## **Title:     PURPOSE & OBJECTIVES**

We would like to welcome all club presidencies to USUSA Clubs and Organizations. Thank you for being a part of the larger community at Utah State University. You have the great opportunity of being part of Utah State University's push to increase student involvement.

Within USUSA, we encourage students involved with clubs to use their club as a gateway to opportunities both on campus and after graduation. We hope that USUSA can help you in your efforts to grow and improve each of your clubs and/or organizations. We endeavor to increase club memberships, as well as club quality as we strive to provide the best student-run clubs and organizations in the state.

We encourage you to be involved with the program as much as possible and to devote your time and efforts to providing a unique experience for all club members. We urge you to hold meetings, sponsor activities, participate in service projects and cultivate memorable experiences for not only yourself, but also your club members.

Importantly, USUSA Clubs and Organizations are different from departmental clubs. On the one hand, a USUSA Club or Organization (hereinafter referred to as clubs) is a group of students with a common interest coming together to participate in an activity (such as a sport, hobby, or academics). The clubs are initiated and run by students and is categorized into a tier system. USUSA Clubs & Organizations are separated into three tiers based on the level of risk inherent in the club activities. Based on the tier level, the club or organization may require additional oversight by the university, such as requiring an advisor. On the other hand, a Department Club is a student group that is sponsored and run by an on-campus department. Indicators that a club may be a departmental club include: the advisor advises the club as part of their job description as written by their department, the club receives funding from an on-campus department, or the club has an index number/P-card, or the club is run by faculty or staff, rather than by students. Departmental Clubs will not be provided USUSA Club & Organization status, and the benefits associated with that status.

**Please check with your club advisor if your club is considered a departmental club as you will not qualify as a USUSA Club unless special permission has been granted**

For additional information about club tiers, please see club tier levels on page 7.

## **Section: REGISTRATION**

## Title: TIER SYSTEM

All USUSA Clubs and Organizations must determine what tier system they fall under prior to completing the online registration form. This is a great way to establish both the needs and the expectations of your club. Clubs with activities deemed higher risk will be in a higher tier, while clubs with fewer needs and lower risks will be in a lower tier. Please use the risk matrix on page 8 to determine what risk level your club activities may fall under. You can view the chart and descriptions below to learn about club requirements based on the tier your club falls under. You can also refer to page 10 to adequately equate yourself with the benefits provided through each tier.

Keep in mind, the *USUSA Council of Clubs & Organizations* can change your tier based on risks, activity level, and needs.

### Title: CLUB RISK LEVELS

USUSA Clubs & Organizations must determine the level of risk their activities fall under. Additional university oversight may be required with activities that are at the medium-risk or high-risk level. The risk level of club activities will determine the tier of the club.

The USUSA Clubs & Organization Council will assess all clubs during the registration process and throughout the academic year to verify club risk exposure. Clubs that meet medium to high-risk criteria may be asked to modify their focus or be required to meet additional guidelines to be a registered club/organization with the University.

Risk Level	Definition:	Activities:
High Risk (Tier III)	Organizations should consider whether they should eliminate or modify activities to a lower risk level.	Activities may result in death or cause severe injury, major property damage, significant financial loss, and or/result in negative publicity for the club or university.
Medium Risk (Tier II)	Contains some level of risk that is unlikely to occur. Organizations should consider what can be done to manage the risk to prevent any negative outcome.	Activities may cause minor injury, illness, property damage, financial loss, and/or could result in negative publicity or the club or university.
Low Risk (Tier I)	Contains minimal risk and are unlikely to occur. Organizations can proceed with these activities as planned.	Activities present minimal threat to safety, health, and well-being of the participants.

#### How do I know what level of risk my club is?

1. List all risk concerns for your club, its members, and the activities planned
2. Identify risks associated with each activity (see *Types of Risks* below)
3. Use the matrix (see *Table 1* below) to determine the level of risk of club activities before applying any risk management and prevention strategies
4. Develop methods to manage potential risks
5. Consider modifying or eliminating activities that have unreasonable risk associated with them.

#### Types of Risks

There are five types of risks to consider when assessing what level of risk your club may fall under. This includes (but is not limited to):

- **Physical:** Bodily injuries that occur from participation in an activity

- **Reputation:** Incidents that may lead to defamation or portray a bad image of the individual members, the club or organization, or the University as a whole.
  - Example: media, alumni, family, donors, community members
- **Emotional:** Incidents that alienate or harm the feelings of members of the community
- **Financial:** Occurrences that negatively impact the fiscal stability of the organization
- **Facilities:** Include both the safety of the facilities used for your members/participants and the maintenance of the facilities used by your members/participants

**Table 1. Example of Identifying Risk Severity Matrix:**

4. USUSA Club funding **cannot for any reason be used** for food, travel, prizes, or contracted speakers. ## **Section: FUNDING**

### **Title: CLUB FUNDRAISING**

#### **What defines Student Organization fundraising?**

-Any event where the student organization intends to raise additional funds through solicitation (funds and/or items), charging admission to a fundraising event, or selling products or services will be considered USUSA club fundraising. This excludes collecting membership fees or dues. This includes fundraisers that may benefit the student organization, other charitable groups, or an individual.

#### **Can my Student Organization fundraise?**

Only student organizations that have been pre-approved by completing the Application to Raise Funds (<https://www.usu.edu/advancement/give/clubfundraising>) at least ten business days prior to the day of the fundraiser will be allowed to fundraise.

#### **How will I know if the Fundraiser has been approved?**

Applicants can expect a response via email within five business days of submitting a completed application.

If the fundraiser has been approved, the response will include instructions pertinent to your fundraiser.

If the fundraiser is not approved, the student organization is not allowed to hold the fundraiser. Appeals to this decision must be directed to the Senior Director of Advancement Services and the Student Affairs Financial Officer.

#### **My Fundraiser has been approved, is there anything else I need to know?**

Fundraisers for USUSA Clubs & Organizations:

- Must clearly identify itself when raising funds and make it clear the fundraiser is not raising funds for USU nor give the impression the donation is tax-deductible
- Must not use the university's tax-exempt status in organizing or operating the fundraiser

#### **What are some fundraising options?**

1. Collecting donations at meetings and events.
2. Charging admission to scheduled events such as speakers, conferences, films, tournaments, dinners, and dances.
3. Conducting sales at approved events or at Student Center outdoor tables.
4. Soliciting donations via letter/email campaign. The solicitation must be clear that the donations are not for USU or give the impression they are tax- deductible.
5. USUSA Fraternities and Sororities may solicit donations from family, friends and alumni under the following criteria:
  - a. Your organization must possess an internal list of contacts. USU will not provide a list or database of alumni, friends or family.
  - b. The list of contacts must be vetted through the USU Advancement Office to determine potential conflicts with other USU fundraising priorities.
6. Raffles – The State of Utah defines raffles as a “lottery”. Therefore, raffles are considered gambling in the State of Utah and as such, organizations cannot hold raffles.

## **Section: FUNDING**

### **Title: CLUB BANK ACCOUNTS**

All clubs must use off-campus banking systems to manage the finances of their club or organization. If the club already has a bank account established, please work with the previous club president or advisor to access the club's bank account.

The following information will serve as a guideline to help your club set up a bank account.

#### **Where to bank?**

Clubs can bank anywhere they desire. USUSA does not provide accounts for clubs. After shopping around for a bank or credit union that will work with you and fit your club's needs, ask the bank, or credit union to help you know what kind of account to set up to ensure your financial success.

#### **Can we rent credit card machines from the university?**

No. If you have an event where you are charging money you will need to do cash, check, Venmo, or purchase your own square reader. USUSA will not provide change for cash registers.

#### **What will we need to do?**

This depends on where you go to create your account. Speaking directly to the bank about what you will need is the best route to take. USUSA does not provide anything for you to start a bank account, including but not limited to EIN numbers, tax exempt status, or letters indicating club status.

USU cannot provide guidance on how to complete federal tax forms, such as creating an EIN number.

### Title: EVENT RISK MANAGEMENT

Clubs and organizations have a variety of responsibilities during club-sponsored meetings, activities, and events. Whether these club functions occur on-campus or off-campus, certain events and activities will require pre-approval from the *USUSA Council of Clubs & Organization* and USU Risk Management.

The following scenarios will require contacting Chynna Johns at [chynna.johns@usu.edu](mailto:chynna.johns@usu.edu) to establish a risk mitigation plan for your clubs:

- Any activities or events from medium-risk or high-risk USUSA Clubs & Organizations
- Activities or events where potential harm to an individual is increased. Some examples include outdoor recreation such as rappelling, hiking, canyoneering, etc.
- Any activity, event, or fundraiser where food is being sold to the public

The following scenarios **do not require** pre-approval from the *USUSA Council of Clubs & Organizations* and USU Risk Management.

- Regular club meetings (face-to-face or virtual)
- Food that is served to club members only at club meetings or activities
- Club travels off-campus
- Activities and events from low-risk level USUSA Clubs & Organizations

**Section: APPENDIX****Title: MEMBER RECRUITMENT & RETENTION****Finding Prospective Members:**

There are many places on campus to recruit members for clubs, especially within the TSC. After you reserve a space for setting up a table, here are a few tips to help find or recruit club members:

- Connect with friends and acquaintances
- Contact last years' club members to see if they want to be involved again
- Tell your club members to bring a friend to the next meeting
- Find department organizations who share similar goals and set up a meeting to meet with a department employee or student

**Motivating & Thanking Members:**

You have a responsibility to keep your club members involved and motivated. Club members should know and feel that they are making a significant contribution. You should help them see where their task fits into the big picture; help them see that their role is essential. Remember that all people are motivated by something. Your job as club president is to figure out what it is for each club member. You can do this by ensuring club members have:

1. Have had adequate training and understand how to do their task.
2. Have the given tools or resources needed to accomplish it.
3. Have confidence in their ability to perform.
4. Have a vision of how successful their program can be.
5. They are given significant responsibility.

**How to Hold Them Accountable:**

1. Clearly communicate expectations for your club members and have a timeline.
2. Make sure they are willing to abide by the set guidelines.
3. Repeat your expectations if problems arise, you should remind them of their commitment to the expectations as a club member and their role.
4. Have club meetings weekly to follow up with assignments and discuss learning experiences.

### Title: EVENT PLANNING CHECKLIST

If you are a Tier II or a Tier III club, you qualify to reserve space and host events on campus. Tier I clubs may hold meetings on campus in non-reservable space, such as open grass areas or eating areas. If you or your fellow club members are not familiar with planning an event on campus or need some direction on where to start, follow these directions and contact the Student Involvement and Leadership Center for tips on hosting a successful event.

Start by using these six questions and answers (The Six R's):

**REASON.** Why are you planning this event? Do you have a good REASON?

**RESOURCES.** How will you facilitate this event and what RESOURCES are available within your organization?

**RESERVE.** Where will it best take place? RESERVE the best space/venue for your event; learn venue specific policy

**RELEVANCE.** When is it? You will have Better RELEVANCE if you don't compete but collaborate with other organizations.

**REALISTIC.** Who is your audience? Know your scope and be REALISTIC to get maximum attendance and marketing.

**RESULTS.** What will measure your success? Have a clear view of what RESULTS determine the success of your event.

After assessing these questions, you will follow these procedures:

1. If the activity or event is medium-risk or high-risk, you must meet with Chynna Johns (chynna.johns@usu.edu) and USU Risk Management at least three weeks prior to the date of the activity or event.
2. Schedule a space for the event; it is your responsibility to know the policies of the location you have reserved. Event Services will be your primary contact for this in most cases. You can find their contact information at the beginning of this manual. Make sure to loop in Chynna Johns so she can help you get approved for the space and help with other logistics.
2. Budget your finances and resources specifically and carefully; be sure to include the cost of food, marketing, rental, etc. Student Involvement does not pay for events unless club funding was approved before the planning process, so make sure the price of space rental, food, etc. is all considered.
3. Will it be open to the public? How many people are you expecting? Will there be food? Are you charging admission? These are all important questions to get you started.
4. If you plan on serving food, you most likely will need to go through USU Catering if you are hosting in the TSC. They can be scheduled through Event Services also. If you are planning on serving food you make, you will still need to contact Event Services in addition to the Bear River Health Department. Not only will you need food handlers' permits, but a temporary food permit as well. These get more expensive as you get closer to your event, so make sure you get that as soon as possible.
5. Any beverages (including water) sold or given out on-campus must be sponsored by Coca Cola products.
