

Dear Student Veteran,

On behalf of Utah State University, I thank you for serving your country. You have undoubtedly made sacrifices and faced hardships unknown to most students. USU welcomes our veteran's invaluable experience and knowledge into our diverse campus community.

USU would like to assist you in your successful transition from military service to campus life. The Veterans Resource Office (VRO) has been created to provide such assistance for you. When you need any information about USU, VA benefits, or any other types of information, the VRO can assist you in finding the answers. The VRO provides opportunities to meet with other student veterans like yourself. This is *your* office, and your input can shape what the VRO becomes. Please visit the office as well as their comprehensive web site:

USU has many other departments and individuals who are particularly interested in helping veterans adjust to civilian and campus life, and below are two of them. Student fees and tuition cover these services, and they welcome the opportunity to be of assistance to you.
