Care About Childcare

Dear Carrie,

In our efforts to work toward the Early Learning goal of the Utah School Board of Education's [strategic plan](#), we have determined we need to have a better understanding of the preschool landscape in our state. We have created [this survey](#) to collect the necessary data. This data will be used as we make future decisions and advocate for preschool funding in Utah. Please take 10-15 minutes to complete this survey. If you have a question regarding the survey, please contact me or Teresa Davenport. We need to do all we can to ensure accurate data.

The question on dosage may cause confusion. You do not need to list every session offered, rather the different session models offered to parents in regards to length of time in the classroom. Please Click [HERE](#) for an example on how to list dosage.

Please only take this survey if you offer a Preschool program.

To take the survey, [click here.](#)

Again, if you have a question regarding the survey, please contact me or Teresa Davenport. Thank you for your time!

Sincerely,

Jessica Smith

Preschool Specialist | Teaching and Learning
