WHAT IS THE FAITH CHALLENGES GROUP?
An opportunity for students to gather in a safe environment to learn from and support each other. Each week, we will discuss issues related to faith that create stress.

HOW DOES THE GROUP WORK?
The topic of the day will be motivated by those who choose to participate that day. This group is co-facilitated by Monique Frazier, a psychologist from CAPS and Bonnie Glass-Coffin, Anthropology Professor and Director of the Interfaith Initiative.
