Academic Support

Academic support is provided in a variety of ways at USU.

**Independent Skill-building:** students can independently seek support to assess and reinforce their skills through the [USU Ready](#) website resources.

**Integrated Support:** student enrolled in several general education courses have access to academic strategies built into them, this includes [Supplemental Instruction](#).

**Success Courses:** when more structured help is needed, students are encouraged to enroll in one of the following courses:

- **USU 1020 – Habits of Mind: Planning for College Success (1 credit)**
  This course focuses on the theory and practice of effective planning, including time management, organizational skills, adult mindset, and motivation.

- **USU 1030 – Habits of Mind: Resilience (1 credit)**
  This course focuses on the basic understanding, development, and practice of resilience skills in order to enhance performance in academic, workplace, and other demanding contexts.

- **USU 1040 – Habits of Mind: Learning for College Success (1 credit)**
  This course focuses on developing academic skills, beliefs, and behaviors for implementation in and out of class.

- **USU 1050 – Habits of Mind: First Scholars Seminar (1 credit)**
  This course is designed for first-generation college students with the primary focus placed on fostering a sense of belonging, providing equity in university access, and facilitating community-building.

- **USU 1060 Habits of Mind: Reading for College Success (1 credit)**
  This course focuses on practical application of strategies and the development of critical thinking skills needed to comprehend and distill meaning from college-level texts.

- **USU 1070 Habits of Mind: Success in STEM (1 credit)**
  This course focuses on assisting students in achieving success in STEM environments, particularly mathematics, statistics, biology, and chemistry. The course focus is to enhance students' ability to recognize and avoid common difficulties in STEM-related areas.

- **USU 1730 Strategies for Academic Success (3 credits)**
  Students requiring more comprehensive support enroll in this course which helps students develop critical thinking, study, and learning strategies necessary for college success.

**Tutoring:** group and individual tutoring are provided through a variety of services and modalities. A list of tutoring options is found at [Tutoring - Student Retention & Completion](#).

**Academic Success Coaching:** when faculty have unresolved concerns about a student’s academic achievement, they should complete the [Student Academic Achievement Alert](#). The Office of Student Retention & Completion will assign a Success Coach to assist the student in connecting with appropriate resources and services.
Advancement & Alumni Relations
The Utah State University Foundation and USU’s Office of Advancement are leading advocates, advisors, and investors who create exceptional gift, engagement, and stewardship experiences for our Aggie Family. Through the power of philanthropy, we promote equity, diversity, and unity; enhance university programs and student experiences; and elevate USU’s mission of learning, discovery, and engagement. We collaborate with campus colleagues to plan effective events, invitations, mailing lists, and other fundraising/alumni activities. We have at least one development officer in every college who leads the fundraising activities for their area(s).

Aggie Blue Bikes
Aggie Blue Bikes works to remove barriers that people face when they make the choice to bike Commute. Aggie Blue Bikes provides rental to faculty for a small fee.

Aggie Chocolate Factory
The Aggie Chocolate Factory provides teaching, research, and outreach opportunities to students, faculty, the community, and chocolate producers. The factory staff and food science faculty strive to provide exceptional opportunities for all to learn about chocolate and its production in a professional and collaborative work and research environment with attention to quality, safety, sustainability, and efficiency. Come visit the café and enjoy our bean-to-bar chocolate in desserts, drinks, and confections. The Aggie Chocolate Factory is located in the restaurant area of the Aggie Blue Square complex, just west of Maverick Stadium.

Aggie Creamery
Ask a student, member of the faculty, or alumnus about favorite memories of Utah State University from its beginning. What started as a butter- and cheese-focused creamery (and we still make delicious cheeses) has evolved into both a large production facility where future food scientists learn and a beloved shop with 28 flavors that have become the “Taste of Tradition” at USU. Made with cream from cows at the College of Agriculture and Applied Sciences’ George B. Caine Dairy Research Farm, Aggie Ice Cream is produced on campus and with Aggie Pride from cow to cone. We are located in the southwest corner of the Nutrition and Food Sciences Building at 750 N. 1200 E. We have a satellite location in the USU Bookstore in the TSC.

Aggie Print
PDP – Aggie Print is committed to achieving the highest level of customer satisfaction by meeting all printing, designing, and promotional needs of Utah State University through delivery of quality products in the most cost effective and timely fashion. PDP - Aggie Print supports the teaching, research, and service functions of Utah State University through the production of all types of print media, screen printing, embroidery, engraving, and promotional products. Working closely with Marketing Communications, PDP – Aggie Print produces materials for on-campus distribution and materials destined for Utah State University’s external audiences. PDP – Aggie Print also operates the Copy Center - Aggie Quick Print in the Taggart Student Center.
American West Heritage Center
The American West Heritage Center sits at the foot of the majestic Wellsville Mountains on U.S. Highway 89/91 in Utah’s magnificent Cache Valley, the most scenic route to Jackson Hole, WY and Yellowstone National Park, and just 70 miles north of Salt Lake City.

Our mission is to create an educational and entertaining environment that inspires our patrons to learn, live, and celebrate the American West Heritage by exploring the diverse cultures that shaped the Cache Valley and surrounding region from 1820 to 1920. Visit us in person or at our [website](#).

Analysis, Assessment and Accreditation
Welcome to the Office of Analysis, Assessment and Accreditation (just call us AAA for short). By gathering and analyzing information about University activities and outcomes, this office seeks to ensure that Utah State University meets and exceeds its goals. Working with stakeholders inside and outside USU, we help establish systems and measures that facilitate and inform continuous improvement. We provide information on USU students, faculty and the University community. Inside this web site you can find organizational charts that will lead you across campus, student course evaluation results, survey results, accreditation information, and much more.

Athletics
In alignment with the mission of Utah State University, Athletics cultivates excellence in all that we do. Our mission is to guide, strengthen, and support our student-athletes as they strive for excellence academically, athletically, and socially. Above all else, we develop graduates, community leaders, and lifelong friends of our university.

Bear River Charter School
The Bear River Charter School (BRCS) is a free public charter school founded in part by USU faculty. The mission of the Bear River Charter School (BRCS) is to provide an outstanding educational and social experience for elementary and middle school students (K-8). We aspire to serve a population that is diverse in learning needs, race/ethnicity, and language background. BRCS provides a positive, dynamic social and educational environment every day. It features an educational program based on the individual needs of each student through a strong focus on basic skills in reading, spelling, writing and mathematics; active engagement in the areas of science, social studies, art, and physical education; a low student-to-teacher ratio; and emphasis on basic societal values of respect, consideration, cooperation and honesty.

Bear River Charter School features:

- 20:1 Student to teacher ratio
- Meeting individual needs
- Direct Instruction
- Science program integrated with field experience
- K-8 art program
Caine College of the Arts

The Caine College of the Arts celebrates the unique power of the arts to illuminate, transform, and inspire the human spirit. We are home to the Departments of Art + Design, Music and Theatre Arts. The Caine College of the Arts has a world-class Visiting Artists and Scholars program and brings nationally renowned artists and designers to campus. We also host hundreds of events per semester, most of which are free for USU students. We seek to make the arts more visible, more innovative, and more fully integrated into the intellectual life of Utah State University and the communities it serves.

Campus Store

Aggie spirit is one of our main priorities, so we offer a 10% discount to all faculty members on Aggie gear purchases 365 days a year. Just show your ID card in-store or use promo code usufaculty at checkout on our website. We also have faculty sales a couple times a year so watch your mailboxes and inboxes for those deals. Another main priority for us is to provide course materials for students with your help. We know it can be a daunting task for faculty to select those materials, but we’re here for you! We can assist by putting you in contact with publisher’s representatives, providing you with additional resources to help narrow down your choices, or helping to assemble and print custom course readers. For more information, please visit us or feel free to contact any of our knowledgeable staff.

Campus Recreation

Campus Recreation incorporates many recreational activities and facilities across USU Campus. For informal recreation, we offer The Aggie Recreation Center, HPER Building, and Fieldhouse which are multipurpose facilities with several activity spaces. These include weight rooms for strength and cardiovascular conditioning, multi-purpose gymnasiums, two indoor jogging tracks, six racquetball courts, an indoor climbing wall, group fitness rooms, locker rooms, administrative offices and meeting spaces, and two pools.

Aquatic Programs provide a safe and inviting environment supported by educated, enthusiastic, and professional American Red Cross Certified Lifeguards and Water Safety Instructors. Aquatics provides a place for physical activity and leisure to individuals with different needs and goals and also educates participants on water safety practices.

Fitness Programs provide integrated programs, resources, and services in order to promote healthy lifestyles, create opportunities for positive behavior modification, and enhance student academic success. Programs and services include group fitness classes, personal training services, weight management and nutrition consulting, workshops, incentive programs, and special events.

Intramural Sports offer participants the opportunity play organized sports in a recreational but competitive atmosphere, learn new sports skills, and have fun with fellow friends and students. The Intramural Sports Program offers a wide variety of team sports, team and individual tournaments, and special events.

Club Sports provide opportunities to participate in competitive and recreational sports and learn valuable life skills in organization, communication and leadership. Club Sports have been established to promote and develop the interests and skills of their members in a particular sport or recreational activity.

Outdoor Programs provides opportunities for outdoor education and leadership experiences through the climbing and bouldering walls, adventure trips, and workshops. Outdoor gear can also be checked out at the Aggie Recreation Center Rental Shop.
Challenge Course provides a fun, educational approach to learning and applying principles to a wide variety of real-world situations in both your personal and professional life.

**Card Office**

The [USU Card Office](#) provides three different types of cards: student, faculty, and spouse cards. These cards give access to different resources on campus as well as the ability to use Aggie Express to pay for campus dining and other services. Enjoy a 10% discount at dining services with your Aggie Express card. We also offer passport services and two types of student charge accounts used to acquire campus materials without having to pay for them up front.

**Care about Childcare**

[Care About Childcare](#) offers resources to families seeking childcare in Utah as well as information on financial assistance to afford childcare through Utah Department of Workforce Services.

**Career Services**

[Career Services](#) supports the development and success of students and alumni throughout their professional careers. The team of engaged career coaches and staff provide services and programming in the areas of career exploration and development, internships and student employment, graduate school preparation and testing, and career employment success after graduation.

**Center for Community Engagement**

The [Center for Community Engagement](#) serves as the campus hub for community engagement, providing diverse student opportunities and institutional vision and direction. The CCE was established in 2013, bringing together the complimentary missions of our six community engagement programs.

These core values are reflected in our partnerships and engagement opportunities:

- Active and informed citizenship
- The inclusion of diverse and underrepresented populations
- Reciprocal partnerships that inform community-driven change
- Critical and reflective thinking
- The public purpose of higher education
- The strong tradition of national service and conservation in American society

**Center for Innovative Design and Instruction**

The [Center for Innovative Design and Instruction](#) (CIDI) helps university instructors and administrators create and maintain high quality learning environments by providing access to practical tools, relevant data, prompt and effective support, consultation, hands-on training, and interaction with peers. CIDI also produces e-learning courseware for a variety of delivery formats in partnership with university faculty and staff.
We also run the Empowering Teaching Excellence Program, which elevates and promotes USU’s culture of teaching excellence through programming that fosters expertise, scholarship, excellence, and collaboration in teaching.

Center for Intersectional Gender Studies and Research
The Center for Intersectional Gender Studies and Research provides a broad range of support to faculty and students who are interested in issues of gender and intersectionality. In addition to our three academic programs for undergraduates, we provide teaching and research fellowships for faculty, event co-sponsorships, and graduate student travel grants.

College of Agriculture and Applied Sciences
The College of Agriculture and Applied Sciences (CAAS) offers more than 80 degree programs and is the home to seven departments: Animal, Dairy and Veterinary Sciences; Applied Sciences, Technology, and Education; Nutrition, Dietetics and Food Sciences; Applied Economics; Landscape Architecture and Environmental Planning; Plants, Soils and Climate; and Aviation and Technical Education. CAAS is also home to Utah’s only vet school, the School of Veterinary Medicine, which is a partnership with Washington State University. The college awards nearly 500 scholarships each year. The mission of the college is to enhance the lives of people through education, discovery, and outreach, which collectively guide the ethical and sustainable use of land, food, water, and economic resources, thereby improving the health and well-being of humans, plants, animals and the environment.

College of Engineering
The College of Engineering at Utah State University is one of the premier engineering schools in the Intermountain West. We are leading advanced research across multiple disciplines including water resources engineering and spacescience engineering. We’re home to the world-renowned Utah Water Research Lab and one of the country’s first academic departments dedicated to engineering education. We foster a creative and inclusive learning environment where students and faculty are empowered with the knowledge and experience to become the leaders who will improve tomorrow’s economy, environment, and society.

College of Humanities and Social Sciences
The College of Humanities and Social Sciences focuses on our lives as humans. What do we remember? How do we coexist? How do we bridge cultures? We offer programs that study literature, languages, history, philosophy, and communication in all its forms, all asking Quales sumus? Who are we?

There are many changes happening at CHaSS. Be sure to check our website as we introduce our new leadership team, give insights

College of Science
USU’s College of Science, which includes the academic departments of Biology, Chemistry & Biochemistry, Computer Science, Geosciences, Mathematics & Statistics and Physics, welcomes you to the university and to Cache Valley. Our mission is to create, share, and apply new knowledge within both our academic and
broader communities, and to train students in an environment that nurtures growth and inspires solutions to societal and environmental challenges.

**Counseling and Psychological Services**
At USU's Counseling and Psychological Services (CAPS), our mission is to embrace a holistic approach to student development by removing psychological, emotional, and behavioral barriers to learning and success.

We work to enhance the university experience for students and promote a healthy environment on campus, preparing students to be self-reliant contributors in the world.

Our staff is committed to meeting the needs of individuals from diverse backgrounds, including differences of culture, ethnicity, gender, gender identity, religion, ability, and sexual orientation. We adhere to policies of equal opportunity and nondiscrimination.

**Disability Resource Center**
The Disability Resource Center works with individuals, faculty, and staff to ensure that students with disabilities can fully participate in University programs, services, and activities. The center helps individuals with disabilities overcome barriers that could otherwise limit their academic, professional, and personal potential. These barriers may be architectural, attitudinal, or related to University programs. The DRC provides direct services and coordinates with other state agencies and University programs to ensure equal access. Students can reach out to the DRC for accommodations and faculty can refer students to the DRC.

**Division of Student Affairs**
The Division of Student Affairs inspires, engages, and challenges students through inclusive, holistic, student-centered programming. The division consists of ten departments:

- Campus Recreation
- Center for Community Engagement
- Counseling and Psychological Services
- Fraternity and Sorority Life
- Residence Life
- Student Conduct and Community Standards
- Student Health Services
- Student Involvement and Leadership
- USU Inclusion Center
- Veterans Resource Office

**Edith Bowen Laboratory School**
Edith Bowen Laboratory School (EBLS) is a K - 6 public charter school located on the campus of Utah State University and is a unit in the Emma Eccles Jones College of Education and Human Services (CEHS). The school has provided quality education for nearly a century to students from all across Cache Valley. The original 1928 site for the campus was the old Whittier School in Logan, Utah. This facility served as a teacher training site for the College of Education until the laboratory school was moved to the campus of USU in 1957 and was formally named Edith Bowen Laboratory School. A new facility was completed on campus in 2004. In 2006, EBLS became a charter school through Logan City School District, renewing its commitment to fostering a diverse, interactive, and inviting school environment where the community of learners extends from kindergartners to adults. The school commits itself to building capable, life-long learners through developmentally appropriate education, applied research, and innovative educational practices.
Entrance to Edith Bowen Laboratory School is determined through random selection. This process ensures that the population of the school is culturally, socially, and economically diverse.

The mission of the Edith Bowen Laboratory School at Utah State University is to ensure high levels of learning for all elementary students by providing a positive and engaging learning environment using effective evidence-based practice; to mentor pre-service teachers through instruction and classroom-based experiences; and to review, conduct, implement, and disseminate educational research.

Emma Eccles Jones College of Education and Human Services
The Emma Eccles Jones College of Education and Human Services is home to eight departments and is committed to providing the best learning opportunities and educational research in the state of Utah. Our programs are strengthened by an on-campus elementary laboratory school and five stand-alone centers, including the Sorenson Legacy Foundation Center for Clinical Excellence. These offer clinical services to the community across the human lifespan and provide students with real-world service and research opportunities. Our college is ranked in the top 3% nationally and #1 in Utah, with over $40 million in external research funding.

Global Engagement and International Education
The Office of Global Engagement oversees and facilitates study abroad programs, immigration advising for international students and visiting scholars, Fulbright programs, and international agreements. We strive to make USU a warm, welcoming, and diverse community of global citizens. If it’s global, contact us.

Honors Program
The University Honors Program creates a cross-disciplinary community of students and faculty brave enough to take Horace’s ancient challenge: Sapere Aude—or Dare to Know. Faculty encourage talented, engaged students to apply to Honors, teach experiential Honors courses, and mentor Honors students in research and creative work, study abroad, internships, and community-engaged learning. With help from their mentors, Honors students shape and articulate the lasting value of their undergraduate experience.

Human Resources
USU Human Resources is the place to go for information on USU jobs, required employee training, benefits, leave, retirement, taxes, and other links to USU campus services or employment resources that affect all USU staff, faculty, and student workers. We also provide new employee orientation where we explain the benefits offered to USU employees.

Information Technology
Utah State University Information Technology provides quality, timely, secure, appropriate, innovative, and reliable information technology services to support the University’s mission of learning, discovery, and engagement. Our talented pool of IT technicians supports students, staff, and faculty at our Service Desk, through requests in ServiceNow, or in computer labs. We help with issues such as online security, websites and design, hardware, software, and working with USU databases or negotiating Banner.
Institute for Disability Research, Policy & Practice

The Center for Persons with Disabilities has a new name and logo! We are now the USU Institute for Disability Research, Policy, & Practice (IDRPP). Our new name and logo represent the next step in the evolution of our organization. From our origins as a local specialized school program, to our work today as a national and international leader in research, training, and services for people with disabilities we have made it our purpose to grow with intention and a focus on improving outcomes.

Over our (almost) 50-year history, the IDRPP has grown into one of the largest UCEDD programs in the nation and is recognized as a pioneer in research, training, technical assistance, and services for children and adults with disabilities, families, and the professionals who serve them. Even though we have changed our name and logo, we remain committed to our foundational values of innovation, inclusion, collaboration, and caring. Our team of skilled professionals and staff will continue to deliver the high-quality work that you have come to expect from us.

Our Mission

We are working together to create inclusive communities and improve the lives of children and adults with disabilities and their families through sustainable innovation, collaborative research, responsive service, and interdisciplinary training and education.

Our Values

- **We Innovate:** We lead by developing dynamic, sustainable, forward-thinking programs and services.
- **We Include:** We demonstrate how to effectively work toward inclusive communities in our planning, programs, and services. We celebrate diversity in ability, race, ethnicity, culture, language, gender, sexual orientation, politics, and religion.
- **We Collaborate:** We forge partnerships. Working together makes us more effective and responsive to the current needs of our clients and communities.
- **We Care:** We do what we do because we care. We are making the world a better place for people with disabilities and their families.

Jon M. Huntsman School of Business

The mission of the Jon M. Huntsman School of Business is to develop leaders of distinction in commerce and public affairs. Its purpose is to be an engine of growth for our community, the state, the nation, and the world, and to enable our students to lead lives of meaning and contribution. With seven undergraduate majors, fifteen minors, six graduate degrees, and a broad portfolio of extra-curricular activities, Huntsman students have a variety of options to develop the knowledge and skills needed for career and personal success and fulfillment. Delivered in a state-of-the-art teaching facility in Logan, and at locations throughout the state of Utah and across the globe, our programs are focused around our four pillars: Ethical Leadership, Entrepreneurial Spirit, Analytical Rigor, and Global Vision.

Latinx Cultural Center

The Latinx Cultural Center at USU provides visibility, community, and recognition for all who are invested in the health, well-being, and success of the Latinx demographic in northern Utah. Currently located in the second floor of the Merrill-Cazier Library, the Latinx Cultural Center hosts and sponsors events that work to educate audiences about issues concerning the Latinx community, as well as to provide representation for individuals who identify with this historically marginalized group.
The Latinx Cultural Center delights in enhancing the University’s mission as a land-grant university, and also to support the cause of inclusion and diversity at Utah State University. Dr. Christopher González, Director, invites you to stop by the Latinx Cultural Center as a part of your welcome to USU!

**Nora Eccles Harrison Museum of Art**

The [Nora Eccles Harrison Museum of Art](https://www.usu.edu/noraharrisonmuseumofart) (NEHMA) is USU’s modern art museum dedicated to serving as an academic resource for students of all disciplines. USU professors and K-12 educators have used NEHMA field trips and classroom visits to teach clothing design, English as a second language, poetry, and STEM, just to name a few.

To request a visit for your class or see how NEHMA can fit into your curriculum, contact Donna Brown, Head of Academic Initiatives at donna.brown@usu.edu or 435-797-0361.

**Office of Equity**

The [Office of Equity](https://officeofequity.usu.edu) works to create a learning and working environment free from sexual misconduct and discrimination through its prevention efforts and by offering support and resources to those who have been impacted by sexual misconduct and discrimination. The office provides information about supportive measures, reporting options, whether you have a responsibility to report sexual misconduct to the Title IX Coordinator, and the investigation process.

**Office of Research**

The [Office of Research](https://www.usu.edu/research) provides operational, training, funding, and compliance support to facilitate a culture of excellence in research, scholarship and creative activity that spans the lifecycle of faculty and students.

**Parking and Transportation Services**

[Parking and Transportation Services](https://parking.usu.edu) welcomes you to the beautiful campus of Utah State University. We hope to make your commute to campus as easy as possible. Our pledge is to make a positive difference in the lives of faculty, staff, students, and visitors of Utah State University through exceptional service. At our website you can buy a permit, pay citations, manage your parking account, get Aggie Shuttle information, find out about game day parking, or learn about accessing motor pool services.

**Police Department and Public Safety**

The [USU Police Department](https://www.usp.usu.edu) includes 12 full-time and 6 part-time state-certified police officers with authority equal to that of any municipal or county law enforcement officer in the state. The department provides a 24-hour dispatch center and a team of student security officers who help keep the campus safe. USU Police are committed to maintaining the highest level of integrity and professionalism. From vehicle jump-starts, vehicle lock-outs, personal safety escorts, building let-ins, crime prevention and investigation, or emergency management, the USU Police Department is here to serve USU.
Registrar’s Office
The USU Registrar's Office is primarily responsible for maintaining accurate student records in a professional and confidential manner. Students can contact us regarding all aspects of their records, personal information, grades, transcripts, graduation, tuition and payments, transferring to and from USU, and USU courses.

Sexual Assault and Anti-Violence Information Office (SAAVI)
SAAVI provides free and confidential advocacy and therapy to primary and secondary survivors of all forms of interpersonal violence including sexual assault, stalking, relationship violence, bullying, and hazing. SAAVI also offers support and resources for those in unhealthy relationships and healthy relationships, and offers anti-violence outreach to the USU campus community.

School of Graduate Studies
The School of Graduate Studies serves as the central administrative body that promotes, supports, and reviews graduate education at Utah State University to ensure consistency and excellence in all graduate degree programs. The School of Graduate Studies works closely and cooperatively with the central administration, the Graduate Council, the Graduate Student Council, colleges and academic departments to provide the best possible intellectual and physical environment for graduate student education.

S.J. and Jessie E. Quinney College of Natural Resources
The S. J. and Jessie E. Quinney College of Natural Resources promotes scholarship and creativity in discovery, synthesis, and transfer of knowledge for the mutual sustainability of ecosystems and human communities in Utah, our country, and the world.

- Encourages critical thinking and collaborative problem solving through debate and constructive criticism while ensuring open exchange and respect for the values and opinions of others.
- Engages a high-quality, diverse and creative faculty, staff and student community, who collectively integrate the biological, physical and social sciences, and who constantly expand their knowledge and skills.
- Educates natural resource and environmental professional and others interested in healthy ecosystems and their value for future generations.

Sponsored Programs Office
It is the mission of the Office of Research – Division of Sponsored Programs at USU to facilitate and stimulate research, scholarship, and creative activities. As part of that mission, the Vice President for Research has coordinated efforts to help faculty identify and pursue promising research opportunities. Core elements of that effort include the Funding Finder Database, NSF Research Experiences for Undergraduates, and international project opportunities through USU Global Engagement. Our mission is to enhance and facilitate research and other sponsored activities by providing the University community with professional and effective administrative expertise in the management of sponsored projects, while preserving the rights and interests of the University, the researcher, the sponsor, and the community.
Statewide Campuses
Utah State University is a state-wide land grant university with Statewide Campuses that aim to open doors to individuals and provide access to a quality education throughout Utah and beyond. Our offices provide resources to students and faculty in order to facilitate academic achievement, personal wellness, career services, and other amenities of USU no matter where you live, inside or outside of Utah.

University Extension
USU Extension provides non-credit education for individuals, families, and communities in Utah through a unique network of offices that serve every county in the state. Extension has 116 faculty and experts who extend the resources and research-based information from USU to Utah communities through live programming and online courses. Program areas include gardening, family finance, relationship education, food safety, emergency preparedness, agriculture, natural resources, and youth programs. Extension also operates the 94-acre USU Botanical Center in Kaysville, the Ogden Botanical Garden in Ogden, and the Swaner EcoCenter in Park City. Extension has programs that have been named Best of State winners for 3 consecutive years.

University Inn and Conference Center
Surrounded by the majestic Rocky Mountains, the University Inn is nestled into the beautiful campus of Utah State University overlooking charming Cache Valley in Northern Utah. When you stay at the University Inn you're just a few steps away from all Logan campus facilities and events. Our unique campus location allows you to connect and collaborate with global researchers and our dynamic students.

Whether visiting Logan campus, conducting business in Cache Valley, hosting your next conference, or just dropping by to see what we're all about, we invite you to experience our warm hospitality, comfortable lodging rooms, flexible meeting spaces, and personal customer service. We offer three types of rooms: Classic Room with two queen-size beds, Deluxe Suite with one king size bed, and the Grand Suite, with a king-size bed and abundant space.

University Libraries
While USU Libraries provides access to millions of resources (including almost 2 million print books and journals, 7.6 million e-books, 480,000 government publications and over 60,000 electronic journals), we are also here to serve you. Take advantage of our instruction services such as research design help, subject-specific online learning materials and one-on-one consultations by contacting your subject librarian. Access the Libraries’ Digital History Collections and Digital Exhibits to find unique historical items and University research, and visit our Special Collections and Archives to learn about regional and university history. Place your own scholarship into our Institutional Repository for broader worldwide access. Access help with your research data through Research Data Management Services. We can help you find low to no cost materials that fit your course by utilizing Open Educational Resources and save students money. You can also request a documentary or view our streaming services.

University Marketing & Communications
In University Marketing and Communications, we are committed to telling the USU story by ensuring that USU’s land and space-grant mission and values are collectively shared in ways that elevate our reputation
and highlight our significant impact on communities around our state, intermountain west, the nation, and the world.

Our mission is to strengthen, amplify, and safeguard the Utah State University brand while fostering a culture of collaboration with college and departmental communicators and marketers to articulate our university-wide strengths.

**USU Inclusion Center**
The mission of the [USU Inclusion Center](#) is to create an inclusive and affirming environment for students. We achieve this by implementing effective programming that supports the academic, cultural, and social experiences of students from diverse backgrounds. We partner with faculty, staff, and students to design activities that foster an acceptance and deeper understanding of difference. We also provide leadership for positive change that creates a campus and community environment that respects and embraces diversity, equity, and inclusion. Our programs include: Adult Learner, Gender and Sexuality, Indigenous, Multicultural, and Women and Gender. We also offer scholarships, provide resources for advocacy and support, and partner with campus and community on training and events.

**Utah Agricultural Experiment Station**
The [Utah Agricultural Experiment Station](#) (UAES) is part of a network of researchers and facilities at the nation’s land-grant universities, and is committed to improving agriculture and natural resources for the people of Utah. Experiment station research provides the science-based information used by Extension specialists and others to assist people and policymakers in every state in the nation. At research facilities on the Utah State University campus and throughout the state, the UAES supports hundreds of research projects conducted by faculty in several USU colleges. The mission of the UAES is to generate knowledge and new technology for improving the diverse system of agriculture and natural resources that feed, clothe, house, and enhance the environment for people in Utah and beyond.

**Utah Public Radio**
[Utah Public Radio](#), a service of Utah State University, broadcasts news, information, public affairs, and cultural programming 24 hours a day. Located in Logan, Utah Public Radio is heard by listeners across Utah and in Southern Idaho via a network of six full-power HD-enhanced stations and 30 translators. More than half of Utah’s population resides within the station and translator network coverage area.

The station commenced operation in 1953 as KVSC, the Voice of the State College. The call letters changed to KUSU-FM in 1961 to reflect the transition from Utah State Agricultural College to Utah State University. Utah Public Radio is Utah’s oldest non-commercial, educational radio service.

Utah Public Radio is a member of National Public Radio (NPR) and an affiliate of Public Radio International (PRI) and of American Public Media (APM).

**USUSA – Student Involvement and Leadership Center**
The [Utah State University Student Association](#) (USUSA) represents every student at USU. Under the advisement of the Student Involvement and Leadership Center at USU, elected student leaders work with the student body and the administration at the university level to host events, campaign for student-centric initiatives, and advocate for students at USU.
