Employee of the Month — Colton Acevedo
Small Projects Crew

USU Facilities is pleased to introduce Colton Acevedo as the Employee of the Month for August, 2019. Colton has worked for the Projects crew in Facilities for a combined seven years. He started in Facilities right out of high school and has been here ever since, with a two-year break for a church mission to Salta, Argentina.

Nominators, Jed Waldron and Suzy Olsen said, “Colton is such a hard worker. He has a positive attitude and is always willing to help ANY of the shops with things they need—from lights to paint to floors. He does it all! Colton is always willing to jump in and get the job done. Many days he has multiple jobs going. He does a great job at managing the student workers. His ability to encourage his employees to do their best and his ability to work well with techs and customers shows his willingness to go the extra mile.”

Director, Dave Petersen, added: “Colton does a great job for Facilities as he manages and works alongside our hourly project team. Colton sets the standard and expects the same from the crew. Thanks for all your hard work, and for your day-to-day contributions. They really do make a positive difference.”

Colton was born and raised in Logan and graduated from Mountain Crest High School. He is currently attending USU, enrolled in the Human Biology program, where he has about a year left. He is considering medical school following his graduation. He currently lives on the Island in Logan, UT with his wife, Miranda, of almost two years.

Colton loves boating, waterskiing, and wakeboarding. He usually just goes to Hyrum Reservoir, because it is the closest, but he also loves going to Flaming Gorge or Lake Powell. He loves to travel as well, and regularly goes to both Central and South America.

Colton says that he really appreciates how amazing the Projects crew has been this past year. Their dedication, hard work, and team work are the reasons that the crew has been able to accomplish so much this year.

Thanks for being a model employee, Colton, and for all you do for Facilities!
Shout out to our awesome LOAM Crew!

As you can see, our landscaping crew does a variety of work (and a lot of it) to keep our campus looking beautiful. Sometimes it can be a thankless job but those of us here at Facilities are so grateful for all of the planning and hard work that they put in. This time of year, we are especially grateful for all of our part-time seasonal student workers. Thanks for everything you make possible!
CONGRATULATIONS TO
Ricardo Sandoval
WHO WAS SWORN IN AS A
UNITED STATES
citizen this month!

TEAMWORK AWARD
DAVID GREEN, KEATON ROSEMAN, KYLE QUARNBERG

Nominator, Jacob Hall said: “While at the David B. Haight Building, David Green, Keaton Rosemann, and Kyle Quarnberg were faced with the daunting task of carrying numerous and extremely heavy items up a steep narrow stair case not meant to allow for such large items. However they came together and communicated well to accomplish this difficult task pleasing the customer and finishing the project. They are very deserving of this award for the way in which they accomplished this great feat.”
### Happy Birthday to You!
