspires to become a data scientist in the future.

Hunter’s interests and hobbies include traveling the world, playing and watching sports, being outside, watching movies, and hanging out with friends and family. Following his wife’s graduation in May, they are planning to move to the Salt Lake area.

VALEDICTORIAN
Austin James Garner,
Fisheries and Aquatic Sciences
Faculty Escort:
Timothy Walsworth,
Watershed Sciences

Austin Garner was born in Logan but spent most of his childhood and adolescence in West Point, Utah. He spent many days of his childhood fly fishing with his uncle for one of the most charismatic native fish of Utah, the Bonneville cutthroat trout. This early exposure created an ongoing curiosity about our fish and their environment that has stuck with him ever since. After high school, Austin enlisted in the U.S. Army as an Unmanned Aircraft System (UAS) Operator. However, in his second year of service, he suffered from a non-service-related injury that ended his military career.

After leaving the Army, Austin enrolled at Utah State as a fisheries and aquatic sciences major. In his time here, he joined Dr. Timothy Walsworth’s lab and performed undergraduate research investigating how non-native predators impact the June sucker recovery. In 2023, Austin received the Undergraduate Researcher of the Year Award from the Quinney College of Natural Resources for his efforts. The people he has met and interacted with here at Utah State have become like family to him. Moreover, he met his wife at USU, and in 2022 they welcomed their son into the world. After graduating, he hopes to continue on to graduate school to receive his master’s degree in a fishery-related field. Subsequently, he hopes to go into a career in fishery management working to conserve and restore our declining native species.

JULIE STEVENS  
CLINICAL ASSISTANT PROFESSOR, COLLEGE OF HUMANITIES AND SOCIAL SCIENCES  
Commencement Speaker

Julie Stevens, LCSW, is a clinical assistant professor for the Social Work department in the College of Humanities and Social Sciences. She received her Bachelor of Social Work from USU Logan in 2016, which started in Delta and Nephi extension sites from spring 2012 to fall 2013. Following her Master of Social Work she returned to Millard County, UT, and worked in clinical practice for nearly four years. Julie worked with individuals, families, and groups in therapy to address mental health and addiction concerns. One of her specialties was working with children from a neuroscience perspective. She participated on a committee to implement Utah’s Intergenerational Poverty Initiative for Millard County. She also worked with crisis intervention in emergency rooms in the six-county area. She continues to reside in Millard County and has joined the statewide faculty at USU for the Ephraim Campus in 2022. The undergraduate courses she has taught include Intro to Social Work, Generalist Social Work Practice, and Field Practicum. She also collaborated with Blanding professor Charlie Bayles, LCSW on Indigenous Test Prep and adapting instruction for Indigenous students.

CHERYL HAWKINS  
USU SOUTHWEST STUDENT BODY VICE PRESIDENT, 2024-2025  
Student Speaker

Cheryl grew up in Southern California where she attended Fontana High School. She chose to further her education across the country in Virginia, but then returned home to serve an LDS mission in Peoria, Illinois where she met her husband, James. Her studies were put on hold after she returned home while she raised her four children. Then a few years after moving her family to Utah, she chose to finish what she had started almost 25 years before. She attended Utah Tech but then found a home at Utah State University where she could continue her job as a paraprofessional at Hurricane High School while getting her bachelor’s degree in education. Her mother also found joy in education as a special education aide in a classroom for many years, which is what inspired Cheryl to continue her education even further with a master's degree in special education this fall.

PAOLA HAWKINS  
Student Speaker

Paola graduated from Hurricane High School in 2019. She served as captain of the Swim and Water Polo team in her senior year. After a year at Utah Tech, she served an LDS mission in San Antonio, Texas. When she returned home and began working at the Institute of Forensic and Neuropsychology in St. George under Dr. Tim Kockler. She loves the opportunities this role offers her to work on a wide variety of cases and the interactions she has with clients and patients at the clinic every day. She found her home at Utah State University where she completed her bachelor’s degree in sociology. She will continue her education in the fall with Utah State’s Master of Human Resources program while she continues to work at the Institute of Forensic and Neuropsychology.

RECESSIONAL
Bruce Brothersen and his wife, Rebecca (Becky), have shared 38 wonderful years of marriage. They have been blessed with a family of six children and five grandchildren. Bruce, a proud graduate of Utah State University, earned his Bachelor of Science in civil engineering in 1986.

Throughout his remarkable 36-year career at Nucor, specifically within the Vulcraft-Verco group, Bruce has held various positions, showcasing his versatility in design, sales, environmental and engineering management for an impressive 19 years. Presently, he contributes his expertise as a senior innovator in the innovation group, developing steel products used nationwide in building design.

Bruce’s professional achievements extend to being a registered professional engineer in seven states and a registered structural engineer in Utah. His connection to USU remains strong, evident through his sponsorship of research and active service on the advisory board for the Civil Engineering Department.

Outside of his professional commitments, Bruce serves as the Steel Joist Institute Education Committee Chairman. He frequently conducts webinars, presents at the North America Steel Construction Conference, and has contributed articles to esteemed publications like “Modern Steel Construction” and “Structure” magazines.

With numerous titles in family, business, and community, Bruce believes “Aggie” to be one of his favorites. His enduring commitment to education, innovation, and community service paints a portrait of a remarkable individual.
TAYLOR KENYON
Student Speaker

Taylor Kenyon who has majored in environmental studies with a biology minor stands out as the 2024 Biology Undergraduate Researcher of the Year. Recognized for her contributions, she received a research scholar designation for her impactful work at USU.

Growing up outside of Portland, Oregon, Taylor developed a love for the ocean and its inhabitants. Taylor’s research journey, primarily in the field of ecology, began in her sophomore year. Her noteworthy study on “Bird Age and Likelihood of a Fatal Window Collision” earned her a spot as a poster presenter at the Ecological Society of America in August. In June, Taylor participated in a study-abroad program in Australia where she studied the Great Barrier Reef and researched coral patch reefs. Taylor plans to attend graduate school and study marine ecology.

CASSIE WEBSTER
Student Speaker

Cassie Webster is a first-generation master’s graduate in fitness promotion. She is a proud mother of three who relocated to Brigham City in 2011 as a Physical Therapist Assistant. Unbeknownst to her, this journey would lead her back to her alma mater, fueled by an inner sense that her student chapter wasn’t quite complete.

In the last three years, amidst unexpected challenges like the loss of her mother and a diagnosis of thyroid cancer, Cassie has demonstrated unwavering perseverance. She has channeled her pain into building a boxing program for individuals with Parkinson’s disease. She has found great purpose as well as a second family within this community. Beyond academics, Cassie enjoys hiking, running half marathons, music, and savoring ice cream with loved ones. As she graduates, Cassie leaves an inspiring legacy of strength and determination, encouraging others to embrace and draw motivation from her journey.

RECESSIONAL
Linares started working for the district in 1974 as a school secretary in Wendover. In 1979 she and her family moved to Grantsville where she continued to work as a school secretary, first at Grantsville Elementary School and later at Grantsville Junior High School.

While working at Grantsville Junior High School, Linares completed a bachelor’s degree in history from Utah State University Tooele. After completing her bachelor’s degree, she commuted after school for two and a half years to Logan to complete her teaching certification from USU.

Linares started teaching English and history at Grantsville Junior High School in 1989 and then at Grantsville High School (GHS) for five years. She then served as assistant principal at GHS for three years and then as principal for six years at the same school. In 2004, Linares was selected as the secondary education director for the school district. In 2007 she was appointed as assistant superintendent. In May 2008, the school board announced its selection of Linares to succeed Mike Johnsen as superintendent after Johnsen announced his retirement. She retired from the superintendent position in 2013.

Terry was hired by USU Tooele in 2017 to teach English concurrent enrollment. Later in 2020, she took on the Elementary Education (ELED) Student Teaching Supervisor role. In that short amount of time, Terry has taught 23 concurrent courses for the Tooele Campus, while completing all of her supervisor tasks for the ELED department.
MADDIE CRAGUN
Student Speaker

Maddie Cragun, from her hometown of Tooele, Utah, is set to graduate with a bachelor of science in information system with an emphasis in data engineering. Alongside her academic achievements, Maddie has been a member of the National Society of Leadership, embodying the principles of integrity and service. Outside of her studies, she finds joy in outdoor activities and spending time with her dog.

TEAGEN LINT
Student Speaker

As a sophomore majoring in agribusiness at Utah State University (USU) and proudly serving as a statewide ambassador, Teagen strives to embody the values of leadership and dedication every day. Teagen grew up in Tooele County and graduated from Grantsville High School, just 10 miles from USU Tooele. Her heart finds its truest joy in the great outdoors, where she immerses herself in adventures like kayaking, camping, hunting, and white-water rafting, cherishing the beauty of nature. Alongside her outdoor pursuits, Teagen delights in the quiet pleasures of reading and baking, embracing her old soul’s love for tradition and creativity. With a passion for agribusiness and a spirit hungry for exploration, Teagen is eager to make her mark on the world, blending tradition with innovation as she pursues her dreams.

LETICIA BENTLEY  
COMMUNITY ADVOCATE AND TEACHER,  
USU MOAB ADVISORY COUNCIL MEMBER  
Commencement Speaker

Leticia Bentley, originally Leticia Herrera from Michoacan, Mexico, earned a degree in elementary education and taught grades second through fourth. In 1985, she married and relocated to Moab, Utah. She obtained her Utah teaching certificate in 1998, teaching Spanish and ESL at Grand County Middle School and Grand County High School. In 2007, she founded the Moab Valley Multicultural Center. She was inducted into The Enlightened Fifty by the Community Foundation of Utah in 2013 and received the Certificate of Outstanding Dedication from the State of Utah’s Adult Education and Family Literacy Committee in 2002. Leticia served on the IME committee (Institute for Mexicans Abroad) through the Mexican Consulate and the Resources for Self-Represented Parties Committee through the Judicial Council of Utah from 2014 to 2017. Additionally, she was recognized by the Episcopal Diocese of Utah in 2011 for her role in establishing the Multicultural Center and providing services to the community’s most disadvantaged. Leticia’s proudest achievements are her three children and three grandchildren.

ANDREA NOYES  
Student Speaker

Andrea Noyes, a Moab local, stands as a beacon of compassion and determination in her community. With a Bachelor of Science in integrated studies, specializing in social work, Andrea emerges from her academic journey equipped to enact meaningful change in the lives of those she serves.

Andrea’s journey was marked by a profound love of learning, instilled by her mother, Mrs. Pam, a dedicated preschool teacher who ignited Andrea’s intellectual curiosity with her inventive and engaging teaching methods.

Encouraged by her father, Rick Lopez, Andrea was taught the value of perseverance and the importance of relentlessly pursuing her dreams.

At the core of Andrea’s journey is the unwavering love and support of her wife, Chantell, and their four remarkable children. Their steadfast encouragement fuels Andrea’s pursuit of her dreams and drives her to make a difference in the world.

Professionally, Andrea’s commitment to her community shines brightly as the executive director of the Children’s Justice Center, where she channels her passion for serving marginalized communities into tangible action. Her journey of service has been diverse, encompassing roles as a police officer, detective, hostage negotiator, and working undercover to combat internet crimes against children. Andrea’s dedication extends even further, as she currently serves on the Moab Valley Fire Department, embodying the spirit of selflessness and courage in the face of adversity.

GREG DART
PRESIDENT, WESTERN NEBRASKA COMMUNITY COLLEGE
Commencement Speaker

Greg Dart currently serves as President of Western Nebraska Community College (WNCC). Dart arrived in Western Nebraska in July 2023, armed with a large family, a great love for rural higher education and an excitement for the Nebraska panhandle. Dart believes strongly in the transformational power of higher education and that rural community colleges play a vital part in impacting the communities they serve.

Before coming to WNCC, Dart spent nearly 10 years at Utah State University Eastern, serving as chief campus administrator/senior associate vice president, vice chancellor, and as a director. Dart said his time at USU Eastern was transformational and that the people – students, faculty, staff, alumni and the community – make it one of the most special places anywhere.

Before his time there, Dart was vice president of student services at Zane State College and in various director roles at other institutions, working in strategic enrollment management, admissions, recruitment, marketing, public relations and athletics. Dart was also an associate professor of communications at Snow College.

Before coming to higher education, he served in various political, advertising, news media, and public relations positions. Dart completed his associates education at Snow College, his bachelor’s at the University of Alaska-Anchorage, his master’s at Utah State University, and his doctoral work at Northeastern University in Boston.

Dart and his wife Dawn have seven children, spanning 14 years from college to kindergarten. Outside of work, he can often be found at the soccer fields, enjoying time with his family, and cheering on college athletes at all levels and in many states.
MADISEN J. JUSTESEN
VALEDICTORIAN
Student Speaker

Madisen Justesen was born in Little Rock, Arkansas, but she has resided in Price since she was 3 years old. Madisen graduated from Carbon High School with a 4.0 GPA and has maintained a 4.0 while earning her associate of science from USU Eastern. Madisen grew up doing many activities of service through her involvement in her community. She has served as the President of the SUN Center for the last two years where she has accomplished so much; some of these accomplishments include helping the SUN center become incorporated into the USUSA team, starting Castle Valley Center visits, helping raise money for programs in the community, and so many other things. This is where she found her passion for serving others and her desire to be a leader.

Madisen plans to continue her education and earn her bachelor of science at the University of Utah, with the ultimate goal of becoming an orthodontist. While Madisen has enjoyed focusing on her academics at USU Eastern, she has also found great joy in helping others and making the campus a better place.

Madisen has had so many amazing experiences and opportunities here at Eastern. She is grateful to have had the most amazing professors who have pushed her to be the best version of herself. In her free time, Madisen enjoys dancing, hunting, fishing, being president of Math Club, and spending time with her family.

KYLEE ATKINSON
SALUTATORIAN
Student Speaker

Kylee Atkinson is a freshman at USU Eastern and a member of the volleyball team. Traveling and competing with her teammates has contributed significantly to her memorable experience at the university. Additionally, she serves as a resident advisor, which has provided her with valuable insights into campus life and student dynamics. Pursuing a major in accounting, Kylee has found fulfillment in working towards her academic goals during her first year of college. Originally from Wellsville, Utah, in Cache Valley, she holds a deep affection for her hometown. As the oldest of two girls, Kylee is the daughter of Steven and Syndee Atkinson. Beyond volleyball, she enjoys engaging in outdoor activities, immersing herself in a good book, and cherishing moments with her family and friends. Kylee has established meaningful connections with professors, staff, and peers at USU Eastern, and she looks forward to continuing her journey towards achieving both academic and athletic success in the upcoming year.
DYSON LIGHTHALL
VICE PRESIDENT, USUSA EASTERN
Student Speaker

Dyson Lighthall has attended Utah State University Eastern for the past two years, where he has been actively involved in both academics and extracurricular activities. He played two consecutive years of basketball and served as the Athletic & Campus Recreation Representative during his first year. In his second year, Dyson served as Eastern’s student vice president. During his time at Eastern, Dyson also found his sweetheart, Kianna Lighthall, whom he married in the summer of 2023. Dyson is currently majoring in biology and has plans to attend medical school after completing his bachelor’s degree.

PRISMA LINEY
VAL J. HALAMANDARIS AWARD

Prisma Liney is a first-generation college student at Utah State University Eastern. Her parents immigrated to the country to establish a better future for their five children, laying the groundwork for Prisma’s educational journey. Today, she celebrates the achievement of earning her associate of applied science degree in nursing, a testament to her family’s sacrifices and her own perseverance. Being a first-generation student required Prisma to carve her path meticulously, advocating for higher education while inspiring others from similar backgrounds. Her dedication led to countless days of hard work and sleepless nights, all in pursuit of her aspirations to uplift her community.

Embracing the empathetic identity of nurses, Prisma finds solace in the potential for improvement through knowledge and healing. Her experiences as a nursing student have instilled in her a desire for growth, both academically and within her community. Through her degree, she has honed soft skills such as leadership, collaboration, and adaptability, which she applies to various community projects.

Prisma has had the privilege to collaborate with organizations such as the Boys & Girls Club, the Bureau of Land Management, the Serving Utah Network, and United Way of Eastern Utah. She views nursing as a fulfilling career, one that nourishes both her soul and those she serves.

Prisma is accompanied by her supportive Hispanic family and cherished friends, who have been instrumental in shaping her into the woman she is today. Honored to receive the 2024 USU Eastern Val J. Halamandaris Caring Award, Prisma is grateful to mirror her family’s integrity and tenacity in her journey of academic and personal achievement.

DR. ROBERT WAGNER
PRESIDENT, IDAHO STATE UNIVERSITY
Commencement Speaker

Dr. Robert W. Wagner became Idaho State University’s (ISU) fourteenth president in January 2024. Dr. Wagner joins ISU after nearly 17 years at Utah State University, serving most recently as executive vice president and chief operating officer and previously as the vice president for academic and instructional services, assistant vice provost, vice provost, executive vice provost, executive director of distance education and dean. Before his time at USU, Dr. Wagner served as a special assistant to the president for the State University of New York at Albany, focusing on government relations and special projects.

Dr. Wagner’s administrative experience includes institutional strategic planning; enrollment management; many aspects of the student life cycle, including recruiting, admissions, financial aid, student orientation, retention, and completion; academic programming and faculty development; cross-institutional collaboration; community engagement; innovation in higher education; fundraising; student achievement; and government, industry and community partnerships. He has served on several national boards, including industry advisory panels and higher education associations, and he served as chair of the Utah Education and Telehealth Network Governing Board. Dr. Wagner’s dedication to education originated from applying personalized learning models for students with disabilities within the Church of Jesus Christ of Latter-day Saint’s educational system.

Dr. Wagner has a bachelor’s degree in psychology from Brigham Young University, a master’s of public administration from the University of Utah and a Ph.D. in political science (public policy and public law) from the Rockefeller College of Public Affairs and Policy at the State University of New York-Albany with an emphasis in university, industry, and government relations. He also earned higher education leadership certificates from Harvard University and Arizona State University-Georgetown University. Dr. Wagner and his wife, Tracy, are the parents of five adult children and three grandchildren.

JOHN MICHALSKI
Student Speaker

John Michalski was born and raised in Milwaukee, Wisconsin. Growing up he had an almost innate passion for dinosaurs, prehistoric life, and the field of paleontology. It became his dream to become a professional paleontologist. Graduating from Greendale High School in 2017, he would begin working towards a bachelor’s degree in geosciences at the University of Wisconsin, Milwaukee (UWM). He volunteered at the Milwaukee Public Museum as an interpreter of their paleontology exhibits. He also volunteered as a fossil preparator at the Burpee Museum of Natural History in Rockford, Illinois. In the summer of 2021, John closely worked with UWM’s own paleontologist, Dr. Victoria McCoy, on a research project about fossil plants. This project would be submitted and published in the journal of Paleobotany and Palynology in early 2022. A week before graduating from UWM with his bachelor’s, John visited Utah to tour potential graduate schools, including USU’s Uintah Basin campus. Today, John is graduating with a Master of Science in Geosciences. In his free time, he enjoys creative writing, video making, kayaking, hiking, and spending time with family and friends.

ALMA MATER HYMN UTAH STATE UNIVERSITY

Theodore M. Burton

(And) across the quad at even-tide, as shadows softly fall, the tower of 'Old Main' appears, and peace rests over all.

Chorus

lighted "A" upon the hill, stands out against the blue. Oh, Alma Mater,

1.

Utah State, my heart sings out to you. And heart sings out to you. Oh,

2.

Alma Mater Utah State, my heart sings out to you.
