A MESSAGE FROM USU PUBLIC SAFETY

THE UTAH STATE UNIVERSITY DEPARTMENT OF PUBLIC SAFETY supports the university mission of excellence, access, and inclusion as a premier land- and space-grant institution by ensuring a safe and secure living, learning, and working environment. The Department of Public Safety strives to improve the quality of life for all Aggies and visitors to campus through education, prevention, and collaboration.

The USU Annual Security and Fire Safety Report is published in compliance with the Jeanne Clery Act that requires each institution of higher education to provide transparency around crime statistics on campus.

This report includes campus crime, arrests, and referral statistics reported to USU Police Department (USUPD), Campus Security Authorities, and local law enforcement for locations owned or controlled by USU. In addition to campus crime statistics, the report also includes fire statistics for residence halls and university policies and procedures concerning alcohol, drugs, sexual assault, relationship violence, stalking, and general safety on the USU campuses.

Your safety is a priority, and USUDPS is committed to providing excellence in public safety while promoting an inclusive campus environment. We encourage you to read this report, and we welcome your concerns, suggestions, and ideas on working together to make all our campuses the safest place to learn, work, and live.

Sincerely,

Jason Brei, Chief of Police
Utah State University Police Department

Ellis Bruch, Executive Director
Utah State University Department of Public Safety

INTRODUCTION

UTAH STATE UNIVERSITY'S ANNUAL SECURITY AND FIRE SAFETY REPORT is provided to students, faculty, staff, and the public as part of Utah State University's commitment to safety and security on campus. This report acts as USU's Campus Safety Plan (see Utah Code Section 53B-28-401) and complies with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act). This report covers all of USU's statewide campuses and is designed to educate all campus community members, prospective students, and the public about the policies, procedures, and programs that exist to aid in protecting the safety and wellbeing of campus constituents and visitors to USU. This report contains information current as of Oct. 1, 2023.

THE CLERY ACT

THE CLERY ACT IS NAMED FOR JEANNE CLERY, a 19-year-old Lehigh University student who was raped and killed in her dorm room in 1986. The law was originally enacted in 1990 and requires all postsecondary educational institutions participating in Title IV student financial aid programs to disclose campus crime statistics and security information. Specifically, these institutions subject to the law must do the following:

- Collect, report, and disseminate crime data in a daily crime log.
- Develop policies, policy statements, and procedures regarding campus safety.
- Prepare and distribute an annual security and fire safety report.
- Issue timely warnings and emergency notifications to the campus community.
- Submit crime statistics to the U.S. Department of Education.

The Clery Act was amended by the Violence Against Women Reauthorization Act of 2013 (VAWA) to address incidents of sexual assault, dating violence, domestic violence, and stalking. VAWA requires certain policies and procedures to be in place to reduce these crimes and meet the needs of victims, and this information is also included in this report.

PREPARING THE ANNUAL SECURITY REPORT

The report is prepared by the USU Clery Compliance Committee, which includes representatives from USU's Police Department (USUPD), Public Safety, Legal Affairs, the Office of Equity (Title IX), and University Marketing and Communications. Information is gathered from a variety of sources, including USUPD, Residence Life, Office of Student Conduct, the Office of Equity, and local law enforcement agencies that have jurisdiction over non-campus properties or jurisdiction over all Clery geography (please see pages 10-13). USU's executive director of Public Safety, or appointed designee, will fill the role of Clery Compliance Officer, who will serve on the Compliance Committee and collect crime statistics, disciplinary referrals, and other information required by the Clery Act for the three most recent calendar years. The Clery Compliance Officer carefully analyzes all crimes reported, and all crimes subject to the Clery Act are accurately reported and published on an annual basis in the ASR. The Compliance Committee helps gather the appropriate information, ensures that USU's campus safety plan is accurate and addressing current trends, and recommends to the executive director of Public Safety and/or appointed designees solutions for USU's campus safety. For additional information or to submit changes and corrections, please contact Jason Brei, Chief of USU Police, at (435) 797-1939 | jason.brei@usu.edu.

1. Daily Crime Log

USUPD keeps a daily crime log in accordance with the Clery Act for its statewide campuses. The daily crime log includes the date, time, general location, nature of the incident, and the status (arrest, active, inactive). Entries do not include personally identifying information or specific enough information that could reveal a victim's name.

USU Logan and Statewide Campuses daily crime log: usu.edu/dps/police/daily-crime-log

USU Eastern (Price) daily crime log: eastern.usu.edu/campus-safety/calls-for-service

2. Collection of Statistics from Local Law Enforcement Agencies

Prior to the preparation of the ASR, the Clery Compliance Officer or Executive Director of Public Safety will undertake a good faith effort to collect crime statistics from any law enforcement agency having jurisdiction over any property subject to reporting under the Clery Act (Clery geography). This includes any criminal activity on public property adjacent to USU or at non-campus locations owned by student organizations officially recognized by USU, including fraternities and sororities. USUPD also uses the same software to track crime reports as other local police departments near the Logan campus to facilitate coordination and collaboration, as well as collect crime information. Reports made in this system that include known USU students or fraternity or sorority housing are flagged for USUPD.

3. Distribution of the Annual Security Report (ASR)

The Clery Compliance Officer shall distribute the ASR annually in accordance with the requirements of the Clery Act. The ASR is published on USU's website, and appropriate notice is provided to current, incoming, and prospective students and employees.

CAMPUS LAW ENFORCEMENT AUTHORITY

UTAH STATE UNIVERSITY HAS A DEPARTMENT OF PUBLIC SAFETY that includes, but is not limited to, an executive director, USUPD, USU Eastern Police Department (USUEPD), a fire marshal, deputy fire marshals, the director of USU Emergency Management, emergency management coordinators, and others. While Public Safety works with other statewide campuses on safety concerns, only the campuses in Logan and Price have law enforcement agencies provided by USU Public Safety.

All police officers receive ongoing training under regulatory guidelines established by the Utah Department of Public Safety. This training includes such areas as crime prevention, domestic violence, active shooter, criminal investigation, first aid, firearms, defensive tactics, crowd control, traffic accident investigation, and constitutional and statutory law, etc. The primary objective of USU Public Safety is to provide a campus environment where students, faculty, and staff feel safe to pursue the academic mission of USU without the fear of crime.

LOGAN CAMPUS

USUPD HAS JURISDICTION OVER AND INVESTIGATES ALL LAW ENFORCEMENT RELATED ISSUES occurring on the Logan campus. USUPD has 15 full-time and six part-time police officers with full officer status, including the authority to enforce criminal statutes and make arrests (see Utah Code Section 53B-3-105). USUPD also has a security supervisor and part-time student security officers that help keep the campus safe; they do not have the ability to make arrests. Additionally, USUPD has dispatchers who take emergency and safety calls on campus, a fingerprint technologist, and an administrative assistant who aid in responding to law enforcement related issues and needs.

Crimes in progress, suspicious circumstances, medical emergencies, and other campus emergencies should be immediately reported to USUPD. A university officer will respond to investigate and will initiate an incident report. In the event of an emergency, you should dial 911 to report the incident. If you are on a campus phone, your call will be received by USUPD. If you are on a cell phone, your call will be received by the Logan City Emergency Dispatch Center, which will forward information you provide to USUPD for response. USUPD takes the following steps to ensure campus safety on the Logan campus:

- 24-hour/7 days/week dispatch center.
- 24-hour patrol of campus.
- A USU police officer provides safety patrols, responds to all reports of crime or suspicious activity, and conducts follow-up investigations on all leads.
- The Logan City Fire Department and USUPD respond to reports of fire and medical emergencies on campus.

You can contact USUPD for the Logan campus at the following:

Address: 1250 N. 800 E., Logan, Utah

Emergency: 911

Dispatch Non-Emergency: (435) 797-1939

Report a tip through the Aggie Safe App: usu.edu/dps/safeapp

USU EASTERN (PRICE) CAMPUS

USUEPD HAS JURISDICTION OVER AND INVESTIGATES all law enforcement related issues occurring on the USU Eastern campus in Price, Utah. USUEPD has two full-time and six part-time police officers with full officer status, including the authority to enforce criminal statutes and make arrests (see Utah Code Section 53B-3-105).

Crimes in progress, suspicious circumstances, medical emergencies, and other campus emergencies should be immediately reported to USUEPD. A university officer will respond to investigate and will initiate an incident report. When dialing 911, campus phones and cell phones connect directly with Price Public Safety Dispatch. Dispatchers then forward the call to USUEPD.

You can contact USUEPD for the Price campus at the following:

Address: 530 N. 300 E., Price, Utah

Emergency: 911

Dispatch Non-Emergency: (435) 637-0890

CRIME ALERTS FOR USU CAMPUSES

IN THE EVENT OF AN ONGOING SAFETY CONCERN, USU will send an Aggie Alert text and email to the campus community. Please see the Emergency Response section on page 19.

REPORTING CRIMES AND OTHER EMERGENCIES

1. Reporting Crimes and Emergencies

Students and others who become aware of criminal actions or other emergencies on campus should report these activities for assistance, to prevent crime, to help the university make timely warning reports, to improve safety, and for purposes of including the activities in the ASR. Reports may be in any form desired, including via phone, in writing, or in person. The university encourages accurate and prompt reporting of all crimes to USUPD and other appropriate police agencies. Reports of crimes should be made by phone, in person, or online using the contact information for the campuses above. Individuals on the Logan campus may use any of the 28 blue emergency phones located in parking lots and public areas.

USUPD and USUEPD respond to reports in accordance with law enforcement protocol and may make informational and/or disciplinary referrals to other university offices when appropriate.

Criminal actions and other prohibited conduct may also be reported to the following USU offices:

- Office of Student Conduct in the Division of Student Affairs.
- Department of Human Resources.
- USU Residence Life on the Logan campus.
- An employee designated as a Campus Security Authority (CSA).
- The Office of Equity, which has Title IX oversight.

Reports made to these persons or offices and not made to USUPD may be included in the crime statistics section in the ASR but may not necessarily be investigated by the police. Although USU strongly encourages all members of the campus community to report crimes to law enforcement, it is ultimately the victim's choice whether or not to make such a report, and the victim has the right to decline involvement with the police or other campus officials, subject to the reporting requirements in section 4.1.2 of USU Policy 533. University employees at the offices listed above will assist any victim with notifying the police, if the victim so desires.

Anyone concerned about the well-being of a student may also inform the university, which may forward reports of distressed or disruptive students to the Behavioral Intervention Team (BIT Team). This team includes representatives from the Office of Student Conduct, Counseling and Psychological Resources, Residence Life, and USUPD.

2. Campus Security Authority's Responsibility to Report

Pursuant to the Clery Act, any faculty or staff who have a significant responsibility for student and campus activities are designated at USU as a Campus Security Authority (CSA). See USU Policy 533 for a complete list of CSAs. The following is a list of some, but not all, CSAs for the university:

- A member of the campus police or security department.
- Reporting for campus security, but not as a campus police officer.
- An individual designated by the institution as someone to whom crimes should be reported.
- Someone with significant responsibility for student and campus activities.

Any CSA who becomes aware of an alleged or actual Clery crime that occurred within Clery geography is required to report all information known about the crime to USUPD. CSA reports can be made at usu.edu/dps/about/clery.

3. Reporting Crimes on a Voluntary, Confidential Basis

To the extent possible, USU wants to support individuals who have been the victim of or witnessed a crime. In particular, the university encourages those who have been the victim of sexual violence or dating/domestic violence to talk to someone about what happened in order to get needed support. However, certain policies and laws prevent the university from guaranteeing complete confidentiality, as more fully described below. See USU Policy 533, section 4.1.3.

- a. Under USU Policy 340, unless specifically exempted, all employees are Reporting Employees and are required to report information to the Office of Equity regarding sexual misconduct, which includes reports of sexual assault, dating violence, domestic violence, stalking, etc.
- b. All employees who are CSAs, as defined herein, must report criminal activities in accordance with this policy and the Clery Act.
- c. University Police, the Office of Equity, and other university authorities must comply with applicable law in determining whether certain crimes must be investigated or disclosed further to others. The university may be required to disclose information beyond the university under federal law, state law, or court order.
- d. Disclosure of information is always limited to those who need to know in order to keep the campus community safe and to comply with applicable law.
- e. Individuals who witness or are the victim of a crime, but who are concerned about identifying information being shared with others, should make those concerns known prior to reporting to a university employee. Employees responsible for reporting such information should alert individuals of their reporting responsibilities as soon as possible. If the employee is required to make a report to other university officials, such employees should communicate the desires of the witness or victim regarding confidentiality.
- f. Even if confidentiality or no action on a report of crime is requested, the occurrence of the crime (but not identifying information) will be included in the university's ASR, and the information available will be evaluated to determine if there is a pattern of crime with regard to a particular location, method, or suspect. In appropriate circumstances, USU Public Safety will alert the campus community of the occurrence of the crime (but not identifying information) pursuant to section 4.7 of USU Policy 533.
- g. Individuals may file an anonymous report of a crime. However, such anonymous reports are not considered notice by the university and may limit the ability of the police or others to provide specific assistance, or to investigate or solve a crime. Students may make an online anonymous report at usu.edu/equity/report. These crimes will be reported in the university's ASR in accordance with the Clery Act.
- h. Professional and pastoral counselors are not required to report crimes disclosed to them for inclusion in the annual disclosure of crime statistics. However, professional and pastoral counselors are encouraged, if and when they deem it appropriate, to inform the persons they are counseling of how to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics.

4. Preservation of Evidence

It is important to preserve evidence that may assist in proving the alleged criminal offense occurred or for obtaining a protection order. As time passes, evidence may dissipate or become lost or unavailable, making investigations, possible prosecutions, disciplinary proceedings, or obtaining orders for protection from abuse related to the incident more difficult. If a victim chooses not to make a complaint regarding an incident, they nevertheless should consider speaking with USUPD or other law enforcement to preserve evidence in the event they change their mind at a later date (USU Policy 533, section 4.1.4).

5. False Accusations

Individuals who intentionally and knowingly make false accusations of criminal activity or provide false information to university officials in connection with an accusation and/or investigation of criminal activity are subject to discipline under university policy as well as criminal and/or civil penalties under applicable law (USU Policy 533, section 4.1.5).

CRIME AWARENESS AND PREVENTION PROGRAMS

USUPD AND USUEPD offer several crime prevention programs to educate campus groups about ways to protect themselves and their property and encourage the immediate reporting of all crimes or suspicious incidents. These programs are provided upon request to campus groups and on a scheduled basis to staff in Residence Life before the beginning of each academic year. Programs include:

- Alcohol awareness: effects, impairment, laws, and USU's rules.
- Theft: identify and document belongings, how to secure belongings.
- Workplace violence/active shooter: warning signs, what to do, how to protect yourself.
- Crime prevention: overall crime prevention practices and tips.
- Bicycle safety: rules of the road, helmets, right-of-way to pedestrians.

Security or police officers provide a 24-hour walking escort to students and employees to and from campus destinations on both the Logan and USU Eastern (Price) campuses. Students can call the non-emergency dispatch number for the appropriate campus to schedule a safety escort.

Additionally, information about crime prevention and reporting to police is included in online orientation for new students at all statewide campuses. Prevention programs provided by other campus partners and targeting sexual violence are described later in this document.

IN 2022, THE USUPD CONDUCTED 82 OUTREACH EVENTS AND TRAININGS for a total attendance of 12,491. Most programs are offered toward the beginning of the semesters.

- USUPD offers Rape Aggression Defense every semester as a 1-credit class through the Department of Kinesiology and Health Science. RAD is also offered by request, as well as other seminars and workshops about rape risk reduction and awareness, self-defense technique, and general self-protection awareness.
- At the beginning of each academic year, the university student newspaper, the Utah Statesman, publishes a full-page ad about USUPD services.
- Information about risk reduction, USUPD services, and how to report are provided through the student handbook, the new student parent handbook, new student online orientation, and on-campus student orientation.
- USUPD provides multiple workshops during the first-year student success class, Connections, taken by the majority of new students on the Logan campus each fall semester. USUPD also participates in the International Student Orientation program during fall, spring, and summer semesters.
- USU Public Safety offers the Aggie Safe mobile security app to improve security on USU campuses. The app includes safety tools that allow anyone on Logan or USU Eastern campuses to request a Public Safety escort. Additionally, the Aggie Safe app helps anyone find campus resources quickly for those in crisis, reporting options, support resources, campus maps, and other safety tools.

IMPROVING CAMPUS SAFETY

WORKING WITH CAMPUS PARTNERS, USU Public Safety and the Office of Equity accomplished the following over the past 18 months:

- Established an e-bike patrol to provide more visibility in the interior of campus and engage more with students.
- Utilized a confidential SAAVI advocate in USUPD to help with any calls involving trauma, including sexual violence.
- Hired a full-time civilian Clery compliance officer to manage federal reporting and data collection from all campuses and learning centers in the USU system.
- USU continues to work with the U.S. Department of Justice after signing a resolution on Feb. 12, 2020 (usu.edu/sexual-respect/resolution).
- Completed all trauma-informed training recommended in the U.S. Department of Justice resolution.
- Adopted an affirmative definition for sexual consent and updated sexual misconduct policies and procedures in February 2023.
- Partnered with local domestic violence shelter CAPSA to host the second annual Northern Utah Conference to End Violence, which encourages community collaboration on sexual assault and relationship violence issues.
- The Office of Equity created several new support positions, including adding a sexual violence prevention specialist at the USU Blanding campus.
- Conducted USU's biannual sexual misconduct surveys for students and employees in spring 2023.
- Utilized current blue emergency phones to install cameras and to connect the speaker system to the USUPD call center for campus broadcasts in the event of an emergency. Conducted a test of this system in the spring of 2022.
- Created and implemented a lockdown process from dispatch to control locks on doors wherever USU has access control. Tested this system in fall 2022 and spring 2023.
- Formed a community policing/housing unit that will allow officers to foster lasting and positive relationships with students living on campus as well as assist in crime prevention programs and response.

Over the course of the next 24 months, USU is planning the following to improve campus safety:

- Create marketing campaigns about crime prevention and when to call 911.
- Create and implement safety trainings for students and employees.
- Link to existing cameras at USU Housing and the Space Dynamics Laboratory.
- Pass and implement a final sexual misconduct policy and grievance procedures.
- Increase educational opportunities and training programs for members of Public Safety that are relevant and contemporary to the populations we serve.

TIMELY WARNING NOTIFICATION PROCESS

IN THE EVENT THAT 1) a Clery act crime is reported to a CSA, USUPD, OR USUEPD; 2) it occurred within Clery geography; and 3) it poses a serious or continuing threat to students or employees, USU will issue a timely warning notice to the applicable campus or campus location. Timely warnings may be sent for criminal homicide, sex offenses, robbery, aggravated assault, burglary, motor vehicle theft, arson, hate crimes, dating violence, domestic violence, or stalking, as well as other crimes if they present a serious or continuing threat to the campus community.

Timely warnings are sent through the Aggie Alert system and may be sent by text and/or email, and for the Logan campus, by push notification to the Aggie Safe app, on the USU homepage, and via the USU main Twitter account. Additional information about campus alerts can be found in USU Policy 533, section 4.7.

The executive director of Public Safety (or a designee), in consultation with University Marketing and Communications and Legal Affairs, will determine if a timely warning should be sent, along with the content and target audience for the warning. Decisions are made on a case-by-case basis. Timely warnings exclude information that would reveal personal identifying information of the victim or information that may jeopardize an investigation. USU will work to send a timely warning as soon as possible, and sometimes this may be before all the facts surrounding a criminal incident have been collected or verified. Learn more at usu.edu/dps/about/clery.

Anyone with information for any statewide campus warranting a timely warning notice should report the circumstances to USU Public Safety by calling (435) 797-1939.

MISSING PERSON PROCESS

THE CLERY ACT requires institutions that maintain on-campus housing facilities to establish a missing student notification policy and related procedures. The term “missing student” refers to any USU student residing in on-campus student housing who is reported missing from a residence.

USU maintains on-campus student housing on three campuses: Logan, USU Eastern (Price), and USU Blanding. Every student who resides in on-campus housing may confidentially register one or more individuals to be a contact strictly for missing person purposes. Students provide this information in their housing application and are again asked during room check-in. The contact person can be anyone. Only authorized campus officials and law enforcement officers involved in a missing person investigation may have access to this information. This information will not be disclosed outside of a missing person investigation. Even if a resident does not register a contact person, law enforcement will be notified if the resident is reported missing.

When a student has been missing for 24 hours, students, employees, and other individuals must report this to USUPD at (435) 797-1939. Any person to whom a missing student report is made should immediately refer the matter to USUPD, who will generate a missing person report and initiate an investigation or refer the report to the appropriate local authority. If someone believes that a student living in off-campus housing is missing, they should notify the local law enforcement agency with jurisdiction in that area (USU Policy 533, section 4.8).

The USUPD will immediately initiate an investigation of a missing person report. Should the investigation result in the conclusion that the student is missing, and has been missing for 24 hours, the student’s missing person contact shall be notified within 24 hours of the determination. If the missing student is under the age of 18, and not an emancipated individual, the student’s parent or legal guardian will be notified within 24 hours of a determination that the student is missing. In addition, notification will be made to any other contact person(s) designated by the student.

ALCOHOL AND DRUG POLICIES

USU HAS A STRONG COMMITMENT TO THE WELL-BEING OF ITS FACULTY, STAFF, AND STUDENTS. USU policy supports an alcohol-free and drug-free environment. Possession, use, and sale of alcoholic beverages by students and employees are addressed in USU Student Code V-3.B 1-4 and USU Policy 313. These policies specifically prohibit the possession, use, or sale of alcoholic beverages or drugs on USU property, including inside athletic events. Utah law prohibits the consumption of alcohol inside any public arena or stadium. Anyone found in violation of these regulations is subject to being ejected from the facility and/or arrested. Students and employees found to violate USU policy will face sanctions varying from warning to expulsion/dismissal, depending on the circumstances.

LEGAL SANCTIONS

UTAH LAW PROHIBITS THE PURCHASE, POSSESSION, OR CONSUMPTION OF ALCOHOL BY A MINOR (anyone under the age of 21). It is unlawful for anyone to provide alcohol to a minor. USUPD and other local law enforcement agencies enforce state underage drinking laws.

The following enforcement options are used:

- Warning.
- Referral to Student Conduct.
- Referral to Housing and Residence Life.
- Citation (also referred to Student Conduct).
- Physical arrest (also referred to Student Conduct).

Utah and federal law prohibit possessing, using, or selling hallucinatory, narcotic, or other controlled substances. USUPD works closely with the Cache/Rich Drug Task Force, a local law enforcement task force, to enforce state and federal laws regarding these substances. Violation of the law could lead to serious legal penalties, from 5 years to life in prison.

HEALTH RISKS

THE USE OF ANY ILLICIT DRUG OR ABUSE OF ALCOHOL IS POTENTIALLY HAZARDOUS, and faculty, staff, and students should evaluate the health risks associated with the use of illicit drugs or abuse of alcohol. Synthetically produced drugs may contain impurities, and the true amounts of ingredients are rarely known. For this reason, the effects of an illicit drug may be significantly different with each use. Some of the major health risks of alcohol abuse and illicit drug use include lasting detrimental effects on the brain, aggressive behavior and sexual assault, suicide, death, psychosis, hallucinations, altered perceptions of time and distance, insomnia, paranoia, fatigue, relaxed inhibitions, as well as others.

DRUG AND ALCOHOL PROGRAMS

THE USUPD PROVIDES SEMINARS BY REQUEST about driving under the influence to educate the university community on the effects of alcohol and drugs in the human body as it relates to driving.

USU's Division of Student Affairs offers students on the Logan campus several programs, including:

- Annual new student orientation education about university policies and the legal and health consequences of substance abuse.
- Campus referral system to provide assessment, education and/or referral for treatment.
- Up to 10-hour alcohol/drug education class.
- Annual alcohol and drug awareness week.
- AlcoholEdu—an online educational program offered to all new undergraduate students.
- Educational workshops and/or presentations on alcohol or other drug-related issues upon request.
- Life Skills Center to teach life skills that prevent substance abuse through enhancing one's ability to function personally, socially, emotionally, educationally, and economically.

USU Eastern Residence Life offers the following through wellness programming:

- An annual student orientation dealing with policies and the legal and health consequences of substance abuse.
- A campus referral system provides assessment, education and/or referral for treatment.
- An alcohol/drug education class.
- An annual alcohol and drug awareness week.
- Educational workshops and/or presentations on alcohol or other drug-related issues upon request.

Though counseling is available for both employees and students, USU does not offer addiction-related services. Local health departments and other organizations throughout the state of Utah provide addiction treatment and counseling. Resources for all areas of Utah can be found by visiting the Utah Department of Human Services: Substance Abuse and Mental Health.

SECURITY OF AND ACCESS TO USU FACILITIES

USU'S BUILDING ACCESS CONTROL POLICY has the goal to provide a reasonable level of security for the university and, at the same time, allow as much freedom of building access as possible to the campus community (USU Policy 520).

USU Public Safety is responsible for securing buildings on both the Logan and USU Eastern (Price) campuses, including more than 60 buildings on the Logan campus. Each building has a scheduled time to be secured. In Logan, part-time, unarmed student security officers secure buildings. Security officers begin locking buildings at 6:30 p.m. each day. The last buildings are scheduled to be secured by 12:30 a.m. Lockup times for some buildings may vary depending on class schedules and other reservations. Several buildings are equipped with automated electronic locking and unlocking devices that operate according to a prescribed schedule. This is controlled through University Access Control and USUPD dispatch.

Graduate students who have been issued keys to a building are allowed to remain in the building after hours.

USU has established a well-defined access control policy. Only select administrators are authorized to approve the issuance of keys to individuals within their assigned areas. The executive director of Public Safety, or designee, must approve all master key requests. Periodic surveys and audits of campus departments are conducted to determine the status of keys issued to department personnel. It is against USU policy for individuals to duplicate any USU key.

USUPD provides a service to individuals who need access to an area after hours. Individuals may be allowed into an area when prior written approval has been given by an appropriate dean, vice president, department head, or instructor. In cases where written approval has not been received, a student may gain access if the reporting dean, vice president, or department head calls USUPD and gives verbal approval. Under special circumstances, an officer may escort an individual into an area to retrieve his or her personal property.

USU manages building access according to the building type and purpose and considers security in construction and maintenance of campus facilities. Residence halls are locked 24 hours per day, except for some common areas. Access to the residence halls is restricted to residents, their guests, and other approved members of the campus community (USU Policy 533, section 4.3). Persons not authorized to be in a residence hall are subject to arrest for trespassing. All Housing maintenance personnel wear name badges identifying them as staff. Maintenance personnel only enter rooms or apartments to respond to work orders for needed repairs requested by the residents or for identified emergencies.

Academic buildings and buildings with ancillary services (e.g., USU Bookstore, Parking, Aggie Print) are open to the public during business hours. While these are public areas, Utah law gives USU the right to remove individuals from campus who violate the law, rules, and regulations of the university, or who disrupt the peaceful conduct of the institution.

All USU students and employees are issued USU identification cards and are encouraged to carry the cards while on campus.

SECURITY CONSIDERATIONS RELATED TO MAINTENANCE PROGRAMS

USU FACILITIES HAS A REGULAR PREVENTIVE MAINTENANCE PROGRAM for the outside lighting system on all campuses. Periodic light surveys are completed, and lights that are out or in need of repair are taken care of in a timely manner. In addition, as USUPD and USUEPD officers make their regular rounds and find lights out or other problems that need attention, they complete a work order to have the necessary repairs made.

Access points to buildings are well maintained. When a broken lock, door, or window is found, on-call locksmiths and other USU Facilities workers are available 24 hours a day to make repairs to maintain the security of our buildings. Each spring, trees and shrubbery around campus are trimmed to keep pathways throughout the campus as safe as possible.

EMERGENCY RESPONSE

WHEN A SERIOUS INCIDENT OCCURS that causes an immediate threat to the campus, law enforcement and emergency medical services will be summoned. First responders, the first responders' on-duty supervisor, and/or university communications are responsible for carrying out the university's emergency operation plan.

The first responders to emergencies on the Logan and USU Eastern (Price) campus are typically USU Public Safety, local law enforcement, and the local fire department. These agencies work together to manage an incident, pursuant to emergency management and interlocal cooperation agreements. Though USU Public Safety is not a first responder to emergencies on other statewide campuses, the department will be involved in supporting local responders as needed. Depending on the nature of the incident, other USU departments and other local or federal agencies could also be involved in responding to and managing the incident.

Resources that may be called upon include:

- USU Environmental Health and Safety.
- USU Facilities.
- USU Risk Management.

USU's emergency operations plan includes information about the university's response to any natural or man-made disaster or hazard that affects campus and poses an actual or potential threat to public health and safety, as well as the response to a regional or national crisis that affects the university. The USU Department of Public Safety has the responsibility of responding to and summoning the necessary resources to mitigate, investigate, and document any situation that may cause a significant emergency or dangerous situation.

EMERGENCY CONFIRMATION PROCESS

IN THE EVENT OF A SIGNIFICANT EMERGENCY OR DANGEROUS SITUATION ON CAMPUS involving an immediate threat to the health or safety of students or employees, those with immediate information regarding the event (first responders) will contact the executive director of USU Public Safety or designee, who will confirm the existence of the emergency situation. If needed, the executive director will consult with campus partners, including Environmental Health and Safety or Facilities (USU policy 533, section 4.6).

EMERGENCY NOTIFICATIONS

UPON CONFIRMATION OF A SIGNIFICANT EMERGENCY OR DANGEROUS SITUATION involving an immediate threat to the health or safety of students or employees occurring on campus, the university will utilize multiple avenues for alerting the campus community. These may include Aggie Alert texts and emails; push notifications through Aggie Safe, USU's mobile safety app; USU's main social media accounts (primarily Facebook and Twitter); posting alerts on the USU homepage (usu.edu); contacting media; electronic bulletin boards on campus; posting flyers on bulletin boards in areas affected; reverse broadcast through campus emergency phones; the Cache County Emergency Notification System (CodeRed); PA systems in USU Police vehicles; and through local radio stations and the media (USU Policy 533, section 4.6.2).

The University Emergency Team, without delay, and taking into account the safety of the community, will determine the content of the notification and initiate the campus alert systems, unless issuing such a notification will, in the professional judgment of reporting authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. The emergency team will consider technology and communications tools available at the time and will select those that would deliver a message to the campus community in the quickest way possible. This may depend on the scope of the emergency and if it affects power, internet connection, etc. Likewise, the team will target the notification to those who are affected or threatened by the emergency. Learn more at usu.edu/dps/about/clery.

DISSEMINATING INFORMATION TO THE LARGER COMMUNITY

The university may disseminate emergency information to the larger community in a variety of ways. Some non-university organizations located in close proximity to the university may receive notifications sent via Aggie Alerts. Additionally, information received by USU Public Safety may be shared with local emergency managers, dispatchers, and authorities. University Marketing and Communications may disseminate information to various news media outlets. Information affecting the larger community may then be distributed via Wireless Emergency Alerts and through local emergency alerting systems (USU Policy 533, section 4.6.3).

FOLLOW-UP MESSAGES/NOTIFICATIONS

Follow-up messages/notifications will be disseminated in the same manner the original message/notification was administered. Follow-up notifications will take place during the emergency and when the emergency is terminated (USU Policy 533, section 4.6.4).

EMERGENCY PROCEDURES

EMERGENCY RESPONSE AND EVACUATION PROCEDURES for the Logan campus are published in the Public Safety procedures contained in the Public Safety building. Each statewide campus maintains its own evacuation procedures.

TESTING EMERGENCY RESPONSE AND EVACUATION PROCEDURES

On at least an annual basis, the university tests the emergency response and evacuation procedures. The university publicizes its emergency response and evacuation procedures in conjunction with this test and documents, for each test, a description of the exercise, the date and time of the exercise, and whether the exercise was announced or unannounced. The documentation is published in the ASR. Individual departments also exercise their emergency response plans annually, outside of university tests.

SHELTER IN PLACE

Shelter in place is a precaution aimed to keep you safe while remaining indoors. It refers to taking refuge in an area of safety within a building such as a small, interior room with no or few windows. It does not mean sealing off your entire residence or building. If USU instructs you to shelter in place, follow these instructions:

- Stop classes, work, or close business operations.
- Share the notification with others in the building if possible, but do not leave the area where you were instructed to shelter in place.
- Close all windows, exterior doors, and any other openings to the outside.
- Select interior room(s) above the ground floor with the fewest windows or vents.
- Gather essential disaster supplies if possible.
- Under certain circumstances (criminal activity), it may be necessary to lock the door to the area where you are located.
- Monitor Aggie Alerts and emergency.usu.edu for follow-up instructions. In some events, further information may be delivered through local radio, television, or other emergency alerting systems. University and local officials are the best source of information for your particular situation. Be cautious of rumors passed through social media.

LOCKDOWN

Lockdown is appropriate for threats posed from outside or inside the building. These threats could include a violent person attempting to enter the building, a perpetrator already inside, or nearby criminal or terrorist activity. If you are told to implement lockdown procedures, follow these instructions:

- Check outside of the room or office for nearby individuals and move them into a room.
- Close and lock all doors and windows, and barricade any entrance.
- Cover any door windows and close window blinds if available.
- Get to a position out of the line of sight of doors and windows.
- Turn off room/office lights and remain quiet.
- Silence cell phones.
- If there is a group, spread throughout the room.
- Make a plan to protect yourselves in the event that the perpetrator enters the room.
- Anyone in the outdoors should move away from the danger to an appropriate, safe location.
- Anyone in common areas should proceed immediately to the nearest room and follow the lockdown procedures.
- Let roommates or family members know where you are and if you are safe.
- Remain in your location until an all-clear message is received.

EVACUATION

In the event of a serious threat, evacuations may be ordered from a building, a group of buildings, or the entire campus. Though fire is the most common reason to initiate an evacuation, it is not the only reason. Some of the more prevalent reasons are:

- Biohazards (release of biologically hazardous materials).
- Chemical hazards (dangerous chemical spill, dangerous gas releases).
- Radiation hazards (spill of radioactive material, release of a radioactive gas).
- Fire hazards (smell or sight of smoke or flames).
- Terrorist threat, active shooter, or criminal activity.
- Natural disaster.

BUILDING EVACUATION

If you come upon a situation that calls for an evacuation of the building you are occupying, either from a fire alarm or an emergency notification, proceed as follows:

- Exit the building through the nearest exit.
- Follow the direction of evacuation team leaders if present.
- Do not use elevators.
- Do not re-enter the building until USUPD, Logan City Fire Department, the fire marshal, or other university official (e.g., Environmental Health and Safety representative) gives an all-clear.
- The silencing of the alarm bells is not an all-clear to re-enter the building.
- If you suspect someone was not evacuated or you have any information on the incident that prompted the alarm, report to an emergency responder in the area.
- Let roommates or family members know where you are.
- Instructors should ensure the evacuation of their classes.

CAMPUS-WIDE EVACUATION

If a serious threat to the entire campus is determined by the USUPD to be legitimate, a campus-wide evacuation will be ordered. If such an order is given, proceed as follows:

- Stop classes, work, or close business operations.
- Secure offices and workplaces.
- Whether by vehicle, bus, riding, or walking, immediately take the nearest route off of campus and away from the threat.
- Follow the directions of public safety officials regarding direction of travel when coming out of parking lots. They may not let you take the quickest route to your destination, but they will provide a more orderly flow of traffic that avoids vehicle bottlenecks and will not impede the flow of emergency responders.

If an on-campus emergency is determined to be a threat to the larger community, the local police department or fire department will determine the information that will be distributed. Information can be distributed through media alerts to local radio stations and newspapers, and through social media. Follow-up messages will be distributed through the Aggie Alert system by email or text messages, through the university's Aggie Safe mobile safety app, and on the USU homepage ([usu.edu](https://www.usu.edu)).

All members of the USU community are encouraged to notify USU Public Safety of any situation or incident on campus that involves a significant emergency or dangerous situation that may involve an immediate or ongoing threat to the health and safety of students and/or employees on campus.

EMERGENCY EVACUATION EXERCISES

USU conducts at least one test of the university's emergency response and evacuation procedures each year. In conjunction with that, USU's emergency response and evacuation procedures are available through Public Safety. In addition, other emergency response tests are conducted each year, such as tabletop exercises, field exercises, or tests of the emergency notification system. These tests are designed to assess and evaluate the emergency plans and capabilities of the institution. During the 2022 calendar year, USU officials conducted a test of the emergency notification and lockdown system over winter and summer breaks.

DATING VIOLENCE, DOMESTIC VIOLENCE, SEXUAL ASSAULT, AND STALKING POLICIES AND PROCEDURES

PROCEDURES FOR REPORTING A COMPLAINT

REPORTS OF DATING VIOLENCE, DOMESTIC VIOLENCE, SEXUAL ASSAULT, AND STALKING may be reported to law enforcement for an investigation and/or to the university as outlined in the previous section “Reporting Crimes and Other Emergencies” on page 9. Information about reporting options for sexual assault, dating/domestic violence, stalking, sexual harassment, and sexual exploitation as well as seeking confidential advocacy and counseling, is available at sexualrespect.usu.edu.

Incidents of on-campus dating violence, domestic violence, sex offenses, or stalking may be reported to USUPD on the Logan campus, USUEPD on the USU Eastern (Price) campus, or to the appropriate local law enforcement agency for other statewide campuses. Off-campus incidents should be reported to appropriate local law enforcement officials. If asked by the victim, advocates in USU's SAAVI office will assist in notifying law enforcement, regardless of the location of the incident.

A victim of these offenses has the option to decline to notify law enforcement but still report the incident to the Title IX Coordinator in the Office of Equity. Prompt reporting helps the victim receive medical assistance, counseling, or other supportive measures (e.g., housing relocation, change in classes, etc.), and allows for the collection and preservation of crucial evidence. It is important to preserve evidence that may assist in proving that the alleged criminal offense occurred.

Victims of sexual assault have the following options:

- Find a safe place as soon as possible.
- Find a trusted individual to provide moral support and company. Trained advocates are available through USU's SAAVI Office to help students navigate their reporting and support options. Advocates and other resources can be found at usu.edu/sexual-respect/resources.
- Use the campus and community resources listed in this publication or online at sexualrespect.usu.edu to aid in recovery.
- Seek medical attention if needed.
- Report the offense immediately to the police. If the victim lives in an on-campus residence hall, the resident director or resident assistant can help contact the proper authorities. USU Public Safety can help identify which police department to report to if it is unclear. Learn more about reporting to police at usu.edu/dps/police/sexual-assault.
- Whether or not the victim contacts the police, they are encouraged to contact an advocate at SAAVI or through a local community-based organization.
- Depending upon circumstances, a perpetrator of a sexual assault may be charged with crimes ranging from a class B misdemeanor to a first-degree felony. USUPD and USUEPD vigorously work to prosecute anyone who commits a sexual assault.
- Report to the Title IX Coordinator at equity.usu.edu/report.

USUPD and USUEPD report sexual misconduct to the USU Title IX Coordinator, who also reaches out to the victim with resources and options to file a complaint with the university.

PRESERVATION OF EVIDENCE

It is important to preserve evidence that may assist in proving that the alleged criminal offense occurred or may be helpful in obtaining a protective order. As time passes, evidence may dissipate or become lost or unavailable, thereby making investigations, possible prosecutions, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. If a victim chooses not to make a complaint regarding an incident, they nevertheless should consider speaking with law enforcement to preserve evidence in the event that the victim changes their mind at a later date (USU Policy 533, section 4.1.4).

In order to preserve importance evidence, save all text messages and emails that received from the suspect, as well as all text messages and emails sent to others in reference to the incident.

SEXUAL ASSAULT FORENSIC (CODE R) EXAMS

If a victim would like to have a sexual assault forensic (Code R) exam performed, the following actions are recommended to preserve evidence: Try not to bathe, shower, use the restroom, change clothes, comb hair, or clean up. If the victim must use the restroom, use a clean jar to collect any urine. If a sexual assault forensic exam is done, certain information must be given to the law enforcement agency with jurisdiction according to Utah law, but a victim is not required to pursue an investigation. The exam is free for victims in the state of Utah in accordance with Utah Administrative Code R270-1-23. Victims are also treated for injuries and infections during the exam. Locations that provide Code R exams in Logan, Price, Blanding, and Roosevelt are below. For all other statewide campuses, visit usu.edu/sexual-respect/resources to find the hospital nearest you that provides a forensic exam.

WRITTEN EXPLANATION OF PROCEDURES

When dating violence, domestic violence, sexual assault, stalking, sexual harassment, and sexual exploitation is reported to the university, whether the offense occurred on campus or off campus, the Office of Equity provides the student or employee a written explanation of the reporting options, resources, and supportive measures that may be available for victims and procedures for university disciplinary action, if applicable. USU provides a “Sexual Misconduct Resource Guide” to all university offices who may serve victims and distributes it to partners within the community.

UNIVERSITY POLICIES AND PROCESSES

Acts of violence, including sexual assault, dating violence, domestic violence, stalking, and other violent, threatening, or destructive acts may violate one or more university policies, including USU policies 303, 305, 339, 339A, 340, 342, 407, and Article V of the Student Code. These policies set standards of conduct for students, faculty, and staff. USU policies 305, 407, and Article VII of the Student Code describe the processes for responding to claims that violate these standards.

Where it is complained that acts are motivated by discriminatory intent (animus based on sex/gender/sexual orientation/gender identity, race/ethnicity, religion, age, disability, and other “protected classifications”), rights and processes described in USU policies 303, 305, 339, 339A, 340, 342, 407, and Article VII of the Student Code are applied regardless of the status of the respondent as staff, faculty, or student, with appeal rights through the policies described above.

Information about proceedings, standards of review, time frames, protective measures and supportive measures, individual protective orders, resources, and procedures related dating violence, domestic violence, sexual assault, stalking, and retaliation are found within USU Policies 303, 305, 339, 339A, 340, 342, and 407.

SUPPORTIVE MEASURES FOR VICTIMS

Victims of dating violence, domestic violence, sexual assault, stalking, sexual harassment, and sexual exploitation who report to the Office of Equity will be given written notification of options for protective measures, as well as how to request changes to on-campus academic, living, transportation, and employment situations. When reasonably available, regardless of whether the victim chooses to pursue a formal complaint with the university or local law enforcement, the following supportive measures can be requested by the victim:

- Access to academic accommodations, including classroom changes, extensions, rescheduling exams, and withdrawals.
- Change in campus housing.
- Change in on-campus work schedule.
- Implementation of a “no-contact order.”
- Change in parking assignment.

To request supportive measures, including a “mutual no-contact order,” a victim should contact the Office of Equity. In appropriate cases, USU will issue mutual no-contact orders as part of the campus administrative process. As a party in the campus grievance process, an individual also has the option to request safety escorts from USUPD or USUEPD. The Office of Equity will provide written notification to victims of dating violence, domestic violence, sexual assault, stalking, sexual harassment, and sexual exploitation regarding resources for counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid assistance, and other services for victims both on campus and in the community.

The privacy of victims and other parties is maintained to the greatest extent possible. Supportive measures are coordinated by the supportive measures specialists in the Office of Equity. Information about the victim's experience is kept private, and the specialist only shares what is necessary to help the victim receive appropriate accommodations. Only those individuals who must know in order to provide the requested accommodations will be advised of the victim's identity. Personally identifying information is not included in Clery Act reporting and disclosures.

PROTECTIVE ORDERS

Victims have a right to seek a protective order from the courts against an aggressor. To seek a protective order, a victim should contact USU's SAAVI Office at (435) 797-1510. Students on the Logan campus may also contact CAPSA, a local victim advocate organization, at (435) 753-2500 to seek help in obtaining protective orders. Preserved evidence may be helpful in obtaining a protective order. If a victim obtains a protective order, a copy of that order should be provided to USU Public Safety so that it can be distributed to the university campus it may apply to. Protective order violations will be enforced when they occur on the USU campus.

FILING A FORMAL COMPLAINT

Disclosures related to sexual misconduct with those listed below is treated as confidentially as possible, but other university employees may need to be consulted in order to appropriately address the information in the disclosure. An action may need to be taken in the interest of campus safety, such as a university-driven investigation of the reported incident or issuing a timely warning notice. In planning any response, the wishes of the claimant are given consideration when possible. Reporting to university employees is not the same as reporting to the police. The university process is an administrative procedure, not a criminal/legal procedure. Unlike criminal procedures, the university's administrative process uses a "preponderance of the evidence" standard of evidence.

Office of Equity

Phone: (435) 797-1266

In person: Distance Education, Room 404, Logan campus

Online: equity.usu.edu

Serves all statewide campuses through investigations into policy violations and providing supportive measures.

Victims may seek assistance from campus employees, either faculty or staff. University reporting employees are required to report any information they receive about sexual misconduct to the Title IX Coordinator.

To report to law enforcement, please see pages 9-13. Reporting to law enforcement is not the same as reporting to campus authorities. Reporting to law enforcement is a criminal/legal procedure, not an administrative one. Conversations and the information shared with law enforcement are treated as confidentially as possible (according to state law), but police may need to consult with others (including campus authorities) if an action needs to be taken in the interest of public safety, including the issuance of a timely warning notice. When police reports become public records, the personally identifiable information of the victim is redacted before the report is released, in accordance with state law.

UNIVERSITY DISCIPLINARY ACTIONS AGAINST FOR SEXUAL MISCONDUCT

IF A STUDENT OR EMPLOYEE is found to be responsible for violating USU policies, then an appropriate disciplinary action will be imposed by the Office of Student Conduct and Community Standards (students: Student Code Article V, section 4), Human Resources Office (staff: Policy 311), or appropriate academic department (faculty member: Policy 407).

The sanction is provided in writing to both parties—claimant and respondent—and either party can appeal within 10 days. All disciplinary procedures will be conducted with a prompt, fair, and impartial process from the formal complaint to the completion of the appeal process. Any disciplinary hearing will be conducted by officials who do not have a conflict of interest or bias for or against the claimant or the respondent, and who receive annual training on issues related to dating violence, domestic violence, sexual assault, and stalking and on how to conduct an investigation and hearing process.

The claimant and respondent in a disciplinary proceeding can expect these rights:

- Respectful treatment by university officials.
- Notification of available resources both on and off campus.

- Supportive measures.
- Notification that retaliation is prohibited. Retaliation is against USU policy and should be reported.
- To have an advisor or support person of their choosing to accompany them through the process.
- In formal adjudicatory hearings, to have an advisor ask questions on their behalf.
- An equal opportunity to present evidence and access to evidence used in determining the finding.
- An equal opportunity to be heard and to identify witnesses.
- To decide whether they participate in the process.
- An impartial and prompt investigation of the allegations in the formal complaint.
- Updates on the investigation and process.
- To receive a written determination at the end of the investigation.

Victims of sexual misconduct receive amnesty for student code violations involving drugs and alcohol. Sanctions for students found to have been in violation of the student code are imposed based on the severity of violation. For example, a student who is found to have engaged in sexual assault will face harsher sanctioning, from suspension to expulsion. For less severe policy violations, possible sanctions may include a warning, community service, or probation, or some combination thereof. If the respondent is suspended, conditions may be placed on a student's readmission.

Possible sanctions for employees include verbal warning or reprimand, written warning, probation, suspension, reduction in rank, and dismissal or termination.

The decision of a hearing panel may be appealed by the student or employee who was found to have committed a sexual misconduct violation. In sexual misconduct cases, both the claimant and the respondent may appeal the finding and/or sanctioning decision. The appeal must be made in writing within 10 business days from the date of the issuance of the hearing panel's written determination (Procedures 305, 339, and 339A). The university will provide an explanation of these procedures to both parties.

VICTIM NOTIFICATION

USU WILL DISCLOSE to an alleged victim of a crime of violence, non-forcible sex offense, or policy violation (if the victim is a party to the proceeding), the report on the results of any disciplinary proceeding conducted by the institution against a student who is the alleged perpetrator of such crime or policy violation. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.

PREVENTION PROGRAMS

EDUCATION AND PREVENTION PROGRAMS

The university makes available educational programs and campaigns regarding campus security that are designed to prevent sexual harassment, domestic violence, dating violence, sexual assault, and stalking, in accordance with the Clery Act, on a regular basis, annually at a minimum. USU's educational programming consists of awareness and primary and secondary prevention programs for all incoming and continuing students and new and continuing employees, as well as awareness and prevention social marketing campaigns. In accordance with USU Policy 533, section 4.11, these programs and campaigns are designed to:

- Inform students and employees about campus security procedures and practices and to encourage students and employees to be responsible for their own security and the security of others.
- Inform students and employees about the affirmative definition of consent and the prevention of crimes.
- Identify and promote awareness of domestic violence, dating violence, sexual assault, and stalking as prohibited conduct.
- Define what behavior constitutes domestic violence, dating violence, sexual assault, and stalking according to federal and state law.
- Define what behavior and actions constitute consent to sexual activity.
- Describe safe and positive options for bystander intervention that may be carried out by an individual to prevent harm or intervene when there is a risk of domestic violence, dating violence, sexual assault, or stalking against a person other than the bystander.
- Provide information on risk reduction so that students and employees may recognize warning signs of abusive behavior and know where to get help if they are in an unhealthy or abusive relationship.
- Provide an overview of information contained in the Annual Security Report in compliance with the Clery Act.
- Describe the following:
 - Procedures the university will follow when dating violence, domestic violence, sexual assault, and stalking are reported.
 - The rights and options regarding procedures victims should follow.
 - Confidentiality and supportive measures that may be available for victims.
 - Procedures for university disciplinary action, if applicable.

PRIMARY PREVENTION PROGRAMS

SEXUAL MISCONDUCT PREVENTION TRAINING

All incoming students are required to participate in a live, facilitator-led sexual misconduct prevention training during their first semester. Those who do not complete the course by the deadline receive a hold that prevents them from registering for future semesters until they finish the training.

All continuing students are also required to participate in an annual sexual misconduct prevention training via an online course. Those who do not complete the course by the deadline receive a hold that prevents them from registering for future semesters until they finish the training.

The trainings for incoming students are tailored to specific student populations (graduate students, undergraduates under 25, and undergraduates over 25). Both the incoming and continuing student trainings provide inclusive and evidence-based education about:

- University policies and Utah laws on consent, sexual harassment, dating violence, domestic violence, sexual assault, and stalking.
- Information about reporting VAWA crimes to local police and the university, as well as how to seek confidential help.
- Safe and effective bystander intervention strategies.
- Gender socialization.
- Aspects of (un)healthy relationships.

The trainings collect survey data to track how perceptions of sexual misconduct change as a result of the training.

New and continuing employees participate in a live facilitator-led sexual misconduct training covering employee reporting obligations, and sexual harassment, dating violence, domestic violence, sexual assault, and stalking. The trainings are provided through the Office of Equity.

“UPSTANDING” BYSTANDER INTERVENTION TRAINING

The Upstanding bystander intervention program is an audience-led, interactive training that covers the signs of various problematic situations (mental health concerns, bias and discrimination, alcohol and drug misuse, and sexual misconduct) and safe and effective intervention techniques. University resources, including CAPS, SAAVI, and the Office of Equity, are also addressed during the program. The program's content is tailored to each audience group through the use of relevant scenarios.

ONGOING PREVENTION AND AWARENESS EFFORTS

RED ZONE

The SAAVI office hosts an annual Red Zone Awareness Day in September. Students, faculty, and staff are invited to visit a variety of exhibits aimed at building awareness of the heightened risk for sexual assault during the first few months of the fall semester (called the “Red Zone”) and drawing attention to campus and community resources for sexual assault victims.

CLOTHESLINE PROJECT

SAAVI organizes the Clothesline Project, held in October. It is a visual display of shirts with messages and illustrations designed by survivors of domestic violence, their friends, or families. The purpose of this project is to increase awareness of the impact of domestic violence, celebrate an individual's strength to survive, and provide another avenue to courageously break the silence.

HEALTHY RELATIONSHIPS MONTH

Throughout the month of February, SAAVI hosts a number of events aimed at spreading awareness about healthy, unhealthy, and abusive characteristics of a relationship. These events have included Bagels and Bae-Goals, Love Letters to Survivors, and numerous guest speakers, including Beauty Redefined.

STALKING AWARENESS CAMPAIGN

Throughout January, SAAVI shares various infographics through social media to raise awareness about stalking behaviors and how to support someone who may be experiencing stalking. This online campaign is accompanied by in-person booths on campus.

DENIM DAY

USU celebrates the worldwide awareness event, Denim Day, each April. This day of action and awareness is a day in which people are encouraged to wear denim to combat victim blaming and show support for survivors.

“CONSENT IS” AND “I ASK” CAMPAIGNS

These are ongoing social marketing efforts to educate students about the meaning of consent for sexual activity. These campaigns have included video, print, digital, and social media messages. Additionally, various student leadership groups, including Fraternity and Sorority Life, receive a comprehensive consent workshop each academic year.

SAFE ONLINE DATING CAMPAIGN

Coordinated by SAAVI, various infographics are shared through social media messaging and digital signage to educate the campus community on how to navigate online dating safely. More information can be found at usu.edu/saavi/get-info/safe-dating.

PRESENTATIONS UPON REQUEST

SAAVI does presentations to various campus groups and classes on trauma-informed response, online dating, healthy relationships, sexual assault, domestic violence, dating violence, and stalking. Participants are given information on the reporting process and the different campus and community resources available to primary and secondary survivors.

RAPE AGGRESSION DEFENSE

USUPD offers the Rape Aggression Defense program on a scheduled basis. The class is also taught for one credit as PE 1407 through the Department of Kinesiology and Health Science.

START BY BELIEVING

Coordinated by SAAVI, various offices across campus and organizations from the community come together in April with the message that supporting victims of sexual violence increases reporting and leads to holding offenders accountable, thereby preventing future crimes. More information is available at startbybelieving.usu.edu.

RISK REDUCTION

USU uses the following risk reduction information in all education, training, outreach, and timely warnings about sexual assault, dating violence, domestic violence, and stalking. Risk reduction is defined as options designed to decrease perpetration and bystander inaction, increase empowerment for victims in order to promote safety, and help individuals and communities address conditions that facilitate violence. Note that it is never possible to completely eliminate the risk of becoming the target of a crime, and a crime is never the fault of the victim.

BE AN UPSTANDER

- When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together.
- Be aware of your surroundings and people's behaviors. If you notice a problematic situation, be an Upstander by directly addressing the issue, creating a distraction, and/or delegating to others to help.
- Address demeaning, discriminatory, and/or violence-supporting language if you hear it.
- Talk to friends who you know or who you think are in unhealthy relationships. Encourage them to get help from a campus and/or community advocate.
- Support and believe friends if they tell you they have experienced sexual misconduct. Encourage them to seek help from campus and/or community resources.
- If you see something suspicious, contact law enforcement immediately by calling 911.
- If you see someone with a gun or weapon on campus, immediately call 911 to report it.

ALWAYS GET CONSENT FOR SEXUAL ACTIVITY

- Exercise self-control and respect the boundaries of others. Expect the same of your friends, sexual partners, and acquaintances.
- Make sure you and your sexual partners understand the university's affirmative definition of consent. Learn more at consent.usu.edu.
- Clearly communicate intentions to your sexual partners and give them a chance to clearly relate their intentions to you. Never make assumptions about consent, about someone's sexual availability, about whether they are attracted to you, about how far you can go, or about whether they are physically or mentally able to consent. If you are uncertain whether someone can or has given their consent, stop what is happening and check in with them.
- Understand that crime victims are never reporting for the behavior of perpetrators. If you've been sexually assaulted or victimized, there are resources available to help. Learn more at sexualrespect.usu.edu.

PROTECT PERSONAL SAFETY

- Stay alert to your surroundings. Use headphones in only one ear to stay aware of activity around you. This also promotes safety from accidents.
- Be careful about posting your location on social media or sharing it with people you do not completely trust.
- Keep the doors to your home and car locked, and never prop open residence hall doors. Lock your windows at night.
- If you feel uncomfortable walking across campus, USU Police provides safety escorts from one campus destination to another. Call (435) 797-1939 to request a safety escort (expect a 20-minute wait).
- Never leave your belongings unattended, even for a few minutes. Record the serial numbers on valuable items in case they go missing.

IF YOU DRINK ALCOHOL, DRINK RESPONSIBLY

- Being under the influence of drugs or alcohol does not excuse anyone from ensuring they have willing consent from another before engaging in sexual activity.
- Know your limits when drinking. Keep track of how many drinks you've had and recognize when you or your friends have had too much. If you or a friend has had too much alcohol, find a way to safely leave the party or situation.
- Know the signs of an alcohol emergency, and if you are concerned for someone's life, always call 911.

- Do not pressure others to drink or use drugs and be alert to people pressuring you or others. Each individual has the right to make their own decisions about drinking. No one should be pressured to consume more than they want to. If you notice someone being pressured to drink more than they want to, be an Upstander by directly addressing the issue, creating a distraction, and/or delegating to others to help.
- Some sex offenders target people by using drugs or alcohol as weapons. Get your own drinks; don't leave your drink unattended or let someone continually fill your cup.

SEX OFFENDER REGISTRY

THE FEDERAL CAMPUS SEX CRIMES PREVENTION ACT, enacted on October 28, 2000, and the Adam Walsh Child Protection and Safety Act of 2006 require convicted sex offenders to register with the jurisdiction in which they reside. Offenders are required to submit to the registry if they are working, volunteering, or attending USU. Additional information about the sex offender registry provided by the Utah Department of Correction is available at communitynotification.com/cap_office_disclaimer.php?office=54438.

CRIME DEFINITIONS

THE CRIME STATISTICS TABLE reflects specific crimes and arrests reported to the sources identified in the section on Collecting Crime Reports and Statistics Procedures. In accordance with the Clery Act, these crimes are classified based on the Federal Bureau of Investigation's (FBI) UCR Handbook. For sex offenses only, the definitions are from the FBI's NIBRS edition of the UCR. Hate crimes are defined according to the FBI's Hate Crime Data Collection Guidelines and Training Guide for Hate Crime Data Collection.

Although the law states that institutions must use the UCR for defining and classifying crimes, it does not require Clery Act crime reporting to meet all UCR standards.

Attempted crimes: This report does not differentiate between attempted and completed crimes. For example, an incident involving an attempted forcible rape is counted as a forcible sex offense. The only exception to this rule applies to attempts or assaults to murder when the victim does not die. These incidents are classified as aggravated assaults rather than murders.

USU DEFINITION

USU Policy 339: Consent is an affirmative agreement to do the same thing at the same time in the same way. An affirmative agreement includes an informed, freely and actively given, mutually understandable exchange of unmistakable words or actions, which indicate an affirmative willingness to participate in mutually agreed upon sexual activity. Consent can be withdrawn or modified at any time, as long as such withdrawal or modification is clearly communicated.

Consent cannot be assumed based on silence, the absence of “no” or “stop,” the existence of a prior or current relationship, or prior sexual activity. There is no consent when there is force, coercion, or incapacitation.

Examples of consensual behavior may include, but are not limited to:

- Verbal statements of “yes” or “okay.”
- Head nodding.
- Asking someone to engage in sexual activity.

Examples of non-consensual behavior include, but are not limited to:

- Verbal statements of “no” or “I don’t want to.”
- Verbal statements of “I don’t know” or “maybe.”
- Pushing someone away.
- Resisting contact.
- Shrugging or other uncertain body language.
- Not actively participating in the sexual activity.
- No response or silence.
- Disengaging from previous consensual behavior.
- Force, coercion, or incapacitation.

CAMPUS CRIME STATISTICS

THE FOLLOWING STATISTICS are compiled in accordance with definitions used in the Uniform Crime Reporting System of the Department of Justice and the FBI as modified by the Hate Crime Statistics Act. These statistical tables include the number of all offenses reported to law enforcement, without regard to the findings of a court, coroner, or jury, or the decision of a prosecutor. Under VAWA, effective March 7, 2014, colleges and universities are required to report domestic violence, dating violence, and stalking, beyond crime categories the Clery Act already mandates.

CRIME STATISTICS

THIS CRIME STATISTICS REPORT accurately represents the number of the following defined crimes that were reported to USU Police directly or to campus security authorities. Crimes are reported according to geography, not whether a crime involved students, staff, or faculty. Crime statistics included in this report do not include crimes that occurred off campus that involved students. For more information about the experiences students have with sexual misconduct, both on and off campus, please see the [USU Sexual Misconduct Student Survey](#).

The following geographical categories are defined below: “on-campus,” “non-campus,” and “public property.”

- **On-campus:** Includes crimes that occurred anywhere on campus, including those that occurred in on-campus housing.
- **Non-campus:** Includes off-campus property owned or controlled by officially recognized or registered student organizations, such as fraternities and sororities, as well as property located off campus but owned or controlled by USU, such as remote classrooms or facilities regularly used by statewide campuses, athletic teams, and study abroad students during the time of USU use.
- **Public property:** Includes public property that is adjacent to on-campus property, such as sidewalks, and at the Logan campus, the Logan Cemetery.

Unfounded: Reported crimes that are investigated by law enforcement authorities and found to be false or baseless. Only sworn or commissioned law enforcement personnel may find that a crime is unfounded.

Statistical tables are broken out by statewide campuses. The first three are USU’s residential campuses (Logan, USU Eastern, and USU Blanding). Several additional statewide campuses have a building and facility owned by USU, but most are a room or classroom to serve a population in rural Utah.

HATE CRIMES

HATE CRIMES are those crimes that manifest evidence that the victim was intentionally selected because of the perpetrator’s bias against race, gender, religion, sexual orientation, ethnicity, disability, national origin, or gender identity. Hate crimes are reported for the following crimes: murder, non-negligent manslaughter, negligent manslaughter, sex offenses (rape, fondling, incest and statutory rape—beginning in 2014), robbery, aggravated assault, burglary, motor vehicle theft, arson, larceny-theft, simple assault, intimidation, destruction or damage or vandalism of property, and any other crime involving bodily injury.

In 2020, 2021, 2022, there was one hate crime reported at USU campuses.

USU encourages anyone who has experienced discrimination based on a protected class to report it to the Office of Equity, which enforces USU’s non-discrimination policy. Visit equity.usu.edu to learn more. USU also has a Social Climate Support Team that works with students and employees to provide support when an individual or group has experienced a bias incident. Learn more at usu.edu/dei/social-climate-support.

FIRE SAFETY REPORT

IN ACCORDANCE WITH FEDERAL LAW, USU is required to annually disclose statistical data on all fires that occur in on-campus student housing facilities. The USU fire marshal serves all residential campuses: Logan, USU Eastern, and USU Blanding. Listed below are the non-emergency numbers to call to report fires that have already been extinguished in on-campus student housing (fires you are unsure whether USU Public Safety knows of). If you find evidence of such a fire or if you hear about such a fire, please contact one of the following.

FIRE SAFETY CONTACTS

CALL 911 for all emergencies statewide.

USU POLICY ON PORTABLE ELECTRICAL APPLIANCES, SMOKING, AND OPEN FLAMES IN STUDENT HOUSING FACILITIES

PROHIBITED ITEMS AND ACTIONS

The following items or actions can represent a potential fire hazard and are therefore prohibited. A minimum \$25 fine may result for each prohibited item discovered by staff, with fines escalating for repeat offenses.

- Incense and incense burners.
- Candles and other open flame items campus-wide unless authorized by the university fire marshal. Decorative candles may be displayed but are strongly discouraged. Wicks must remain white and unburned. The use of candle warmers was banned in 2007 by the Utah Risk Manager's office for all state property.
- Campus community members may request the use of candles to the university fire marshal for:
 - Theatrical or other entertaining arts performances.
 - Dining Services areas.
 - Special religious ceremonies.
 - Other purposes as may appear necessary.
- All coiled resistance units (such as hot plates).
- Halogen bulbs.
- Space heaters or other portable-heating units, unless provided by Housing and Residence Life.
- Inappropriate indoor storage of flammable liquid.
- Installing plastic or paper liners in and around apartment stoves.
- Taping or hanging material from smoke detectors or fire extinguishers.
- Grilling on BBQs within 25 feet of any on-campus residence hall. Additionally, if your grill uses propane, the tank cannot be stored on a porch or in a room/apartment.
- Smoking in all USU academic buildings and residence halls.

All electrical appliances and cords must meet UL (Underwriters Laboratory) safety standards. UL-approved power strips must be used when more than two electrical items share an outlet. The USU fire marshal highly recommends purchasing extension cords that sense damage caused by overload, overheating, pinching, or aging and shut off the power in 25/1,000 of a second if a dangerous condition is detected.

Mini-refrigerators, freezers, and air conditioners that require 1,500 watts of power use or less are allowed and must be plugged directly into a wall. All appliances, including microwaves, must be plugged directly into a wall outlet, not a surge protector or extension cord as required by state fire code. This policy will be enforced by Housing and Residence Life staff.

SPACE HEATERS

Approved space heaters are ceramic and oil filled heaters. These space heaters MUST have the following:

- Ceramic element and oil filled.
- Cannot exceed 1000 watts at its highest setting.
- A self-limiting element temperature setting for the ceramic elements.
- A tip-over safety device.
- Built-in timer for hours of operation (time not to exceed 8 hours per setting).
- Programmable thermostat built into the space heater.
- Overheat protection (thermal limiter).

No open-element or metallic-element heaters will be allowed in USU owned and leased property, and no fuel-fired heater, kerosene or propane, will be allowed in USU owned and leased property. Fire code does not permit space heaters to be plugged into extension cords or breakered-outlet strips/surge protectors. They should be plugged directly into a wall outlet. Propane- and kerosene-fueled heaters are prodigious heat producers, but because of their open flames, the risk of carbon-monoxide poisoning, and the hazard associated with handling the fuel, it's best not to use fuel heaters indoors.

DAILY FIRE LOG

A daily fire log for the most recent 60-day period is available for review 24 hours a day at the USUEPD. Logs older than 60 days will be made available within two business days of a request for public inspections of records. This log can also be found at usu.edu/dps/police/daily-crime-log.

FIRE DRILLS

Fire drills or fire safety programs are conducted by the USU fire marshal and Housing and Residence Life to ensure that residents are familiar with emergency evacuation procedures and general fire safety. One fire drill was conducted at the residential facilities on the Logan campus, two on the USU Eastern campus, and two on the USU Blanding campus. When requested or mandated, all occupants must immediately evacuate a residence hall. Interfering with or noncompliance will result in disciplinary action, including a \$100 fine. Residents are also required by the fire marshal to keep hallways, stairwells, and balconies clear of obstructions at all times to facilitate proper access and egress.

FIRE EXTINGUISHERS

A fire extinguisher is located in all apartments on the kitchen wall. In traditional housing, the extinguisher is located in the hallways on each floor. If the extinguisher is discharged while putting out a fire, promptly notify Housing Facilities during business hours. If it occurs after hours or on weekends, immediately notify USU Public Safety. The extinguisher will be replaced immediately at no cost. The extinguisher must not be re-hung or relocated after discharge. Fire extinguishers or other equipment can only be discharged in an actual fire emergency. Starting fires, tampering with or misuse of fire safety equipment, or falsely reporting a fire may result in criminal prosecution.

Fire extinguishers are checked by the USU fire marshal at least annually. If an extinguisher is found to be empty, tampered with, relocated, or missing, the student apartment will be charged \$75 for recharging and/or replacement. Periodically inspect the fire extinguisher gauge to be certain it is properly charged. If the needle indicates that it is undercharged or overcharged, call Housing Facilities immediately for a replacement.

SMOKE DETECTORS

Smoke detectors are located in all Housing and Residence Life facilities. When the detector is activated, it will make a loud, piercing sound. When the detector beeps intermittently, the batteries need to be replaced. It is the resident's responsibility to report to Housing Facilities whenever the smoke detector is inoperable or batteries need to be replaced.

Excessive amounts of smoke from cooking or steam from the bathroom may activate a smoke detector. If the smoke detector is overly sensitive, notify Housing Facilities.

Any smoke detector problems after 4:30 p.m. or on weekends can be directed to on-call maintenance staff and will be handled as quickly as possible. Calls can also be left after hours on the dispatch voicemail for Housing Facilities and will be handled the next morning.

Residents should leave their name, apartment number, time of call, and current problem with the detector. If Housing and Residence Life staff determine that the smoke detector or battery has been removed, tampered with, or is inoperable and has not been reported, the student will be charged \$75. If there is a second violation, the student will be charged \$100 and appropriate restorative measures imposed.

FIRE SPRINKLERS

Many Housing and Residence Life buildings have been retrofitted with fire sprinklers. It is critical that residents not tamper with the sprinkler systems, especially the sprinkler heads. The water in the sprinkler systems is under tremendous pressure, and a damaged sprinkler head or pipe can lead to significant damage to both the building and residents' property.

The resident will be responsible for all damages caused to facilities by breaking/or tampering with a sprinkler head. Housing and Residence Life is not responsible for any damage or losses that occur because of sprinklers being activated for any reason and strongly recommends residents seek insurance for their personal property.

IN CASE OF FIRE

Before a fire:

- Know the escape route and meeting location your resident assistant has designated for your area. A smoke detector can wake you, but only an escape plan can save you.
- All residents should recognize the alarm signal and how to respond. In the event that you hear a neighbor's smoke detector ringing for an extended period of time, contact the fire department first and Housing Facilities next. After hours, call USU Public Safety.

If a fire occurs:

- Grab your keys (if possible) and walk to the nearest exit. Most smoke and dangerous gases rise, so keep your body low and move quickly. If necessary, crawl so you do not breathe the smoke.
- If you suspect a fire, cover your hand for protection, and touch the door or handle with the back of your hand before opening it. Intense heat, deadly smoke, or gas may be on the other side. If it is not hot, open it cautiously a few inches to check the other side for heat, smoke, or flames. Keep your body out of the doorway and be ready to slam the door shut if any heat or smoke appears.
- Do not waste time getting dressed or gathering valuables. Get out of the building immediately. Call the fire department from OUTSIDE the building. Dial 911 and report the location of the fire. Stay on the telephone until instructed to hang up. If possible, alert other room/apartment occupants.

USU FIRE SAFETY TRAINING AND SAFETY EDUCATION PROGRAMS

The USU fire marshal conducts an annual fire training class for resident directors, resident advisers, and Housing Facilities employees at the beginning of fall semester each year. The training covers emergency procedures, review of building fire safety systems, evacuation planning, and hands-on fire extinguisher training. This training is also provided to students, faculty, and staff upon request.

PLANS FOR FUTURE FIRE SAFETY IMPROVEMENTS

USU continues to work to upgrade fire panels across the campus. As needs are identified, buildings on campuses are being equipped with or getting upgrades to fire sprinkler systems.

A new public education program is being developed that will target extinguisher training, fire and life safety training, common fire inspection violations, and childhood safety for our residence halls that house children.
