

This Email was sent on 3/20/2020 to all Licensed Center, Family Child Care and Residentially Certified Programs on the Care About Childcare Facility Database. (There were 20 programs that this was not sent to as they are already working with OCC.)

Care About Childcare

Hello Carrie,

The Office of Child Care (OCC) recognizes that COVID-19 has impacted many child care programs in Utah and is asking for your help to understand the current status of child care throughout the state.

Please complete the short survey linked below about your child care program. If you completed the survey sent a few days ago, we ask that you respond again so we can accurately collect up-to-date information on the status of programs. If you provide child care in more than one location, please complete the survey for each site.

This information is incredibly valuable to better understanding the options currently available to parents, particularly those who are essential critical infrastructure workers. Thank you for your time and participation. We ask that you complete the survey by the end of the day Sunday, March 22.

Thank you,
Utah Office of Child Care

Please note that if you unsubscribe from this email, you will be unsubscribing from all emails sent out by URPD, CAC and OCC. This would include emails relating to grants, childcare subsidy and professional development. Please contact your local [CAC office](#) with any questions or concerns about emails you receive.
