THE SCOTSMAN
Show me the Scotsman who doesn’t love the thistle!
Show me the Englishman who doesn’t love the rose!
Show me the true blooded Aggie from Utah
who doesn’t love the spot where the sagebrush grows!

USU FIGHT SONG
Hail the Utah Aggies
We’ll play the game with all our might.
See the colors flying,
The Aggie blue and fighting white.
How they stir us onward,
We’ll win the victory alright,
Hail the Utah Aggies—
We’re out to win so fight, fight, fight!

Utah State Hey
Aggies All the Way!
Go Aggies, Go Aggies—
Hey! Hey! Hey!

-Aderbert W. (Mickey) Hart and Marcus (Mark) Hart

ALMA MATER HYMN
Across the Quad at even tide,
As shadows softly fall,
The tower of Old Main appears and
Peace rests over all.
The lighted “A” upon the hill
Stands out against the blue;
Oh, Alma Mater, Utah State,
My heart sings out to you.

And through the years as time rolls on,
And student friendships grow,
We’ll ne’er forget the joys we had,
Those days we use to know.
Thy mem’ries ever will be new,
Thy friends be ever true;
Oh, Alma Mater, Utah State,
My heart sings out to you.

When you go through the front doors of the Main building, up the steps and into the hall, you will see on your right in a glass case, the names of the members of all classes that have graduated from Utah State. These classes have built up a name for their college. A name for honorable conduct in the classroom, on the athletic field, and in later life; a name for ability and integrity; a name of active, live Utah State men and women.

Utah State is proud of her graduates and the name and position that they have given her. It is now up to you who are entering to carry on and add prestige that, now and always must by synonymous with the name of UTAH STATE.

-1938 Aggie Blue Book

The names of Utah State University graduates now number in the hundreds of thousands, and no longer adorn the walls of our beloved Old Main. The reputation of the university has grown, and the “name for ability and integrity” has continued to follow graduates of Utah State for more than a century. Yours is the responsibility to maintain that name.

The Honor Pledge—To enhance the learning environment at Utah State University and to develop student academic integrity, each student agrees to the following Honor Pledge:

“I pledge, on my honor, to conduct myself with the foremost academic integrity.”

Academic violations include, but are not limited to:

Section 1. University Standard: Academic Integrity

1. Cheating: (1) using or attempting to use or providing others with any unauthorized assistance in taking an academic exercise or activity that is supposed to be done “individually”; (2) depending on the aid of sources beyond those authorized by the instructor in writing papers, preparing reports, solving problems, or carrying out other assignments; (3) substituting for another student, or permitting another student to substitute for oneself, in taking an examination or preparing academic work; (4) acquiring tests or other academic material belonging to a faculty member, staff member, or another student without express permission; (5) continuing to write after time has been called on a quiz, test, examination, or any other academic exercise or activity; (6) submitting substantially the same work for credit in more than one class, except with prior approval of the instructor; or (7) engaging in any form of research fraud.

2. Falsification: altering or fabricating any information or citation in an academic exercise or activity.

3. Plagiarism: representing, by paraphrase or direct quotation, the published or unpublished work of another person as one’s own in any academic exercise or activity without full and clear acknowledgment. It also includes using materials prepared by another person or by an agency engaged in the sale of term papers or other academic materials.

Violations of the above policy will subject the offender to the University discipline procedures as outlined in Article VI, Sections 2 and 3 of the Student Code.

CITIZEN SCHOLAR

A solid University Studies foundation, combined with concentrated study in a major discipline and interdisciplinary studies, provides the breadth and depth of knowledge qualifying USU graduates as educated citizens.

The University Studies program is intended to help students learn how to learn—not just for the present, but also for the future. No individual can master all, or even a small portion, of society’s knowledge, but students can learn the basic patterns used to obtain and organize information, enabling them to discover or recover knowledge. University Studies involves a series of interrelated educational experiences which stimulate and assist students in becoming self-reliant scholars and individuals. -USU Citizen Scholar Objectives

Scholastic marks are not used to calculate GPA. Refer to the University Catalog for further details about these:

- I: Incomplete
- P: Pass
- I + a grade: Incomplete + grade
- AU: Audit
- W: Withdrawal
- NGR: No Grade Reported
- SP: Satisfactory Progress

PASS/D+, D, F OPTION
If you would like to receive a P grade (Pass) in a class (does not calculate into GPA if C- or higher) rather than a standard grade, you must have your advisor sign a pass/fail form for the class and return it to the Registrar’s Office before 60 percent of the course has passed.

Once you have submitted this form, it cannot be revised under any circumstances. A grade of P indicates that you received a C- or higher grade, and P doesn’t calculate into your GPA. A lower grade will show as a standard grade and will calculate into your GPA. A minimum of 72 of the 120 credits required for a degree must carry an actual grade (not just a P).
INCOMPLETE (I) GRADE
If you encounter an extenuating circumstance that does not allow you to complete all of the coursework for a class, you can petition your instructor for more time beyond the end of the semester to finish the work. If your instructor agrees, you will have two grades on your record: an “I” and a letter grade indicating what your grade would be if no more work was completed. If you do not finish the class in the amount of time you and your instructor agreed upon (no longer than 12 months), the “I” is removed and the original grade remains.

CHANGING GRADES
The instructor of a course has the sole authority to change a grade in a course. If the instructor is not available, the department head has authority to change the grade.

REPEATING COURSES
• You can repeat a course for which you have previously registered. The number of times you can take the same class is limited to a total of three times (once, plus two repeats). The total number of repeats allowed is limited to ten. Your dean must approve anything beyond these limits.
• When you retake a course, the highest grade is used to recalculate your GPA. The lower grade stays on your transcript, but is no longer calculated into your GPA.
• This policy does not apply to courses repeatable for credit. When a course listed in the University Catalog is identified as repeatable for credit the course may be taken more than once for credit.

ACADEMIC STANDING
• Good standing: USU cumulative GPA of 2.0 or higher (your major may require a higher GPA).
• If your GPA falls below 2.0, you will be placed on semester GPA warning, academic warning, or academic probation.
• Refer to catalog.usu.edu or ask your advisor for details.
ACADEMICS

TRANSFERRING CREDITS TO USU
To transfer credits to Utah State University, you should have the academic institution where you received the credits send an official transcript to Utah State. The Registrar’s Office then evaluates the credits to see how they will apply at Utah State.

To transfer credits earned through special examination (AP, CLEP, etc.), you should contact the organization offering the credit.

TRANSFERRING CREDITS TO OTHER INSTITUTIONS
If you are transferring to another institution, you will need to send an official copy of your transcript to that institution. You can request transcripts via Banner at my.usu.edu.

LEAVE OF ABSENCE OR COMPLETE WITHDRAWAL
If you are leaving the university for any reason, the Office of Student Orientation and Transition Services can help you simplify your return to Utah State. When you correctly file your intent to leave Utah State, the appropriate steps can be taken to make sure your admission status, scholarships, classes, and student records are in order. The online form at usu.edu/loa will help you withdraw from your current semester classes and file either a Leave of Absence or Complete Withdrawal. Call 435.797.1132 with questions.

USU IS A DRY CAMPUS
A dry campus is a term used for the banning of alcohol and illegal drugs on campus, regardless of the owner’s age.

The Student Code at USU states that possession, consumption, sale, purchase, distribution, manufacture, and/or storage of any alcoholic beverage and/or illegal drugs anywhere on campus is prohibited. For a complete copy of the policy see the student code.
ALCOHOL

• Understand “high-risk drinking” and how it can affect you. High-risk drinking is having five or more drinks in one evening for a man, or four or more drinks in one evening for a woman. High-risk drinking is drinking to get drunk.

• High-risk drinking leads to dangerous and damaging consequences, such as memory loss, driving under the influence, being physically or sexually assaulted, difficulty in classes, and lower grades.

• Responsible use of alcohol lowers your risk for negative consequences. A model you can follow to use alcohol responsibly is “Zero-1-3.”

ZERO-1-3

• Choose “Zero” drinks if you are under 21 years old, pregnant, chemically dependent, or you just don’t want to drink.

• Consume only “1” drink per hour to set a healthy pace.

• No more than “3” drinks in one evening and never every day.

USU STUDENT DATA

• 93% of USU students drink alcohol responsibly or choose not to drink.

• Removing the nondrinkers, USU students consume an average of 3 alcoholic drinks per week.

• 92% of USU students choose not to smoke cigarettes.

• 90% of USU students choose not to use illicit drugs.

• 93% of USU students choose not to use marijuana.

UNDERAGE DRINKING AND LOGAN CITY COURTS

• If you are under 21 years old and choose to drink any amount of alcohol, although the law states the officers can arrest you, they will usually cite and release, unless you are a danger to yourself or others.

• The maximum penalties for an MIP are up to 6 months in jail and up to a $1,000 fine. The average penalties include a $500 fine, alcohol assessment and education, and 6 months to one year of probation.

COMMON REGISTRATION ERRORS

PREREQUISITE/TEST SCORE

The system doesn’t see the prerequisites or test scores needed to get into a certain class. Check the Course Descriptions section of the General Catalog for specific prerequisites for a class and transcript. If you feel you have met the prerequisite requirements, contact your academic advisor or the Registrar’s Office for assistance.

LINK ERROR

You need to register for a lab or recitation at the same time that you register for a class.

REGISTRATION HOLD

A hold has been placed on your registration. Click on the hold to see a description of the hold and a phone number of the person or office responsible for removing the hold.
REGISTRATION

SECTION CLOSED
The class is full. Only the primary instructor of the course can extend the cap on a course, and if the course has a waitlist, he or she can only do this after waitlists have been discontinued for the semester. If the instructor agrees to let you into the class, you must present a registration options form with the instructor’s signature to the Registrar’s Office. Instructors cannot override the waitlist to let students into any given course.

WAITLIST
The class is full but there is a waitlist available for the class. You can waitlist several sections of the same course, and you can also waitlist different sections of a course for which you are already registered. If you make it to the top of the waitlist, an email will be sent to your preferred email indicating that you will have 24 hours to add the class (12 after the semester starts). At that time, if you have not added the class, the waitlist will move on to the next student on the list. Make sure to check your email often after signing up for a waitlist. See a tutorial at usu.edu/registrar/htm/tutorials.

Financial Aid
TSC 106 | 435.797.0173 | usu.edu/finaid

You should apply for financial aid (grants, loans, work-study), even if you don’t think you are eligible and even if you don’t want student loans. You may be eligible for more than you think, and if something happens during the year and you need financial assistance, it is easier for the Financial Aid office to help if you have an application on file.

To apply for financial aid, complete the Free Application for Federal Student Aid (FAFSA) online at fafsa.gov. The USU Financial Aid website has comprehensive information about the application process and associated deadlines. It also has information on what you need to do to make sure your aid applies to your tuition and fees, as well as answers to frequently asked questions.
IMPORTANT RESOURCES

WHEN APPLYING FOR FINANCIAL AID, REMEMBER THE FOLLOWING:

• Apply now! Some types of awards are available on a first-come, first-served basis and some have deadlines. Applications can take as long as 4-6 weeks to process, and errors can delay this even longer.

• Check your email. You will receive notifications about your award and any unmet requirements via email. Please update your preferred email address on MyUSU.

• Apply for your Financial Aid online at fafsa.gov. Apply on FAFSA for grants, loans, and work-study.

• Complete the admission process. You can’t be awarded financial aid until you are fully admitted (matriculated) into a USU degree-seeking program.

• Contact your Financial Aid counselor if you need additional assistance. See usu.edu/finaid for details and contact information.

RECEIVING FINANCIAL AID MONEY

After you have accepted your aid offer in Banner and completed any other aid requirements, your financial aid funds will automatically apply to your tuition, fees, and USU housing if you live on campus. Any remaining funds will be sent the first day of the semester to the mailing address you have on Banner. You can receive your money quicker if you sign up for direct deposit through the “Financial Aid” tab in Banner because you won’t have to wait for a check to come in the mail.

STAYING ELIGIBLE FOR FINANCIAL AID

Financial aid comes with standards and limitations to encourage you to graduate in a timely manner. Once you have received Federal Financial Aid, you are required to maintain Satisfactory Academic Progress, which includes keeping your GPA above 2.0 and earning passing grades in at least 67% of the credits on your transcript. Important application deadlines are available at usu.edu/finaid/deadlines.
IMPORTANT RESOURCES

SCHOLARSHIPS
Freshman and transfer students are automatically considered for USU scholarships when they apply for admission. Continuing students are encouraged to apply for scholarships through their departments and/or colleges. Each department or college has its own application. LOGGING INTO CANVAS
Go to canvas.usu.edu. Most of your classes will not appear in Canvas until the first day of class. Not all courses use Canvas. For connections or login issues, including username and password problems, please contact the IT Service Desk at 435.797.HELP or toll free at 800.878.8325. For content issues, broken links, or other course-related issues, please contact your instructor.

AGGIEMAIL
Aggiemail is a web interface for USU email powered by Google, free of charge, that remains active even after you graduate!
TRANSPORTATION

PARKING
Parking and Transportation Services welcome all visitors and new students to campus. Visitors are encouraged to park in the Big Blue parking structure or the Aggie Terrace. Day passes are also available through the Visitor Information Center, located at 600 N 700E. USU parking regulations are in place to help make life a little easier for everyone as we navigate our way in the campus community.

PARKING PERMITS
- Parking permits are required during the hours posted in each parking area.
- Please display your permit so that it is clearly visible hanging from the rear view mirror.

Students living off campus have three permit options:
1. A Blue permit allows parking in the central and surrounding campus area.
2. A Yellow permit allows parking at the Stadium and below Old Main Hill.
3. An Aggie Terrace or Big Blue Terrace permit allows parking in the respective structures, if available.

Purchase your permit online at parking.usu.edu

Students living in on-campus residence halls are required to purchase a permit to park in the area adjacent to their respective residences. These permits are valid for the residence area specified and all Yellow parking areas.

METER PARKING
Short-term parking or metered parking areas are available throughout campus. These areas are designed to facilitate quick access to an area for tasks that are short in duration.
Meters are enforced at various times, depending on the location. Each meter or pay and display machine has the detailed information.

**LOST OR STOLEN PERMITS**
In the event that a permit is lost or stolen, report it immediately to the Parking Office. A replacement permit will be issued upon completion of a Lost/Stolen Permit Report. The first replacement is $5, and subsequent replacement permits are assessed at the cost of the original permit. Use of a lost or stolen permit by anyone will result in a $100 fine and vehicle impoundment.

**MOTORCYCLES**
Motorcycle parking is provided in specially marked areas throughout campus. Motorcycles must have permits and must be parked only within designated areas. Automobiles may not use motorcycle parking areas, and motorcycles may not use automobile spaces except at paid meters. No motorcycles are allowed in the parking terraces.

**LOGAN CITY PARKING TIPS**
Parking is restricted on any city street between 1–6:00 a.m. from November 15 to March 1. Most of the residential streets by campus are restricted to resident parking only, so make sure you check street signs before you park.

**SUSTAINABLE TRANSPORTATION**
The mountains that make Cache Valley so uniquely beautiful also present challenges with air quality, especially in the winter months. Luckily, there are several ways to limit air pollution, especially on days when air quality is red or yellow as indicated at [air.utah.gov](http://air.utah.gov).

**CARSHARE**
If you don’t want to own a car in Logan, you can rent a car by the hour 24/7 for one low rate, which includes fuel, physical damage and liability protection, and a dedicated parking spot. Go to [parking.usu.edu/usu-carshare-rideshare](http://parking.usu.edu/usu-carshare-rideshare) for more information.

BIKING ON CAMPUS

Bicycling is one of the best means of commuting to and around campus. Not only is it good exercise, but it also helps the environment and reduces traffic congestion at USU.

As you commute by bicycle, there are several important rules of the road you need to know to ensure your safety:

• Always ride with the direction of traffic on the right side of the road.
• When operating on roadways, bicycles are subject to traffic laws.
• Obey all traffic signs and signals.
• Yield to pedestrians.
• Use the roadway instead of roadside sidewalks. If you must use your bike on a sidewalk, ride at walking speed or walk with your bike during class breaks.
• Signal your intentions. Make eye contact with car drivers.
• Park your bicycle in designated areas only.
• Always wear a helmet.

DON’T HAVE A BIKE?

Use your student ID card to check out a free bike at Aggie Blue Bikes, located between the Fieldhouse and the Military Science building. They also have a tool board and expertise to help you maintain your bike.

## Spring 2017 Finals Schedule

Go to [catalog.usu.edu](http://catalog.usu.edu) and click on “Calendars” to find the most current and updated Spring Finals Schedule.

## Excessive Finals on One Day

Students who have three or more finals scheduled during one day and who desire to have one of those tests moved to another day during the final exam period must: (1) obtain a copy of their official registration that is dated no more than 7 days prior to the beginning of the first test day, and (2) seek permission from one of the instructors to change the hour of their final examination. Adverse decisions from all instructors may be appealed through the deans of the colleges involved.

HISTORY AND TRADITIONS

FAMOUS AGGIE ICE CREAM
Aggie Ice Cream was introduced by Professor Gustav Wilster in 1921. The first flavor was called “lacto.” Eating Aggie Ice Cream has become a rite of passage on campus. Aggie Ice Cream has a 12% butterfat content, is aged slightly longer, and contains less air than most commercial brands. Which is why it tastes so good!

EARLY BEGINNINGS
The College began with nine faculty members. During 1890-91, the College enrolled 139 students, 106 men and 33 women. The College was nicknamed the “AC” for Agricultural College. In the beginning, the University charged no tuition and assessed only a $5 entrance fee for resident students.

BATHTUB RACES
Bathtub races were held between residents of Bullen Hall and Richards Hall in the 1960’s. The bathtubs were pushed from the Capitol building in Salt Lake City to Logan.

THE HELLO WALK
The Hello Walk is the stretch of sidewalk from Old Main to the Business Building. On designated days, students are encouraged to say “hello” to one another, and volunteers station themselves along the walk to greet people. The intent is to promote interaction and friendship among students as the student population increases.
HISTORY AND TRADITIONS

OLD MAIN
The entire college was Old Main, from gym, classes, and housing. The fact that there was a gymnasium on the third floor of Old Main caused some problems. The men’s dressing room was in the basement, which meant that bare knees could be seen running the length of the building and up the stairs. After protesting the scantily clad athletes, Miss Charlotte Kyle headed the committee to raise money for the new Smart Gymnasium.

A-DAY AND A-WEEK
The tradition of A-Day, or Agathon, has changed from a work project where students pruned and planted trees, built sidewalks, and generally beautified the campus, to a celebration of games and music. It has traditionally taken place in the spring. Recently, A-Day has turned into an entire week of activities run by the Student Alumni Association.

OLD MAIN HILL
Until the 1970s, Old Main Hill was the site of beginning ski classes, which are now taught at Beaver Mountain. Old Main Hill is still a popular location for sledding. During the summer months, students trade in their sleds for blocks of ice to participate in the tradition of ice blocking down the hill.

MILITARY TIES
After WWII, Utah State’s ROTC program became one of the premiere programs in the nation. In 1948, the program had 2,200 cadets enrolled—which was 95 percent of all eligible males at the school. That same year, USU was granted more than 700 slots for commissioning officers. No other school in the nation, except West Point, commissioned as many officers as USU. This earned Utah State the nickname “West Point of the West.”
THE QUAD
The Quad has been the site of countless activities throughout the years. Each year during Week of Welcome and A-Day, the Quad is full of clubs, organizations, and vendors. The Quad has been the venue for concerts, memorials, vigils, and sporting events. In fact, the first collegiate football game in Utah was played here in 1892 as the Agricultural College defeated the University of Utah.

THE STAMPEDE
As Aggies we do things together, including going to the games! Before the first home football game we gather together throughout campus, led by flags and bagpipes, and get ready to go to the game. Get your face painted, food in you, and when we get to the top of the hill by the Spectrum, we Stampede to the stadium together screaming and excited to watch a good game!

THE ROBINS AWARDS
The Robins Awards, the most coveted of all Utah State University honors, are given in a prestigious ceremony once a year. Robins Awards are named in memory of 1949 student body president William E. Robins. He was killed with his wife in a 1954 plane crash. Members of the Sigma Nu Fraternity started a scholarship fund for their one-year-old son, who later died of leukemia. The fraternity used the fund to start the prestigious Robins Awards tradition in his honor.

LIGHT THE A BLUE
On top of Old Main is a strong “A”. At night it lights up white to show the world where the Aggies are. However, we all know that there is a better color that represents USU. So on game nights when we win, special events, and when our school accomplishes victory, we light our “A” blue.
I BELIEVE THAT WE WILL WIN!

We take being Aggie Nation very seriously. We also expect to win every single game we play. Which leads us to chant one of our favorite cheers. “I Believe that We will Win!”

SILENT DANCE & FINALS WEEK HOWL

Join the howling of students letting loose test anxiety at 10 p.m. on the Wednesday of finals week in the Library. Every finals week the Finals Week Howl is proceeded by a silent dance, where you bring your headphones, and your own music, dancing silently with your Aggie Family. Then when the clock strikes 10 p.m. let loose all the stress by howling. Promptly at 10:10 p.m. it is time to hit the books again.

TRUE AGGIE NIGHT

True Aggie night started in 1916 by the Be No club, and has happened every year since. Taking a willing young lady or man atop the block “A” on a full moon allows for your True Aggie card to be signed by the True Aggie you kissed. If neither of you are True Aggies yet, you can become so at the same time on Homecoming and during A-Week.
