How do credits transfer if I am seeking a Second Bachelor’s Degree?

All general education will be waived with an awarded bachelor’s degree from a USHE (Utah System of High Education) institution. If you have earned your bachelor’s degree at a regionally accredited non-USHE transfer institution, all general education will be waived except for the BAI if an equivalent course has not been completed. Any credits used in obtaining the your first bachelor’s degree are not eligible to be used for the your second bachelor’s degree. Any prerequisite fulfillments or other exceptions must be addressed with the your USU academic advisor.
