MESSAGE FROM THE PRESIDENT

BRAD MORTENSEN

Dear Graduates,

Commencement is a day filled with pride, relief, gratitude, and maybe even a little disbelief for those of you who faced challenges along the way. However you are feeling today, take pride in what you have accomplished and remember that you have more potential than you know. Your time at Utah State required hard work, resilience, and determination. Today we celebrate that effort and the growth that came with it.

During your years here, you learned far more than what appears on a transcript. You learned how to solve problems, how to persevere when things felt uncertain, and how to support the people around you. You built friendships, found mentors, and discovered strengths you may not have known you had.

As Utah's land-grant research university, we exist to expand opportunity and serve communities across our state. Whether you studied in Logan, at one of our Statewide Campuses, or Online, you are part of that mission. The education you received here carries both opportunity and responsibility. My hope is that you will use it to strengthen your community, lead with integrity, and make life better for others.

The world needs people who are willing to listen before they speak, work hard when the path is not easy, and show up for their communities. It needs people who can work across differences, solve real problems, and treat others with respect. Those qualities matter as much as any credential.

As you leave Utah State, remember that you belong here. The Aggie family is built on service, resilience, and looking out for one another. Wherever life takes you, carry that spirit with you and stay connected to this place that helped shape you.

It is an honor to serve as your president. Your faculty and staff are proud of you. We look forward to seeing the difference you will make.

Congratulations, Class of 2026. Go Aggies!

Sincerely,

A handwritten signature in black ink that reads "Brad Mortensen". The signature is written in a cursive, flowing style.

THE MACE

The history of academic maces dates back to their origins as weapons of war, depicted in ancient Egyptian art. Over time, they were used by campus officials in the Middle Ages to maintain order. Today, university maces primarily serve as symbolic representations of tradition, commonly appearing at solemn events like commencement ceremonies. This symbolism reflects the profound academic journey of students, paralleling the significance of the commencement ceremony itself, which celebrates beginnings and the promise of personal growth through education.

CEREMONIAL MACE

Utah State University’s mace, with its lantern-like head marked with an ‘A,’ serves as a ceremonial beacon inspired by the Luminary ceremony and the tradition of lighting the ‘A’ atop Old Main. While modern, the mace’s enduring design incorporates several elements symbolizing the history and values of Utah State University.

At the top of the mace sits a marble known as an Aggie, reminiscent of our institution’s early days as the state’s agricultural college. The mace’s design includes two beehives —one near the top and another at the base—symbolizing the industriousness and vitality of the Beehive State. Depictions of the Aggie bull adorn each corner of the lantern, symbolizing the strength, diligence, and resilience of Utah State Aggies. Below the inscription of ‘USU’ on the mace’s head, thistle vines intertwine, evoking USU’s agricultural heritage as the state’s land-grant university.

Situated at the base of the mace’s light is Utah’s state flower, the Segó Lily, serving as a symbol of the resilience and resourcefulness ingrained in the Aggie family.

The mace’s twisted handle represents the staircase found on Old Main Hill and symbolizes progress, growth, and discovery. At the handle’s base lies the university seal, reflecting the three pillars of our foundation as a land-grant institution: research, public service, and teaching.

Utah State University’s mace stands as a powerful embodiment of the institution’s rich history, enduring values, and commitment to guiding Aggies toward a bright and prosperous future.

ACADEMIC HERALDRY

The history of academic heraldry reaches back into the early days of the university. In England in the fourteenth century, the statutes of certain colleges forbade “excess in apparel” and prescribed the wearing of a long gown. Hoods were used to cover the head until replaced by the skull cap and later academic caps. When American colleges and universities decided to adopt some suitable system of academic apparel, it seemed best to agree on one that all might follow. Accordingly, there was held on May 16, 1895, at Columbia University, a conference of representatives of the boards of various interested institutions. From that meeting came a code of academic dress for the colleges and universities of the United States.

GOWNS

The academic gown for the associate and bachelor’s degrees has pointed sleeves and is designed to be worn closed. The gown for the master’s degree has an oblong sleeve, open at the wrist. The sleeve base hangs down in the traditional manner. The rear part of its oblong shape is square cut, and the front part has an arc cut away. It is designed this way so that it can be worn open or closed. The gown for the doctoral degree has bell-shaped sleeves and may be worn open or closed.

HOODS

Academic hoods are worn by recipients of advanced degrees. The master’s degree hoods are three-and-one-half feet in length and are lined with the official color or colors of the college or university conferring the degree, which at Utah State University are navy blue and white, displayed in a heraldic chevron. The doctoral hood consists of a larger and longer assemblage of institutional color draped over the recipient’s shoulders and falling well down the back. The binding or edging of the hoods is of velvet or velveteen, three inches wide for the master’s degree and five inches wide for the doctoral degree.

CAPS

Academic caps come in two forms: the traditional mortarboard (from Oxford) or square cap; and a soft cap that resembles an oversized beret (from Cambridge). The mortarboard used by Utah State University is worn with a tassel. The color of the tassel designates the graduate’s major field of learning, and gold tassels indicate doctors and the governing officials of institutions.

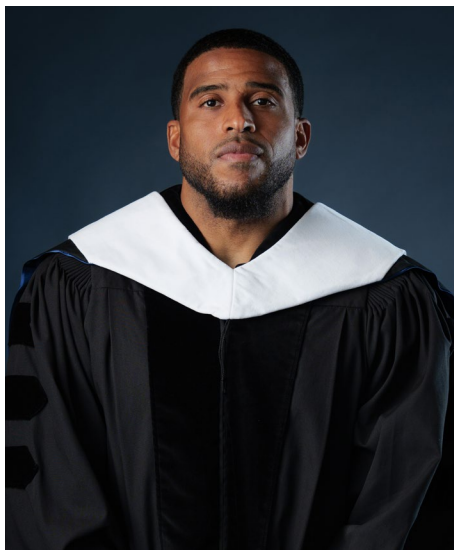

COLORS

For all academic purposes, including trimmings of doctoral gowns, edging of hoods and tassels of caps, the colors associated with the different academic disciplines are as follows:

- Agriculture and Natural Resources, *Maize*
- Arts and Sciences, *White*
- Business, *Drab*
- Education and Human Services, *Light Blue*
- Engineering, *Orange*
- Veterinary Medicine, *Gray*
- Bachelor of Integrated Studies and Associate of General Studies, *Black*
- Doctoral Degrees, *Old Gold*

COMMENCEMENT SPEAKER & HONORARY DOCTORAL DEGREE RECIPIENT

BOBBY WAGNER

Bobby Wagner is widely recognized for his accomplishments at both the collegiate and professional levels of football. Born on June 27, 1990, in Los Angeles, California, and raised in Ontario, California, he attended Colony High School, where he played linebacker and tight end before enrolling at Utah State University.

At USU, Wagner was a four-year starter from 2008 to 2011 and one of the most productive defenders in program history. He earned first-team All-Western Athletic Conference honors three times, led the team in tackles in multiple seasons, and was named the WAC Defensive Player of the Year as a senior after recording 147 tackles and multiple tackles for loss. Wagner finished his Aggie career tied for the school record with 446 tackles and was selected as the Most Valuable Player and the North's Most Outstanding Player at the 2012 Senior Bowl. He also helped Utah State reach its first bowl game in 14 years. In recognition of his collegiate contributions, Wagner was inducted into the Utah State Athletics Hall of Fame.

Following his collegiate career, Wagner was selected by the Seattle Seahawks in the second round of the 2012 NFL Draft. He immediately became a fixture in Seattle's defense and helped the Seahawks win Super Bowl XLVIII. Over a 14-year professional career, Wagner has been named to multiple Pro Bowl rosters and has received All-Pro honors. He was

selected to the NFL's 2010s All-Decade Team, one of only two Utah State players to receive that distinction alongside Merlin Olsen. Wagner has been a leader in his profession and, through the 2025 season, is widely regarded as one of the most consistent defenders in the league.

Off the field, Wagner has continued his academic preparation while actively playing in the NFL, completing the academic requirements for a Master of Business Administration degree from Howard University School of Business. He is one of only a handful of players in NFL history to be nominated for the Walter Payton Man of the Year (WPMOY) award four times — ultimately winning the award for the 2025 season. He is also the founder of FAST54, a nonprofit organization focused on youth development, education, and wellness. Through this work and additional philanthropic initiatives, he has supported youth sports, educational access, and health-focused community programs.

In Washington, Wagner partnered with Children's National Hospital to support pediatric stroke awareness and care through the Phenia Mae Fund, named in honor of his mother. His community engagement and sportsmanship have been recognized by the NFL through honors such as the NFLPA Community MVP Award and the Rooney Sportsmanship Award.

HONORARY DOCTORAL DEGREE RECIPIENT

ARA SERJOIE

Ara Serjoie was born in Tehran, Iran, and lived there through the 1979 Islamist-Marxist coup as well as the early years of the Iraqi-imposed war. His parents moved the family to West Berlin in 1985 and subsequently to London, United Kingdom, in 1986, where he lived before arriving in Logan, Utah, in the fall of 1993 as an international student. Although Utah contrasted sharply with the global cities of his youth, Utah State University became a place of belonging and transformation, profoundly shaping his values and professional direction.

At Utah State, Serjoie earned a bachelor's degree in liberal arts and sciences, with minors in management and human resources and philosophy. His education extended well beyond the classroom. He was actively engaged in student leadership and service through organizations including Beta Theta Pi fraternity, the Student Court, the Best Buddies program, the Val R. Christensen Service Center, and the International Student Council. He also held several campus positions, including roles in the Advancement Office, the Office of the Vice President for Student Services, and an internship with the Affirmative Action and Equal Opportunity office. These experiences shaped his commitment to public service, equity, and community engagement. Serjoie's activism has also included a years-long effort to educate others about the plight of the Iranian people as they continue to fight against the rule of the

government occupying his beloved motherland Iran. Serjoie's experiences at Utah State led him to pursue a career in higher education advancement. Over nearly three decades, he has served in senior leadership roles overseeing institutional advancement at Clark College in Vancouver, Washington; California State University East Bay in Hayward, California; Guilford College in Greensboro, North Carolina; and Haverford College in Haverford, Pennsylvania. In these roles, he provided strategic oversight for fundraising, alumni and constituent relations, and advancement operations, supporting philanthropic investment in education and student success.

He earned a master's degree in public administration from the University of Utah and a Ph.D. in higher education leadership and change from Colorado State University. His professional service has been complemented by extensive civic involvement, including service with the Salt Lake Organizing Committee for the 2002 Olympic Winter Games, a gubernatorial appointment to the State of Utah Martin Luther King Jr. Human Rights Commission, and board service with organizations such as Girl Scouts of Oregon and Southwest Washington, the Vancouver Symphony and Orchestra, and the Community Foundation of Greater Greensboro. Since 2018, he has also served on the Utah State University College of Arts and Sciences Advisory Board.

Serjoie resides in Portland, Oregon, with his spouse, Darrell Williamson, and remains connected to Utah State University. He holds deep gratitude for his parents, Reza Serjoie, a civil engineer, and Mahin Ohadi-Serjoie, an educator, whose commitment to education shaped his life and that of his siblings, Ava and Armin. In 2024, he honored this legacy by naming the Reza and Mahin Serjoie Student Lounge in the Heravi Building.

HONORARY DOCTORAL DEGREE RECIPIENT

JOYCE ALBRECHT

Raised on a dairy farm in Midway, Utah, Joyce Albrecht learned early that hard work and community service are cornerstones of a meaningful life. As the daughter of a local farmer, she absorbed lessons of perseverance and humility. Her father taught her that effort matters more than earnings, and her mother encouraged her to dream big, set priorities, and embrace both career and family.

The opportunity to attend college proved life changing and launched a 45-year professional journey across three universities in higher education administration and institutional advancement. Throughout her career, Albrecht was supported by teachers, mentors, and colleagues who championed her growth at every turn. Her most rewarding professional assignment came at Utah State University, where she worked with Dean Craig Jessop to help lay the groundwork for the Caine College of the Arts, now the Caine School of the Arts.

Drawing on her fundraising expertise, Albrecht cultivated relationships with benefactors, including Kathryn Caine Wanlass, Manon Caine Russell, Dell Loy and Lynnette Hansen, Father Rich Lawsen, and others. Their support helped advance a new performance hall, an endowed quartet-in-residence with the Fry Street Quartet, Caine Scholars for Excellence Program, Hansen Scholars, a remodeled Fine

Arts Center, and ongoing funding for theater, art, and music initiatives. Her work strengthened access to the arts and expanded student opportunities across the college.

Beyond campus, Albrecht dedicated herself to community and statewide service. She served as a volunteer board member for the American Cancer Society, Sunshine Terrace Foundation, Cache Valley Center for the Arts, and Logan Regional Hospital. She also provided administrative oversight for the Utah Academy of Science, Arts, and Letters for 15 years and was elected president of the Council of Presidents and Chancellors Spouses within the Association of Public and Land-Grant Universities.

Albrecht's public service expanded when her husband, Stan, became president of Utah State University. From 2005 to 2017, she served as first lady of USU, a role she considers the pinnacle of her professional and personal life. She traveled internationally to engage alumni and supporters, hosted receptions at the president's residence to showcase student talents, shared her signature homemade brownies and Aggie Ice Cream with student groups, and cheered on Aggie athletics alongside the campus community.

In retirement, Albrecht enjoys time with her children, 15 grandchildren, and 14 great-grandchildren, helps manage the family's Buelingo cattle herd, fishes in nearby reservoirs, and reflects with pride on a lifetime of memories and connections across the Aggie community.

HONORARY DOCTORAL DEGREE RECIPIENT

STAN ALBRECHT

Raised in the rural town of Fremont, Utah, Stan L. Albrecht joined his five siblings as a first-generation college student. While neither of his parents had the opportunity to attend college, their encouragement and support allowed all six children to graduate, with Albrecht and his three brothers each completing graduate degrees. His first year of college evolved into a 55-year journey through higher education—first as a student, then as a faculty member—culminating in 25 years of senior-level administration at Brigham Young University, the University of Florida, and Utah State University.

Albrecht bookended his professional life at USU. He began his academic career as a faculty member and returned for his final 18 years, serving the last 12 as USU's 15th president. Prior to administration, he enjoyed rewarding teaching and research careers, receiving multiple awards for outstanding teaching. He published several books and over 100 research articles in social psychology, health and environmental policy, and the sociology of religion and the family. He served as editor of the journal *Rural Sociology* and directed a Health Policy Research Institute. His leadership extended to the Association of Public and Land-Grant Universities, the Rural Sociological Society, and the Society for the Study of Social Problems.

The highlight of Albrecht's career was his appointment as president of Utah State University, a position that brought him great personal satisfaction, particularly in enhancing educational opportunities on the main campus and throughout the state. He facilitated the construction of numerous new buildings in Logan and at regional campuses in Brigham City, Tooele, Price, Blanding, and the Uintah Basin. To ensure no student was denied opportunity due to lack of resources, he prioritized growing scholarship support. Albrecht also completed the university's first comprehensive capital campaign, resulting in the naming of numerous colleges, laying the groundwork for the school of veterinary medicine, and helping USU attain membership in the Mountain West Conference.

Beyond the university, Albrecht served on the NCAA Division I Board of Directors, the Board of Governors of the Northwest Association of Colleges and Universities, the Utah State Board of Higher Education, the Salt Lake Chamber, and the boards of Regence Blue Cross/Blue Shield, Logan Regional Hospital, and Rocky Vista University. He attributes his career success to his parents, his colleagues, his family, and especially his spouse, Joyce Albrecht.

E.G. PETERSON EXTENSION AWARD RECIPIENT

BRENT BLACK

Plants, Soils, and Climate Professor, Extension Fruit Specialist

Brent Black, Ph.D., grew up in Eastern Idaho, where both of his parents were college professors and USU alumni. From an early age, he was interested in plants and spent his youth working in a series of summer jobs in agriculture, including potato farms, a nursery, a garden center and in landscape construction. Because of these early experiences, he decided to study horticulture, with an emphasis in plant physiology. While completing his undergraduate degree in plant and soil science at USU, he was particularly fascinated by a class on fruit production and decided to focus on pomology.

After USU, Black went on to pursue a Master of Science in horticulture at Michigan State University, then a Ph.D. in plant physiology at Oregon State University and the University of Maryland at College Park. The next stop was as a research scientist at the USDA's flagship Beltsville Agricultural Research Center in Beltsville, Maryland. There he studied how the physiology of berry crops (strawberry, raspberry, blackberry, and blueberry) was affected by crop management practices. After six years with USDA, he

was interested in new challenges, specifically looking for opportunities to interact more directly with commercial fruit growers and students. He found these opportunities as the Extension fruit specialist at his alma mater. Since 2005, he has conducted an integrated research and extension program working on tart cherry crop management, peach and apple rootstocks, as well as protected cultivation systems for raspberry and blackberry. Current interests include using drone, satellite and ground-based sensors for precision integration and fertilizer management, and alternative crops for diversification opportunities.

CAZIER LIFETIME ACHIEVEMENT AWARD RECIPIENT

RONALD GILLAM

Speech & Hearing Sciences Professor, Raymond & Eloise Lillywhite Endowed Chair | Speech-Language Pathology

Ronald Gillam, Ph.D., holds the Raymond and Eloise Lillywhite Endowed Chair in Speech-Language Pathology at Utah State University. His research, which has been funded by the National Institutes of Health and the U.S. Department of Education, primarily concerns information processing, the neurobiology of language, language assessment, and language intervention effectiveness for school-age children with developmental language disorders.

Gillam has published eight books, four norm-referenced tests, 121 peer-reviewed articles, and 51 book chapters. He is currently an academic editor for PLOS One, and he has been an associate editor of *The Journal of Speech, Language, and Hearing Research*; *The American Journal of Speech-Language Pathology*; and *Topics in Language Disorders*. Gillam has received numerous teaching and research awards, including honors of the American Speech, Language, and Hearing Association (ASHA), Distinguished Alumnus at Indiana University, ASHA Fellow, the Haydn Williams Fellow at Curtin University in Western Australia, the Dads

Association Centennial Teaching Fellowship at the University of Texas at Austin, the Editor's Award for the article of highest merit in the *Journal of Speech, Language, and Hearing Research* (twice), and the Robins Award for the outstanding researcher at Utah State University.

ELDON J. GARDNER TEACHER OF THE YEAR RECIPIENT

ANDREAS MALMENDIER

Mathematics and Statistics Associate Professor

Andreas Malmendier is an associate professor of mathematics at Utah State University, where he has been a member of the faculty since 2014. He received his Ph.D. in mathematics from the Massachusetts Institute of Technology under the supervision of Isadore M. Singer, following earlier degrees in physics and mathematics from the University of Bonn. His research lies at the intersection of algebraic geometry and mathematical physics, with a focus on K3 and Calabi–Yau varieties, modular forms, and string dualities.

He has authored over 35 peer-reviewed publications, including nine with undergraduate and graduate student coauthors, and has held visiting appointments at institutions such as the Isaac Newton Institute at Cambridge University (UK), the Institute for Computational and Experimental Research in Mathematics at Brown University, and the Fields Institute (Canada). His research has been supported by the Simons Foundation, the National Security Agency, and several institutional fellowships.

At Utah State University, Malmendier is a dedicated and award-winning teacher whose instructional and mentoring contribution spans the full undergraduate and graduate curriculum. He has received multiple teaching and mentoring honors, including Mathematics Teacher of the Year (2024, 2025), Mathematics Undergraduate Research Advisor of the Year (2018, 2019), USU Distinguished Capstone Mentoring Award (2018), College of Science Undergraduate Advisor of the Year (2020), and College of Arts and Sciences Teacher of the Year (2026).

His mentoring has resulted in numerous student publications, competitive national awards (including Goldwater Scholarships, NSF Graduate Research Fellowships, and NSA Summer Internships), and successful placement of students into doctoral programs and academic positions. Through sustained excellence in teaching, course leadership, and mentoring of student research, Malmendier has made a significant and lasting impact on the educational mission of Utah State University.

VALEDICTORIAN

Alexis Lupus
Public Health

Faculty Escort:
Scott Bernhardt, Ph.D.
Biology

Alexis is from Orem, Utah. Before becoming an Aggie, she was a Viking at Pleasant Grove High School, where she was heavily involved in theatre and played piano whenever possible. Although she will always have a love for the fine arts, it was her fascination with science that ultimately led her, as a first-generation college student, to the Bachelor of Science in public health program at Utah State University.

During her time at USU, Alexis has served for three years on the committee for the American Industrial Hygiene Association student chapter, including her final year as president. In 2025, she received three national scholarships from the American Industrial Hygiene Foundation. She completed two internships — one for SSR Mining at their Marigold site in Valmy, Nevada, and another at Bayer Crop Science in Soda Springs, Idaho — that were among the most impactful experiences of her college career.

Outside of her public health classes, she's continued taking piano lessons through the university and even began taking organ lessons this past fall. If Alexis is not found studying in the Life Science building, you can find her playing New York Times games with her family or enjoying the Costco food court with her husband, Jackson. She is incredibly grateful for each professor, supervisor, family member, and friend who has supported her throughout her time at Utah State.

David Ohm, Ph.D.

*Electrical and Computer
Engineering*

Lorenzo High grew up in southeast Idaho, where countless hours digging in the backyard dirt pile with his siblings helped shape the strong work ethic he is known for today. His fascination with electricity began in third grade, sparked by an engaged teacher and parents who encouraged him to explore anything that captured his curiosity. By the time he graduated high school, he had already designed custom electronics for a choreographed fountain show. Lorenzo is graduating with a Bachelor of Science in electrical engineering.

Lorenzo's interest in space led him to join the USU Get Away Special (GAS) Student Satellite team, where he was introduced to research and later studied new antennas for CubeSats. He broadened his experience through two summers as a systems engineering intern at L3Harris and now works at the Space Dynamics Laboratory, contributing to synthetic aperture radar research. Building on these experiences, he is pursuing a Master of Engineering in electrical engineering at Utah State University.

Outside the lab and classroom, Lorenzo enjoys running, rock climbing, camping, hiking, playing the organ, and refining his fountain designs.

Jacey Taylor Hopkin

Psychology

Faculty Escort:

Kerry Jordan, Ph.D.

Psychology

Jacey has always aspired

to be a scientist. She

first came to USU for

its physics program but fell in love with its psychology

program instead. She is graduating with two Bachelor of Science degrees in psychology and biology.

During her undergraduate experience, Jacey was nominated for the Goldwater national scholarship, received the ArtSci Kiwanis award, maintained a 4.0

GPA, worked as a writing fellow, served on the Honors Student Advisory Board, and graduated with Honors.

Jacey's key takeaway from USU is her Honors capstone course, in which she investigated whether human perceptions of animals influence conservation behavior. She seeks to pursue this research in a Ph.D. program.

Though she stayed at USU for the research opportunities, the wonderful people, and the beautiful campus, she secretly hoped she'd win at high stakes bingo night somewhere along the way. Jacey's favorite memories at USU are hollering and cheering for the men's basketball team in the Spectrum.

Jacey is thankful for her teachers, mentors (Sara Freeman, Kerry Jordan, and Mona Buhusi), and the wonderful friends and family who supported her along the way.

2025-2026 EMMA ECCLES JONES COLLEGE OF EDUCATION & HUMAN SERVICES CANDIDATES FOR GRADUATION & HOODING

Melissa Webster
School of Accountancy

After taking accounting classes in high school and filing his own taxes since he was 16, Chris Davis knew accounting was the field for him and is now graduating as a double major with two Bachelor of Science degrees in accounting and data analytics.

At Utah State, he has fully immersed himself in his studies, completing internships with Conserve and Richey May, along with an upcoming internship with Deloitte in their Audit and Assurance practice. He has competed in the Deloitte FanTAXtic and tax policy competitions and serves as a Quigley ambassador. He also served as the music liaison on the Institute Student Council, helping organize student music events and accompanying on the piano for three global music broadcasts during his undergraduate experience.

In his free time, Chris enjoys backpacking, hiking, trail running, and paddleboarding—always in his trusty Chacos. He is also an accomplished musician and loves a good jam session on the organ or piano.

Chris loves USU and is proud to be the fourth Aggie in his family.

VALEDICTORIAN

Avery Truman

Environment & Society

Faculty Escort:
Trisha Atwood, Ph.D.
Watershed Sciences

Avery Truman is passionate about Earth science, marine biology, astronomy, and especially enjoys learning about the intersections between them. She is graduating as a double major with a Bachelor of Science in environmental studies and geography, with a minor in unmanned aerial systems. She was also highly involved with USU's student newspaper, *The Utah Statesman*, beginning her freshman year as a reporter and advancing to managing editor over four years.

Avery strives to combine her love of science and journalism. She completed two exclusive internships with the NASA Goddard Space Flight center in Washington, D.C., where she interviewed experts and wrote about the Artemis Mission and the DAVINCI probe. Avery was then chosen from a pool of 9,000 applicants to be the executive communications intern for the National Geographic Society, where she wrote on behalf of CEO Jill Tiefenthaler.

As a senior, she continued to portray consistent leadership while maintaining a 4.0 GPA. She believes that stories have the power to make real, tangible change.

DEPARTMENT HEAD, TECHNOLOGY, DESIGN, AND TECHNICAL EDUCATION

Commencement Speaker

Zak A. Konakis, MPH, Ph.D., is the department head of the Department of Technology, Design, and Technical Education at Utah State University, where he leads efforts to expand high-quality, stackable technical education pathways. His work focuses on connecting secondary, technical college, and university programs with regional workforce needs through strong industry partnerships, work-based learning, and innovative program design. Drawing on over a decade of experience in strength and conditioning, regional sales management, and higher education leadership, Konakis is committed to creating accessible routes into high-skill, high-wage careers

for students across Utah. He is especially passionate about serving the rural communities of Utah and expanding opportunities for place-bound students to pursue technical education close to home. His doctoral dissertation, titled *The Relationship Between Career Choice and Indecision Within the Career and Technical Education Pathway Model*, examined how students navigate choices and uncertainty in CTE pathways and suggested interventions to help people reach their career choices faster. He holds both a Master of Public Health and a Ph.D. from Utah State University.

WHITNEY MCKAY

Student Speaker

Whitney McKay is graduating with a Bachelor of Science in marketing. During her time at Utah State University, she served as a Statewide ambassador for the Southwest region, enjoying representing non-traditional students in rural Utah. Whitney has been the recipient of prestigious scholarships throughout her academic journey, such as the H. Craig and Maradee S. Petersen Scholarship, the Stella Oaks Single Mother Scholarship, and the USU Ambassador Scholarship.

She is the co-founder of Beautibly, a software platform connecting beauty professionals with clients, and has served as a Statewide outreach specialist for USU. Whitney has volunteered for judges in the Utah court system and currently serves in the young women's program in her church.

Whitney is the mother of two sons, Drake and Rex. As a family, they enjoy Aggie football games, crazy-hard hikes, and playing Clue.

Following graduation, Whitney plans to attend law school to pursue a dual MBA and JD degree. She hopes to teach and practice corporate law.

TRENTEN STEPHENSEN

Student Speaker

Trenten Stephensen is graduating with a Bachelor of Science in accounting. During his time at Utah State University, he was actively involved as a student ambassador, helping prospective students discover educational opportunities while developing leadership skills. Prior to his time at USU, he earned an Associate of Science degree from Snow College.

He previously completed an accounting internship with Juab School District, gaining hands-on experience in budgeting and financial reporting. Trenten also worked as a classroom facilitator at the USU Nephi Center, where he supported student learning.

Trenten is grateful for the constant support and encouragement of his parents, Aaron and Staci, as well as his brother, Tate, and his sisters, Tana and Taylee, as he pursues his goals. He enjoys spending time outdoors and being with friends and family.

Following graduation, Trenten plans to intern with Clyde Companies in Orem, Utah, to develop experience in industry accounting, with the goal of attaining full-time employment upon completion of the internship.

DONNA DILLINGHAM-EVANS, PH.D. **FORMER USU TOOEE DEAN**

Commencement Speaker

Donna Dillingham-Evans, Ph.D. is a higher education leader with a career that has a history of over thirty years of transformative academic leadership. She was the campus leader of USU Tooele from 2013 to 2016 after a successful career at Dixie State University (now Utah Tech University) where she taught as a member of the faculty since 1982 and as vice president of academics between 2005 and 2013. Under her tenure as chief academic officer, the institution increased its academic programs by over 30 undergraduate degree programs, as well as several other minors, associate and certificate programs, and put the institution in a place to grow and broaden its opportunities. She was also center stage in the successful process of converting Dixie State into a university.

Dillingham-Evans started at Dixie State as a mathematics instructor in 1982. She also taught science and chemistry. In 2001 she was named as the founding chair of the mathematics department, which speaks to her commitment to establishing quality academic programs as well as empowering faculty excellence.

As the dean of USU Tooele, Dillingham-Evans exemplified new approaches to education delivery in all disciplines, built stronger ties with communities, and placed the Tooele Campus in the center of economic and cultural development in the region. She was instrumental in securing funds from Tooele city and county and saw her vision of a Science and Technology Building through to completion. This Science Center is a stand out in lab space, technology and even houses a cadaver lab that has served so many future medical professionals to see their own dreams come true. Her leadership helped promote faculty and student interest, inclusion and equity, and research and teaching excellence. She also enhanced strategic relationships with the community leaders, businesses, alumni, and donors—securing a sustainable growth and availability of opportunities to the upcoming generations of students.

She earned a bachelor's degree in chemistry from Austin Peay State University in Clarksville, Tennessee in 1970; a master's degree in post-secondary and vocational education from the University of Nevada in Las Vegas in 1989; and a doctorate in educational leadership from Northern Arizona University in Flagstaff in 1996.

Her legacy is that of foresight, honesty and unapologetic devotion to the success of the students.

ASHLEY HERRERA

Student Speaker

Ashley Herrera is a pre-nursing graduate from Utah State University and a proud native of Tooele, Utah. She was inspired to pursue nursing after becoming a mother to her two daughters, an experience that sparked her desire to care for others during life's most vulnerable moments. While earning her degree, Ashley balanced full-time coursework, a job, and raising young children, powered less by sleep and more by determination and an impressive amount of Red Bull. She is especially grateful to her husband for his constant support and to her family and friends who helped make this achievement possible. In her free time, Ashley enjoys creative writing, crocheting, baking, and making memories with her girls, who remain her greatest motivation.

NATALIE WATERS

Student Speaker

Natalie Waters is a first-generation graduate at Utah State University. She is graduating with her Bachelor of Science in marketing. She is a busy woman with many jobs and responsibilities as a founder of the Race to End Bullying Foundation, a part-time assistant manager at Maurices, the director of marketing for the Salt Lake Valley Quarter Midget Association, a part-time nanny, and a traveling race car driver. Despite her busy schedule, she remained committed to her education and is graduating with a 3.96 cumulative GPA with 137 credits. She has been on the Dean's List nearly every semester here at USU. She has been awarded ten scholarships over the years, including the Tooele England Education Scholarship, the Hansen Scholars Undergraduate Scholarship, and the Purple Innovation Scholarship. Her post-

graduation plan is to move to Charlotte, North Carolina, to pursue a career in marketing for NASCAR as she follows her bigger dreams of racing professionally and changing the world with her foundation.

MIKE WHITAKER **CEO - WHITAKER HOLDINGS INC.**

Commencement Speaker

Mike Whitaker is CEO of Whitaker Holdings and has been part of Whitaker Construction since 1979, starting as a shop helper and advancing through leadership roles, including operations manager and president. Under his leadership, annual revenue grew from \$76 million to \$350 million, and the workforce expanded from 235 to more than 900 employees. He played a key role in establishing the company's core values: "Value Safety," "Embrace Ownership," "Be Honorable," and "Elevate Team." These values guide operations across eight states. In 2020, Whitaker Holdings was formed as the parent company for multiple businesses, and Mike became CEO in 2021. Mike is a proud graduate of Utah State University with a degree in business finance. He has received several notable community honors, including Box Elder County Businessperson of the Year. He and his wife, Chalet, have been married for 33 years and enjoy spending time with their three grown children.

MEGAN KRAMER

Student Speaker

Megan Kramer is graduating with a Bachelor of Science in marketing from Utah State University's Jon M. Huntsman School of Business. She is a full-time student and stay-at-home mom of five, with a sixth child on the way, balancing academics, family life, and leadership with determination and persistence. Throughout her time at USU, Megan has maintained a strong academic record, earning placement on the Dean's List for the past three semesters, while completing coursework in marketing strategy, data analysis, business communication, and research. For the past two semesters, she has served as a teaching assistant, supporting student learning through feedback, evaluation, and academic guidance. She has also worked on a variety of applied projects, including developing marketing strategies, conducting research analyses, and creating content for real-world organizations. Outside of academics, she enjoys spending time with her family, disc golfing, rock climbing, hiking, and the solitude these activities provide.

AMANDA WILKINS

Student Speaker

Amanda Wilkins began her journey at USU in 2005. A few years later, she earned a double bachelor's degree in elementary and early childhood education and began her career in public education. Over the years, Amanda's life grew in wonderful ways, including welcoming four incredible children. As her family's needs evolved—particularly following the birth of her third child with significant medical needs—she needed a career offering flexibility and continued impact in education. Guided by the encouragement of her family and the support of academic advisor Kristy Bloxham, Amanda discovered the Instructional Technology and Learning Sciences master's program. Through the program, she transitioned from the traditional classroom into the field of learning design and educational technology. Amanda advanced into a curriculum director role and now designs innovative learning experiences that support educators and learners on a global scale. She remains passionate about creating meaningful, accessible education adapted to the needs of families and communities.

COLIN FRYER **LOCAL RANCHER AND BUSINESSMAN**

Commencement Speaker

Colin Fryer was born and spent his early years in Northern Utah, around Brigham City, Tremonton, and Collinston. He comes from a farming and ranching family, and even after moving to Salt Lake City during his school years, he kept going back to Collinston to work with his grandpa on the farm. That's really where it all started—his lifelong interest in the land, the animals, and that way of life. His grandpa could see it early on, and when Colin was about 12 years old, he told him straight: "If you want to be a farmer, you'd better go make a bunch of money first."

After high school, Colin attended the University of Utah off and on for about six years. At first, it was a way to avoid Vietnam, and later it turned into a few years of night school while he worked full time and was married. He left with just a few quarters left to graduate and never really had the typical college experience—no campus living, no college social life. Mostly, he was working.

In those early years, he worked mostly in construction and other hands-on jobs. His big break came when he got hired as a salesman at a car stereo store—the first job he ever had where he didn't have to get dirty. That job turned out to be the start of something much bigger. Over the next 20 years, he built a business that grew into multiple retail stores, a distribution company, and a business reorganization and liquidation company operating across the country. Somewhere along the way, he also started and ran a waterbed manufacturing and distribution company. He'll tell you he was long-haired and working in a semi-hippie kind of business at the time, but in the end, he did exactly what his grandpa told him to do—he made his pot of money first.

By his early 40s, he was burned out and ready for something different. He started looking for what was next, spending a lot of time riding around with realtors, looking at land and lodges across Montana, Idaho, Wyoming, and the rest of the West. He wanted a place where he could get back to that original dream—family ranching—while also chasing a newer interest in tourism, especially the kind you see around the great national park lodges.

In 1990, at age 42, he bought the slightly famous White's Ranch on the Colorado River. For the next 30 years, he learned ranching by doing it and built a life around it. At the same time, he grew a number of businesses tied to tourism. He built and operated Red Cliffs Lodge until about three years ago, owned and ran three motels and restaurants in Moab, started Castle Creek Winery with his son, and built Castle Rock Construction.

Along the way, Colin stayed deeply involved in his community and the broader tourism industry. His service has included the Moab Chamber of Commerce, Moab Travel Council (where he helped nominate hotels), the Citizen Board, ZFNB Advisory Board, the National Parks Advisory Council (Southwest Region), and eight years on the Utah State Travel Board. During his time there, he served as chairman of the Marketing Committee and helped create and launch the Mighty Five® campaign, which went on to win Best in the U.S.A. awards.

His work has been recognized with a number of honors, including Moab Business of the Year, Ernst & Young Entrepreneur of the Year, Paul Harris Fellow Rotarian, "Spoke Difference Maker," SBA Small Business of the Year, Moab Citizen of the Year, and Grand Marshal of the Moab Parade. He has also been recognized as one of 50 Enlightened Individuals in the State of Utah and was inducted into the Utah State Tourism Hall of Fame.

About three years ago, he had the chance to sell the lodge and a couple of his motels. As Yogi Berra once said, "When you come to a fork in the road—take it," and that's exactly what he did.

These days, Colin still runs his home ranch, operates a trail and horse business, raises crops in Castle Valley, and stays involved with Castle Rock Construction, but he's officially semi-retired. He misses the crews, the customers, and the fast pace of the tourism business, but he's also enjoying the chance to slow down a little, travel, look around his own backyard,

and spend more time with family.

He's still thinking about that next—and maybe last—phase. He's got a few ideas, but nothing locked in just yet. One thing he does know: when the right opportunity comes along, he'll be ready for it.

SAVANNAH ADKINS, PH.D.

Student Speaker

Savannah Adkins earned her Ph.D. in biology and ecology from Utah State University in 2025. Her doctoral research in soil biogeochemistry explored how cattle grazing can function as a natural climate solution across the Colorado Plateau. In recognition of her work, she received awards from the Sigma Xi Scientific Research Honor Society, The Nature Conservancy, and the National Science Foundation.

Savannah is now an ORISE research fellow with the USDA Agricultural Research Service, where she develops science that balances the goals of food production, resource extraction, restoration, and climate change mitigation. Her research challenges the notion that conservation and land-use practices must be in conflict, and instead advances collaborative, win-win solutions for the beloved working landscapes of the Intermountain West.

KRISTIAN J. OLSEN

Commencement Speaker

Kristian J. Olsen is a higher education leader with more than 25 years of experience focused on expanding opportunity and helping students succeed. He currently serves as deputy vice president for Utah State University's Residential Statewide Campuses, where he works with campuses across rural Utah to strengthen academic programs, support student success, and build partnerships that connect higher education with communities and workforce needs.

Prior to this role, Olsen served as vice president for Utah State University's Blanding and Moab campuses, where he led strategic initiatives to expand educational access and strengthen relationships with local communities and Tribal partners. During his tenure, he helped secure significant philanthropic and grant funding for the campus, including leading efforts to raise more than \$14 million to build the first higher education academic facility on Tribal lands in Utah, along with additional funding for scholarships, technical education programs, and student support initiatives.

Olsen holds a master's degree in higher education and student affairs from the University of Connecticut and a bachelor's degree in business management from Southern Utah University.

He grew up in San Juan County, Utah, and after living in different parts of the country, considers this area as one of the most beautiful and remarkable places in the United States.

Kristian is the proud father of two amazing kids. Outside of work he enjoys exploring new places, spending time outdoors, and playing what he freely admits is a lot of bad golf.

Raquel Dandy is a proud Diné woman of the Naasht'ézhí Táchíí'nii clan, born for the Todachi'nii clan. She was raised on the Navajo Reservation in Monument Valley, Utah, by her parents, Jim and Betty Dandy, both educators who instilled in her a deep respect for learning, hard work, and cultural identity.

A graduate of Utah State University's Blanding campus, Raquel's path to higher education was anything but linear. She began her studies at Snow College before stepping away and spending a decade on the East Coast working as a nanny in Washington, D.C., Maryland, and Connecticut. After returning home, she again paused her education to care for her aging parents alongside her brother.

In 2025, with encouragement from her cousin Troy Whitethorne, Raquel re-enrolled at Utah State University. His support not only inspired her return to school but also encouraged other members of her family to pursue their own educational and career goals. Beginning with two summer courses, she excelled and continued as a full-time student.

Raquel chose to major in social work, driven by a desire to help others navigate life's challenges with compassion and dignity. Her journey reflects resilience, faith, and the belief that it is never too late to begin again.

She is proud to follow in the footsteps of her parents and older brothers, who also pursued higher education, and remains deeply committed to honoring both her academic achievements and her Navajo heritage. Raquel is grateful for the mentors and community members who supported her along the way and looks forward to making a positive impact in the lives of others.

LAURENS (LARRY) H. SMITH **PROVOST**

Commencement Speaker

Laurens (Larry) H. Smith, Ph.D., serves as the provost and executive vice president of Utah State University. A member of USU's leadership team since 2003, he has held major leadership roles including vice president of Statewide Campuses, executive senior vice president, vice provost, interim dean, and interm vice dean for research. Throughout his long tenure in the Office of the Provost, he has provided leadership in faculty policy, curriculum and academic programs, academic leadership development, and university-wide academic strategy.

A first-generation college student from a working-class community in southern New England, Larry earned his B.A. in biology from Eastern Connecticut State College, M.A. in physiology from the University of Kansas, and Ph.D. in physiology from the University of Maryland. He did postdoctoral research at biomedical research institutions on the east coast.

Larry began his faculty career in the biology department at Idaho State University in 1989 and was founding director of ISU's Molecular Research Core Facility. His research focused on molecular mechanisms regulating gene expression in pathogenic microorganisms.

He completed executive leadership training at Harvard University and is a 2019 recipient of a Distinguished Alumni award at his undergraduate alma mater. Larry and his wife, Carol von Dohlen, Ph.D., have two children. He is an avid golfer, fly fisherman, and amateur vintner, maintaining a small vineyard of wine grapes.

DAVIAN DIX **VALEDICTORIAN**

Student Speaker

Davian Dix grew up in Stansbury Park, Utah with her parents and four brothers. At an early age, Davian displayed a passion for creativity and problem-solving. She began by making DIY birthday cards, fixing random household items, and designing house layouts—which she later built in Minecraft, of course. Graduating with her Associate of Science, Davian is certified as a SOLIDWORKS Sheet Metal Professional and SOLIDWORKS CAD Design Associate (CSWA). She also excels at building functional electronic circuits. Outside of school, Davian plays on the USU Eastern Women's Soccer team, where she exemplifies dedication and determination.

Davian plans to study architectural engineering when she transfers to a four-year university this fall. She also aspires to pursue soccer to her fullest potential. Davian would like to combine her degree and love for soccer by designing sports complexes and recreational centers in underprivileged and rural areas. Her goal is to give all young athletes equal opportunities and resources to succeed in their sport

BROOKLYN MACKAY **USUSA, VICE PRESIDENT EASTERN**

Student Speaker

Brooklyn Mackay began her journey at USU Eastern with a strong passion for service, joining USUSA leadership as the Sun Center service representative, where she loved engaging with and supporting her peers. In her second year, she expanded her leadership role as activity director, planning exciting events that enhanced the college experience for students. Currently, Brooklyn serves as vice president, a position she holds with dedication and pride, continuing to advocate for her fellow students. She is also deeply committed to her community, volunteering with Carbon Caring for Kids, local homeless shelters, Festival of Trees for Primary Children's

Hospital, Thanksgiving Heroes, and many other service-oriented projects. Brooklyn loves the mountains, spending time with her family, and anything involving flowers or gardening. She has recently taken up sewing as a new hobby, enjoying making rag quilts with her grandma. Alongside her leadership and personal passions, Brooklyn is pursuing her dream of nursing, currently completing her LPN, next year obtaining her ADN, and ultimately aspiring to become a nurse practitioner.

CHRISTIAN ROCKENBACH **SALUTORIAN**

Student Speaker

Christian Rockenbach is a dedicated graduate who earned his associate degree in engineering drafting and design with a 4.0 GPA. During his time at USU, he received three Dean's List selections and the A-Pin award for academic excellence. Growing up in Alaska, Christian developed a strong work ethic and resilience that helped him get to where he is today. He believes success is built through discipline, consistency, and a willingness to step outside of his comfort zone.

Throughout the program, he mastered CAD software, technical drafting, and architectural design principles, building a solid foundation for his future career. His commitment to excellence and attention to detail were reflected in his consistent academic performance.

Christian will continue his education at Utah Valley University, where he plans to pursue a degree in architecture with the goal of becoming a licensed architect. He is passionate about designing functional, purposeful spaces and looks forward to turning his creativity and technical skills into a lifelong career.

JACELYNN ROSE **VAL J. HALAMANDARIS CARING AWARD**

Jacelynn is an accomplished student at Utah State University Eastern, pursuing a bachelor's degree in health promotion and education: health sciences with a minor in political science. A devoted campus leader and second-year cheer captain, she has accumulated nearly 900 service hours and finds joy in every moment of giving back. Her commitment to community ranges from coordinating food drives to serving as an Autoimmune Association Y.A.A.C. board member and National Hope Walk volunteer coordinator. An honored scholar-athlete, she earned USU Eastern Academic Cheer Athlete of the Year (2025), USU Eastern Cheer Captain (2025), the Utah State "A" pin (2025), and Dean's List (2024, 2025), and was nominated to the National Society of Leadership and Success (2025). USU Eastern has nurtured and

amplified her passion for service and for advocating for those who feel voiceless. Jacelynn champions leadership through kindness and believes every small act of service can ignite hope and strengthen a community.

Quinn was born in Vernal and graduated from Uintah High School. He attended Utah State University and graduated with a degree in civil engineering, then went to the University of Kansas and graduated with an M.A. in public administration.

Educational and work circumstances led him and his family to the Kansas City metro area, where he worked for two cities for over 20 years. Quinn is married to Heidi and they have four children. As the Vernal City manager since 2017, he contributes to the progress of the Vernal community and lobbies for rural Utah.

MICHAEL DAVIES

Student Speaker

Michael is graduating with an Associate of Science from Utah State University's Uintah Basin campus, where he will continue pursuing a bachelor's degree in environmental science and sustainability with a minor in environmental studies, with the goal of earning a Ph.D. in climate adaptation science.

At USU, Michael serves as president of the Mad Scientists Club, treasurer of the National Society of Collegiate Scholars, and as an undergraduate teaching fellow.

At the Bingham Research Center, he studies winter ozone formation under the mentorship of John Lawson, Ph.D., and Seth Lyman, Ph.D. His work includes co-developing basinwx.com, a public weather and air quality portal serving Basin communities, building camera-based snow detection systems using UDOT traffic camera imagery, and leading a low-cost sensor network project.

Michael has published a first-author paper in the peer-reviewed journal *Air*, presented at six professional conferences including two AMS Annual Meetings, received the Air & Waste Management Association's Great Basin Chapter Scholarship, and been named to the Dean's List twice.

ALUMNI ASSOCIATION

Fellow Aggies,

I am excited to extend my heartfelt congratulations to you — the newest graduates of Utah State University, the Class of 2026! Completing your degree is an extraordinary achievement, and I hope you take pride in all you have accomplished. Your college years were just the beginning of an exciting lifelong journey with Utah State University.

As you set out on your next adventure, I encourage you to remember: being an Aggie is not just a title but a lasting advantage. Graduation may close a memorable chapter, but it also opens the door to a new one — your enduring membership in the Aggie Alumni Family. This network, built on shared traditions and experiences, is known for its spirit of connection and support.

You are now part of a global community of over 187,000 Aggies, all united by their passion for Utah State and their aspirations for the future. The USU Alumni Association is here to strengthen these bonds, creating opportunities for you to connect, collaborate, and give back wherever your journey takes you. Your Aggie connection is a powerful tool that opens doors and builds relationships for life.

Staying connected is one of the best ways to continue making a difference. By keeping your contact information up to date, you'll remain informed about the latest USU news and receive invitations to alumni events in your area. Visit usu.edu/alumniupdate to stay connected.

I encourage you to join — or even start — a local USU Alumni Chapter. These chapters are wonderful places to participate in fun events, expand your professional network, and forge new friendships with fellow Aggies, wherever you may be. Discover our chapters across the country by visiting usu.edu/alumni/chapters.

If you're staying in Utah, you can show your Aggie pride and support student scholarships by displaying a Utah State license plate. As a special gift, your first year of the specialty license plate fee is covered — learn more at usu.edu/alumni/gradpack.

Additionally, consider supporting scholarships and student programs through the Aggie affinity credit card. With every purchase, you help future Aggies achieve their dreams. Explore these and other exclusive alumni benefits at usu.edu/alumni/benefits.

I am deeply grateful to all alumni who continue to strengthen the Aggie community through engagement, leadership, and generosity. On behalf of the USU Alumni Association, I congratulate you once again on your graduation. No matter where your journey leads, you will always be part of the Aggie family.

Please stay in touch — Go Aggies!

ALMA MATER HYMN UTAH STATE UNIVERSITY

Theodore M. Burton

Across the Quad at even tide,
As shadows softly fall,
The tower of Old Main appears and
Peace rests over all.
The lighted "A" upon the hill
Stands out against the blue;
Oh, Alma Mater, Utah State,
My heart sings out to you.

And through the years as time rolls on,
And student friendships grow,
We'll ne'er forget the joys we had,
Those days we use to know.
Thy mem'ries ever will be new,
Thy friends be ever true;
Oh, Alma Mater, Utah State,
My heart sings out to you.
