How do I get into Banner (ACCESS)?

You can log in through the my.usu.edu student portal by typing in your A-number and password. If you do not know your A-number or password, refer to the next question. The Student ID Number is the brand new A-number which no longer requires the use of your Social Security Number, and the password is assigned upon admission to the university. You can reset your password or recover your Student ID Number at id.usu.edu. If you require additional assistance to acquire your password, please contact the Computer Help Desk for assistance at 435-797-HELP (4358).

$(document).ready(function(){$('#content .main-content > .row').wrap('');});
